

OREGON SHOTS WIN RIFLE TEAM PLACES

Arthur Christianson and Karl Neuhaus Are Successful.

CADETS ARE TO GO EAST

Twelve Oregon Agricultural College Men Qualify in Sharpshooters' Course at Presidio Rangers.

PRESIDIO OF SAN FRANCISCO, Cal., July 26.—(Special.)—Two Oregon men were successful in winning places on the rifle team of 14 men which will compete in the national rifle matches at...

The 50 cadets who made the highest scores in their range practice week and the week before were chosen for the finals. Each man fired a course of 20 shots three times, the ranges being 200 yards slow fire (prone), 200 yards rapid fire (sitting), and 500 yards slow fire (prone).

Winners Are Announced.

The men who made the team are as follows: Pelton Taylor, Pomona college, 420; Archie L. Tower, Los Angeles college, 420; Clifford Martin Jr., San Francisco high school, 416; E. G. Poindester, University of Washington, 416; Fredrick K. Beutel, University of Washington, 416; Sherman R. Burdick, University of Washington, 416; Roy Turner, University of Washington, 416; Gerald T. Gouin, New Mexico college, 416; William L. Hains, Loyola college, 408; V. R. Peterson, Boise high school, 408; Kenneth C. McArthur, Los Angeles college, 407; Arthur Christianson, Oregon agricultural college, 403; George W. Hansen, Whitnitty college, 403 (alternate); and Karl F. Neuhaus, Oregon agricultural college, 403 (alternate).

The members of the team are to remain at the Fort Barry rifle range for three days of special instruction and practice, and will leave for the east immediately upon their return to the Presidio. Lieutenant-Colonel Walter Moore has been chosen by the camp commander, Colonel E. A. Murphy, as team captain, and Major Clarence L. Tinker as team coach. Lieutenant John K. Cannon will be in command as quartermaster and supply officer.

The team will travel to New Jersey and return at the expense of the government, and will begin the national matches about August 15. Over 60 men in the training corps camp qualified for sharpshooters, and of these a possible 150, and out of the 482 cadets shooting, 294 made better than this record, while 180 more made the equivalent of marksmen, which requires 110 out of a possible 150.

Advanced Company Makes High Score.

Company H made the highest average score with an average of 119.36 points, against 117.72 made by Southern California boys of company E. Twelve Oregon Agricultural college men made the equivalent of sharpshooters in the practice shooting. They are: Arthur Christianson, Moro, Or.; Robert A. McClamban, Astoria; Otto L. Cantrell, Rich, Or.; Eugene Keller, Newberg; Marlen McCart, McMinnville; Karl F. Neuhaus, Corvallis; Robert H. Watt, Bay City; Frank E. Moser, Marfield; Orval M. Bodie, Bay City; Lee M. Durham, Corvallis; Eugene L. Freeland, Sheeh, Or.; and Earl A. Hutchings, Corvallis.

NORTHWEST ATHLETES WIN

Oregon Boys Command Leaders in Presidio Soldier Sports.

PRESIDIO, San Francisco, Cal., July 25.—(Special.)—With cadets of company H, composed of advanced college students in the reserve officers' training corps camp, in command, the regiment put on a track meet and baseball game here this afternoon. Regular army officers in charge of companies turned their commands over to the cadets, 20 of them Oregon Agricultural college men, and became spectators while the field events were in progress. Company F, commanded by G. H. Wilson, University of Washington, assisted by L. H. Tutill and F. B. Sweeney of Oregon Agricultural college, came out first with a total of 17 points. The events included a 75-yard shuttle relay race, 100-yard dash, 100-yard three-legged race, running high jump, running broad jump, equipment race and a long rope race by the entire companies.

After the track meet, a seven-inning baseball game was played between the 1st and 2d battalions of cadets, with advanced college students in charge of the teams. Brown of Boise High school, Boise, Idaho, captained and caught for the winning 2d battalion in the game which ended with a 7-4 score. He is opposed by Willard of Oregon Agricultural college, the teams being evenly matched.

BELGIANS JEALOUS OF FLAG

Patriotic Societies Protest Use of National Colors by Germans.

BRUSSELS.—Belgian patriotic societies are forming to take action to prevent the Belgian republic from adopting the Belgian national colors—black, yellow and red—for its flag. Intense indignation is manifested, and this is a bit heightened by the plan that the colors in the new German emblem will be disposed of horizontally instead of vertically.

