### COLLEGE HEAD TAKES LEAVE

PRESIDENT PENNINGTON WILL DIRECT FOX MOVEMENT.

Pacific Institution Expects to Profit by Fox Tercentenary Friends' Campaign.

NEWBERG, Or., July 26 .- (Special.)

NEWBERG, Or., July 26.—(Special.)

—Pacific college expects to profit greatly by the George Fox tercentenary movement which is being inaugurated among Friends and to the leadership of which President Pennington has just accepted the call, taking a year's leave of absence from his active duties at the head of the college.

This movement, which is similar to the centenary movement among the Methodists and the new era movement among the fresbyterians, is named in honor of the founder of the Friends church, George Fox, who was born in 1624. By 1924 it is hoped to have the forward movement completed so that a great celebration of the George Fox tercentenary can be celebrated throughout the five years' meeting, the central body of Friends in America.

Pacific college is well prepared for the work of the coming year. Nearly all of the former members of the faculty are to remain, and a strong man will be secured as acting president during the absence of President Pennington. Professor F. W. Perisho will be femainder of the summer.

The college recently has received a number of substantial financial con-

The college recently has received a number of substantial financial contributions, in addition to more than \$7000 raised as a war-time deficiency fund during the year. Prospects are bright for a large enrollment at the opening of the first semester, September 15.

### Y, M. C. A. PLANS VACATIONS

REAL HOLIDAY OFFERED AT REASONABLE COST.

Many English Families Given Opportunity for Enjoyment at Sea Coast Resorts.

LONDON, July 1.—(Correspondence of the Associated Press.)—Americans who find the cost of vacations so high that they cannot afford this year to go to the mountains or seashore will be in-terested in the way in which the Young Men's Christian Association is attempt-ing to solve the problem in England. Seaside profiteers have made the va cations so expensive for the average English family that thousands who be-fore the war sought recreation on the east coast of England were mable to do so this year. The hotels have jumped

their prices to unheard of figures.

The Y. M. C. A. is offering these families bed and breakfast in the sea-coast resorts at \$4.20 a week for each person and it proposes to furnish the nurses and accommodations for children. dren so that mothers can have a real

holiday.

To accomplish this the association rented a liotel at Felixstowe and another at Southend and established a tent camp at Herene bay, equipping them with such furniture as it was able to quickly obtain. All valuables must be left at home and only old clothes can be worn.

No charge is being made for children less than one year old and reduced

No charge is being made for children less than one year old and reduced prices are quoted for those of less than eight years. This permits a family in ordinary circumstances to enjoy the holiday season at much the same price as prevailed before the war.

Young Men's Christian Association leaders are planning to extend their vacation accommodations to other shore resorts and to use for this purpose two military camps.
