WOMEN SET NEW RECORD

Sales of Victory Loan Bonds Surpass Expectations.
WASHINGTON.—Some high lights on the national woman's liberty loan committee are:

It was the first national woman's committee ever named by a cabinet member to have equal privileges with any other bureau of the department.
It recruited, educated and organized 800,000 women from every walk of American life who had never thought before in terms of stocks to become efficient bond salesmen.
It will release on July 15 one of the most highly specialized corps of women public servants ever equipped by the government.

It reached its highest quota percentage in Delaware during the fourth liberty loan, when the women sold 128 per cent of the allotment for that state.
It reached a 67 per cent quota for a state even in the fifth loan, months after the armistice was signed. The women of the state of Washington sold that much of the state's quota for the victory loan.
Announcement was made this after-

Use Cocoon Oil for Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multifield cocoon oil shampoo (which is pure and entirely greaseless) is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.
You can get Multifield cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months—Adv.