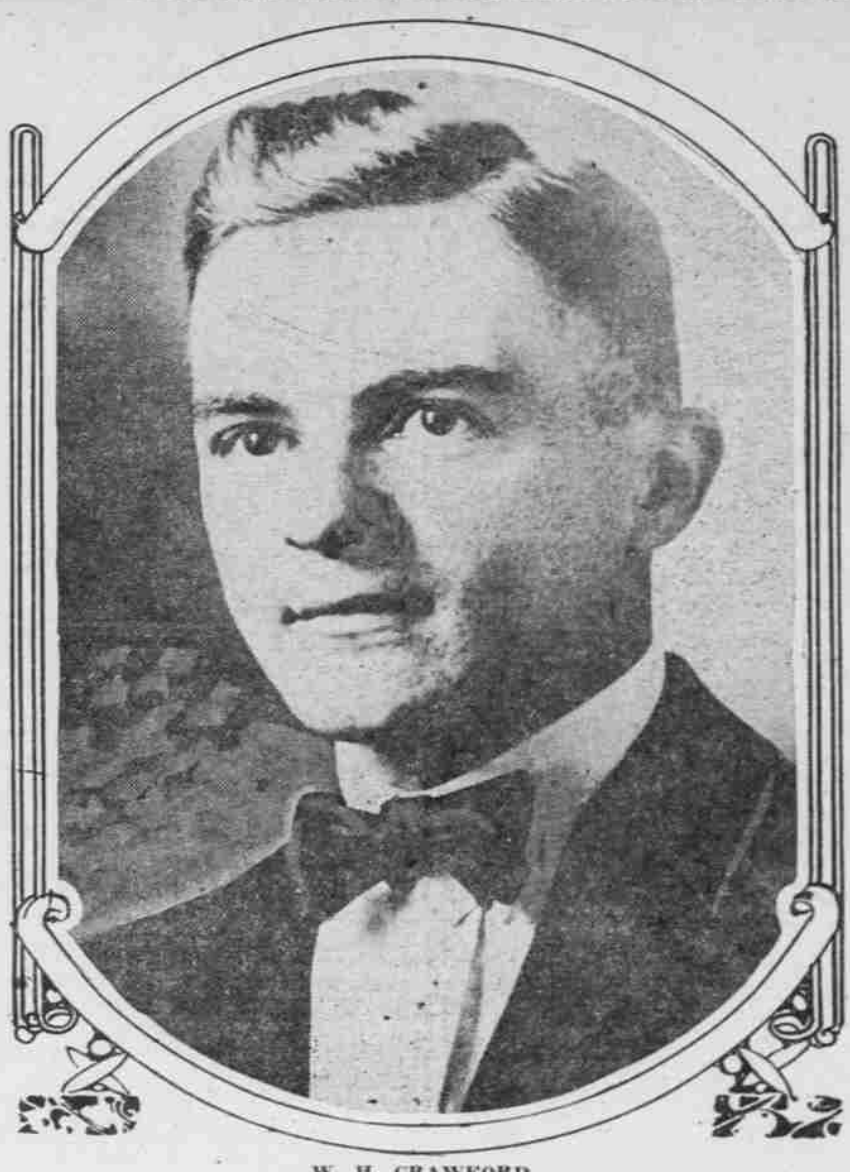

It is generally supposed that the Belgian colors of today were chosen by the patriots of 1830, but the revolutionists of that year merely took for themselves the black, yellow and red which had been legendary in Flanders and the Brabant since the middle ages.

The princes of Flanders bore on their arms a black lion on a field of gold, and those of Brabant a golden lion on a field of black. The trappings of both were red. From the thirteenth century, therefore, the Belgian colors have been black, yellow and red.

An argument against the use of the colors by the Germans is that the Belgians have actually employed the black, yellow and red horizontally in their emblems—notably in their mercantile flags—so they consider they still have a priority on that disposition of the colors as well as the vertical use. The horizontal bars were adopted by the patriots who overthrew the Austrians in 1789. In 1830 the first flag to fly from the Hotel de Ville in Brussels was the horizontal-barred black, yellow and red.

The Belgians scorn the plea of the Germans that they have the right to use the colors because of their use by the ancient German empire, of which Austria was the center. They assert that the confusion resulting from their employment by Germany as well as Belgium of the black, yellow and red would be embarrassing to the nation which had fought four years to keep its colors unswayed.

EXPERT ACCOUNTANT WANTED IN PORTLAND FOR \$5000 FORGERY

W. H. CRAWFORD

\$5000 FORGERY CHARGED

W. H. CRAWFORD, ALLEGED WIFE DESERTER, INDICTED.

Fugitive Auditor Hunted Secretly Since July 8—Pinkerton Men Say Arrest Is Soon.

