

BORAH ATTACKS TAFT AND PEACE LEAGUE

Scheme to Deceive American People Is Charged.

IDAHO FRIENDS INFORMED

"Ex-President Should Stop Practices, and Keep Names From Contempt," Declares Senator.

BOISE, Idaho, July 26.—(Special).—In a statement sent to friends in this state, Senator Borah openly attacks William Howard Taft for his attitude with regard to the league of nations and the campaign carried on by the League to Enforce Peace of which Mr. Taft is an active member.

League Is Attacked. In his statement Senator Borah says: "We have an organization in this country called the League to Enforce Peace. That league is industriously organizing public opinion in this country for the purpose of effecting ratification of the treaty, and a very large portion of the material which it sends to the senate is unreliable. It is misrepresentation of the facts and the men who send it here are in a position to know it is a misrepresentation of the facts."

Senator Borah says he has in his possession the evidence of three different instances in which resolutions were put through under the management or inspiration of the league. He referred to the resolution, in one instance, passed by the Federation of Catholic Alumnae at St. Louis endorsing a league of nations. He shows by a communication he received from Ada K. Gannon, governor of the 1912 convention at Chicago that the resolution was not intended as an endorsement of the league.

Statement Held False. The communication says in part: "The statement made that the International Federation of Catholic Alumnae in convention at St. Louis endorsed the present form of the league is entirely incorrect. I am personally responsible for an amendment to the resolution sent to us for adoption by the League to Enforce Peace. The amendment carried unanimously endorsing a league which would give justice and freedom to all the world and preserve against the covenant in its present form."

There are other instances in which the League to Enforce Peace sent abroad resolutions which were an endorsement of this league and they were changed," writes Senator Borah, "and a league to accomplish certain things was endorsed and sent out as an endorsement of this league. There are hundreds of thousands, and even millions of people who believe that a league can be framed which will accomplish justice and which will insure peace, and the same hundreds of thousands of people believe that this league will not do that, and therefore they are opposed to it."

Scheme Is Denounced. "I denounce the scheme as a deliberate program to deceive the American people. It is well worthy the organization, backed by, as it is, interested financiers of the United States, who for selfish purposes, would make this government underwrite its investments in Europe. The United States ought to do, if he wishes to preserve an honored name from contempt, in either to put an end to such methods as is now being carried on or withdraw his name from the organization."

Republican leaders in Idaho are greatly interested in the demand Senator Borah made for a referendum vote of the people on the league covenant's adoption or rejection, which, although it would not be binding on the senate, would give a clear idea of public sentiment on this mooted question.

UMATILLA HARVEST IS ON

WHEAT CROP MAY EXCEED 4,500,000 BUSHELS.

Labor Scarce in Some Districts and Experienced Men Find Immediate Employment.

PENDLETON, Or., July 26.—(Special).—Umatilla county's wheat crop, from all appearances, will total at least 4,500,000 bushels. In average yield per acre and weight it is better than last year. The farmers have one complaint about this year is worse than for many years. Sections formerly exempt are now affected.

Harvest is in progress in every section of the county now, but in only one district—the Echo-Nolln country—is it well under way. There about 40 per cent of the wheat is harvested. Help has become somewhat scarce and experienced warehouse men and machine hands find little difficulty in obtaining immediate employment.

A considerable quantity of wheat has been shipped to coast mills, but none for eastern markets and none for export. It is reported that some sales have been made here at a recent premium, offered by millers who are anxious to get grain for early delivery in order to start operations.

Returned Kelso Soldier Married. KILSO, Wash., July 26.—(Special).—At the home of Rev. C. B. Latimer of Raymond, a former pastor of the Kelso Presbyterian church, Russell Carothers and Miss Cecile Hanakovic, popular young people of Kelso, were united in marriage Thursday. Mr. Carothers was a student at the University of Washington when the war started and enlisted in the coast artillery, going overseas with the 52d artillery. His bride was formerly a student at Whitman college.

Kelso Soldier Home With Bride. KILSO, Wash., July 26.—(Special).—Corporal Raymond Easton, son of Mr. and Mrs. C. D. Easton, Kelso's first soldier overseas, is home with his French bride, who was Mademoiselle Marcella Dargin, whom he married in France March 10.

ELMA FAIR PLANS ARE MADE

RECORD EXHIBITS EXPECTED AT GRAYS HARBOR SHOW.

Special Prizes Offered for Competition by Children at Events to Be Held August 27-31.

ABERDEEN, Wash., July 26.—(Special).—With the best horse racing prospect in years and with unusual interest manifest in livestock and produce exhibits, the directors of the ninth annual Grays Harbor fair, to be held at Elma, August 27 to 31 inclusive, are confident of staging the best ever.