(Continued From First Page.)

wanted in Arizona but had no warrant for his arrest. That was on a Sunday, and at 10:30 that night Crawford secured an attorney, Thomas G. Ryan, who roused Circuit Judge Morrow in the night to sign a writ of habeas corpus. The following Monday morning an effort of District Attorney Evans to quash the writ was fought out before Presiding Judge Stapleton, and Ryan won. The victory was brief, for as Ryan and his client left the courtroom Crawford was rearrested by Inspector Pat Moloney on a telegraphic warrant, just received from Phoenix.

At first Crawford threatened to fight extradition, but at last surrendered and was taken to Phoenix by Deputy Sheriff E. A. Smith of that city.

Prediction for Slugg.

Crawford is a small, self-assertive individual with a loud voice and predilection for vivid slang. He came to Portland early last January from Seattle, where he had been working for the Washington-Portland Cement company. He was employed as extra for a few days in the office of John Y. Richardson & Co., public accountants, and later took over the work of auditing the books of Wakefield, Fries & Co., being employed there about three weeks. He had left their employ when he was arrested.

The blank checks were not missed, so that the United States National bank had not been notified to watch for any forgers when it received a telegram from the Tucson bank early in June asking if Wakefield, Fries & Co. were good for \$5000. The bank replied that it could not certify to a check by wire, but that the concern was well able to pay out such an amount. When the check finally arrived through the clearing house, it is reported that the bank tellers noted nothing wrong, the most prominent signature, that of D. W. Wakefield, president of the company and one of the bank directors, being of unquestionable validity. As soon as the bank statements were made out the forgery was spotted.

Checks Cleverly Removed.

The checks taken were in a leaf of the firm's check book and had been cleverly removed so that the book appeared untouched, though the discrepancy in serial numbers would have been discovered if checked up.

Crawford came to Portland with good recommendations, most of them from firms in Arizona, in which state he had made his home for the greater part of five years. One letter was from Governor Hunt of Arizona. When he was arrested for wife desertion, he maintained that it was part of a political plot, a frame-up of his enemies to discredit him because of a role he had played in a gubernatorial campaign. Dispatches from Arizona indicated that nothing was known there of any political connections of the prisoner.

Soft Drink Makers Sued.

The Celro-Kola company filed suit in the circuit court yesterday to restrain the American Soda Works, proprietors of which are James G. Paturus and Louis Hristic, from adopting the trade-marked name of Ruby Mist, used by the plaintiffs, for any of their product. It is maintained that an inferior imitation is being bottled and called by the trade name of the Celro-Kola company.

PORTLAND GIRL WHO LEAVES TUESDAY ON HER WAY TO JAPAN FOR SEVEN YEARS' SERVICE AS MISSIONARY.

Miss Virginia Mackenzie

Glassware and Crockery for Monday. Dinner Sets of 42 pieces... \$9.75. Fancy Stone Teapots priced only... \$6.00, \$1.25, \$1.90. Large White Cups and Saucers; each... 20c. The Glass Queen's Tea Set, 20c. Glass Vases for only... 25c.

GIRL REALIZES AMBITION

MISS VIRGINIA MACKENZIE BECOMES MISSIONARY.

Portland Young Woman Leaves Tuesday for Japan to Take Up Life Work.

Fulfillment of a lifelong ambition will be the departure Tuesday of Miss Virginia Mackenzie on her way to Japan, where she will do missionary work. For years Miss Mackenzie has looked forward to the time when she could go into the foreign field, another woman's dream.

She will be in Japan for seven years' service before a furlough is granted. She is being sent by the Presbyterian board of foreign missions of the United States, under the women's north Pacific board, as a representative of the Westminster church. She will leave for San Francisco Tuesday and will sail on the Korea Maru August 2.

Miss Mackenzie, who is the daughter of John Mackenzie of this city, was born in Scotland and came with her family to Portland about 11 years ago. She was graduated from the Lincoln high school and Reed college and was assistant in the departments of classics and English at Reed for two years. A year ago she was principal of the Sandy school further fitted her for work as a teacher, to which she probably will be assigned.

Miss Mackenzie is the sister of Lieutenant Aeneas Mackenzie of the 8th Seaforth Highlanders, who, after fighting on the Atras front, was imprisoned for 16 months in German camps, and of Lieutenant George F. Mackenzie, who was in service at Camps Lewis, Pike and Sherman.

A conference for outgoing missionaries was held in June at the board building in New York city, which Miss Mackenzie attended. She is one of 123 who will sail soon for various stations in all distant parts of the world. After visiting college classmates in the east, Miss Mackenzie returned to Portland to say adieu to her friends and to leave here for her seven years of continuous service.

FRANCE THANKS ALASKANS

Marshal Joffre Pays Tribute to Soul of American Womanhood.

FAIRBANKS, Alaska.—Marshal Joffre has written Mrs. J. Harmon Caskey, Fairbanks, president of the Alaska committee for the fatherless children of France, thanking her and other Alaskans for contributions sent from here to help the French boys and girls whose fathers died in battle.

"The splendid respite obtained by yourself and devoted collaborators do not surprise me," the marshal's letter said. "To well do I know the soul of American womanhood, vibrating with a magnificent ideal of justice and goodness, full of love for France and compassion for the suffering of her people."

"Better than anyone else have I been able to appreciate how great and good was your work. Be, madame, my interpreter to your compatriots. Tell them, assure them that each orphan is a young French subject saved in some instance from death and in every instance from dire want and unhappiness. Tell them also that France, whose territory is less than one-third the area of the territory of Alaska, has alone lost more than one million and a half soldiers on the field of battle and that all its resources are still being used.

"Thus shall they better comprehend how efficacious have proved what they have done and how great the task which yet remains to be done.

"To them, to your collaborators, and to yourself especially, madame, in my own name and in the name of the French soldiers dead on the field of

15th YEAR IN PORTLAND

DR. E. G. AUSPLUND, MGR. My Practice is Limited to High-Class Dentistry Only.

Quality Counts in Dentistry!

—the human mouth demands the best materials and the most expert workmanship. It is hard for the average person to realize the tremendous stress and strain that is put on dental work in the act of masticating food.

The Price Is Never Right If the Quality Is Wrong

—what you pay for in dentistry is not so much gold or so much porcelain, silver, etc., but for SERVICE. That is, you want good, sound "CHEWING POWER," and dental work that will not only last for years, but will add to your appearance and give satisfaction in many ways for the rest of your natural life.

—if you paid 50c for a gold crown and did not get satisfaction, you would be stung. If you paid ten times as much and got SATISFACTION, you would be getting your money's worth and more.

—cheap dentistry, cheaply performed by cheap hired help with cheap materials is an utter waste of good money.

—good dentistry, expertly done by graduate and licensed operators, who have the finest instruments and most modern equipment at their hands and who are given the finest materials known to the profession to work with—that kind of dentistry is a PAYING INVESTMENT.

NATURE PLATES AND BRIDGEWORK

The Nikk-Marr Laboratories are located at No. 7, 56 1/2 Washington street, in the Selling-Hirsch building, where those preparations may be secured.—Adv.

Electro Painless Dentists

IN THE TWO-STORY BUILDING Corner Sixth and Washington Sts., Portland, Or.

Free Trade Campaign Waged.

LONDON.—A big free trade campaign is being waged in England by liberal party leaders. Among the speakers are H. H. Asquith, former prime minister; Lord Crew, Lord Beauchamp and Sir Donald Maclean.

Russian War Brides Few.

ARCHANGEL.—So far as ascertainable from consular reports, only seven American soldiers in North Russia have taken Russian war brides.

Miss Leila Shaw

Miss Shaw, who has been appearing at the Fantages the past week, closing with tonight's performance, is one of the most beautiful and attractive women on the stage, besides being an exceptionally clever comedienne.

Miss Shaw uses and enthusiastically recommends the famous Nikk-Marr Toilet preparations and she always enjoys visiting the Nikk-Marr Laboratories during her engagement in Portland.

The Nikk-Marr Laboratories are located at No. 7, 56 1/2 Washington street, in the Selling-Hirsch building, where those preparations may be secured.—Adv.

DON'T GIVE WAY TO DESPONDENCY

Don't lay your lack of energy, your attacks of "blues," your loss of endurance to age. You are probably run-down, that's all. Too close an application to business, or a yielding to worries. You need something to give you a new start—to build up your system again. Proud's Portolive Tonic will be found splendid for this purpose. It restores the natural functions to the organs, adds energy, renews the strength, increases the appetite, aids digestion, builds good healthy tissues and enriches the blood. You will be surprised at the improvement a 30-day course of this wonderful nature tonic will make in your outlook on life. Purely vegetable. Energizes immediately. Strengthens permanently. Indorsed by physicians. Sold by druggists.—Adv.

"Every Patient Must Be Absolutely and Forever Satisfied"

Open Nights

—is the motto of this office. Of the thousands of patients who have had their dental work done here in past years, I HAVE NEVER REFUSED to make good any complaint, REGARDLESS of whether it was OUR fault or the patient's. I never argue—the patient is ALWAYS RIGHT.

Electro Painless Dentists

IN THE TWO-STORY BUILDING Corner Sixth and Washington Sts., Portland, Or.