As a special inducement to horsemen, prizes of \$100 will be awarded each day for turf events.

The Grays Harbor track is being placed in the best of condition. Interest among farmers is much higher this year than during any of the war period and the exhibits, from early indications, will be twice as large as last year.

A special department has been arranged for the display of bees and honey, a new and thriving industry in the Grays Harbor section.

The entertainment features of this year's fair will be in the hands of a big carnival company, and a large space will be given over to dancing. To encourage farming among the children of the county, the Aberdeen Chamber of Commerce is offering prizes amounting to \$150 to boys and girls.

CENTRALIA SOLDIERS HOME

Several Who Have Seen Service in France Are Discharged.

CENTRALIA, July 26.—(Special).—Henry Ort, son of Mr. and Mrs. O. O. Lieutenant Charles A. Hoss, who got a 15-day furlough following his recent arrival from overseas, has received his discharge at Camp Lewis.

Joe Egler of Rochester and Ben Palmer of this city, two other boys who went to France in December, 1917, with company M, 161st infantry, have been discharged.

ST. HELENS RANGER KILLED

Rolling Boulder, 3 Feet in Diameter, Crushes Ralph John Walker.

KELSO, Wash., July 26.—(Special).—The first fatality on Mount St. Helens in a number of years occurred Friday, when Ralph John Walker, forest ranger, aged 32, was fatally injured by a rolling rock, death coming a few hours later. With a companion he was carrying supplies up the mountain to the lookout station on the summit. They saw the rolling boulder and

watched its descent. Suddenly it struck an obstruction and turned in their direction, crushing young Walker, whose legs were broken and who sustained internal injuries. The boulder was about three feet in diameter.

The lookout was signalled and the two rangers carried the injured man over the snow five miles to Spirit Lake, but death came before medical assistance could arrive from Castle Rock. His parents reside at Oswego, Or., where the body was sent for interment.

CENTRALIA TO GET TEMPLE

Masonic Lodge Will Erect Temple on Donated Site.

CENTRALIA, Wash., July 26.—(Special).—At a meeting held last night by Centralia lodge No. 63, F. and A. M., plans were launched for the erection of a Masonic temple in Centralia. Shriners of the city have purchased the property at the southeast corner of Pearl and Magnolia streets, and have presented it to the Masonic body as the site for the new temple.

At the meeting last night the lot was accepted and C. Paul Uhlmann, R. H. Johnston, W. E. Keir, W. W. Gaylord and V. B. Noel were appointed as a committee to arrange for the financing of the new structure.

The lot presented to the Masons is 60x120 feet in size and the building, as proposed, will occupy all of this space. It will be either two or three stories in height. It is planned to begin construction early in the spring of 1920.

MARSHFIELD IS BOOMING

Building Construction Going On Is Estimated at \$150,000.

MARSHFIELD, Or., July 26.—(Special).—Building and other construction work is at its height in Marshfield and idleness is not found in any city in the county. The Scandia Shipbuilding company is executing two large street paving contracts, on Elrod avenue and Broadway, which involve an expenditure of \$100,000; the Donaldson brick block is nearing completion; the Grimes brick block on Front street is under way and the three-story Elks' building, 100x100 feet, will soon be ready for bidders.

A brick two-story business block 50x100 feet is to be constructed on Broadway and the two-story Oswald brick block at the corner of Broadway and Commercial street is going up.

The new structure represent a value of \$150,000.

HOQUIAM PLANS MONUMENT

\$75,000 City Hall Proposed in Honor of Service Men.

HOQUIAM, Wash., July 26.—(Special).—The building of a \$75,000 city hall as a monument to the veterans of the civil war, the Spanish-American war and the great war, with a portion dedicated to ex-service men, is the plan suggested by Mayor Ralph L. Philbrick at a meeting called Thursday night by the Soldiers' and Sailors' league. Mayor Philbrick said the building could be erected on the bonding plan. Prominent business men and women declared themselves heartily in favor.

Strike Closes Mill Near Toledo. CENTRALIA, Wash., July 26.—Employees of the Hyde & Baker mill, near Toledo, went on strike this week when their demand for a wage increase of 30 cents a day was denied. The mill had shut down. The plant has a contract for furnishing lumber for the new Pacific highway bridge at Toledo and it is feared the strike, unless settled speedily, will hamper the construction of the bridge.

Cannery Being Erected. WHEELER, Or., July 26.—(Special).—Mr. Dimick, a representative of the Featherstone Products company, Cornelius, arrived in Mohler Wednesday with a crew of carpenters and began the construction of a building 40x80, to be used as a cannery. Work will be rushed on the structure so that machinery can be installed in time to handle this fall's berry crop, which will be very heavy.
