

FORD NOW IS FREE TO WORK OUT PLANS

Announcement of New Type of Flivver Expected.

HE GETS MINORITY STOCK

\$75,000,000 Deal Puts Dodge Bros. Out of Ford Motor Company; \$250 Cars May Come.

DETROIT, Mich., July 30.—Unusual interest will attach to the publication of the annual statement of the Ford Motor Car company at the end of the fiscal year, July 31, when it is believed that some sort of an announcement will be made regarding the proposed new car, plans for which Henry Ford made public in Los Angeles last winter.

Dodge Brothers, original stockholders in the Ford company, bitterly opposed Ford's expansion policy, as well as his annual price reduction policy, and won their point in the matter of dividend distribution through their suit against Mr. Ford.

Those whose stock was acquired are John P. and Horace E. Dodge, each 1000 shares, for which they received \$1,500,000 on an original investment of \$10,000, besides benefiting to the extent of approximately \$10,000,000 in previous dividends.

Some surprise was expressed over the fact that Mr. Couzens did not dispose of his holdings, but it is known that although he held a difference of opinion with Mr. Ford in certain matters when he retired from the company, in the main, he has approved of the Ford policy.

It is hinted that the company may be able to bring out a car cheaper than the amount named in Mr. Ford's Los Angeles interview, which was placed at approximately \$250, but this intimation cannot be verified.

Some surprise was expressed over the fact that Mr. Couzens did not dispose of his holdings, but it is known that although he held a difference of opinion with Mr. Ford in certain matters when he retired from the company, in the main, he has approved of the Ford policy.

Fred W. Donnerberg, former Jimmylegs in navy, where he made reluctant sailors "hit the deck" at reveille, now chases hurry calls for the gas company on Excelsior motorcycle.

SERVICE GARAGE OPENED

IT'S OWNED AND OPERATED BY THREE EX-SERVICE MEN.

All Three of Them Have Real Records of Service in France, Be It Likewise Noted.

"Real service by ex-service men" is the slogan of the Service garage, recently opened at 351 First street, by C. B. Brown and William R. Singletary, who have just returned from two years of military service, 18 months of which, in each case, was in France.

It is also a Spanish war veteran, being one of the first Americans to enter Manila when that town fell. For five years following this service he was a captain in the Oregon national guard.

William R. Singletary went overseas as a truckmaster of motor truck company 22, motor supply train 408. For several months he was in command of 30 Packard trucks operating in the base section No. 1 area.

It took the Tanks to show Europe how to get results out of motor equipment. During the preparation for the St. Michel and Argonne offensives, the French placed a freight embargo on a

THIS IS THE FAMOUS THERMOID CHLORIDE COMPOUND TIRE AND MEMBER OF FIRM THAT HANDLES IT HERE.

Robert E. Allen of the Allen & Hebard company, with a 35x5 Thermoide, which is sold with a positive guarantee, "it makes good or we do."

ANOTHER FEDERAL BRANCH

Tire Company Establishes House in Oklahoma City.

As a further indication of business expansion, the Federal Rubber company of Illinois announces the establishment of a distributing center in Oklahoma City, Okla.

The Oklahoma City warehouse augments the Kansas City branch. A converter for Oregon, has just received a letter from the Federal tires and accessories will be maintained, thus assuring prompt delivery throughout the territory.

But now comes the Pennypacker top converter for Fords, which makes it possible for any Ford top to be converted into a one-man top at slight expense.

O. J. Hull, 534 Washington street, who is distributor for the top converter for Oregon, has just received a large shipment of them and is ready to convert any Ford top.

It is the only chain that can be put on when the wheels are mired down in the mud. A sales organization is now being formed to cover the hardware and automobile accessory trade.

NEW TIRE CHAIN INVENTED

Much Claimed for Attachment That Doesn't Need Jack.

A quick detachable, non-skid tire chain that is said to be the first tire chain improvement in 17 years has been patented by the Bear Manufacturing company, Rock Island, Ill.

It is the only chain that can be put on when the wheels are mired down in the mud. A sales organization is now being formed to cover the hardware and automobile accessory trade.

Gasoline Logie.

A simple but frequently forgotten precaution in regard to filling the gasoline tank is that the mouth of the gasoline can should be carefully wiped off before filling to remove any dust or dirt that may have lodged there.

GOODBYE, OLD MR. HORSE

Arizona Auto Stage Line Example of Modern Trend in Country as Well as City.

When a Detroit newspaper recently printed a news item to the effect that, "A horse-drawn vehicle was seen this afternoon on Woodward avenue," Detroiters thought it rather clever and secreted themselves on the ultra-metropolitan atmosphere it indicated had come over their fair city.

The Bisbee-Douglas stage line, for instance, out in Arizona has abandoned the time-honored four hands of horses in favor of high-powered auto buses which are just as much up-to-the-minute as the finest cars on Detroit's boulevards.

Moreover, the cost of transportation by auto records, tried all kinds and finally settled on the Fisk cord tire as most serviceable under the rigors of rapid cross-country travel.

On tires, for example, they have kept accurate records, tried all kinds and finally settled on the Fisk cord tire as most serviceable under the rigors of rapid cross-country travel.

FORD OWNERS, SEE THIS

O. J. HULL WILL MAKE A ONE-MAN TOP FOR YOU.

He Does It by Means of Pennypacker Top Converter, Simple and Inexpensive Device.

Anything that will diminish the inconvenience of driving is sure to command attention, and it's pretty safe to say that most Ford owners have longed for the elimination of unsightly and inconvenient uprights and bows.

But now comes the Pennypacker top converter for Fords, which makes it possible for any Ford top to be converted into a one-man top at slight expense.

For the past few years he has lived in Salem and Portland and just previous to entering the automobile accessory business was with the Blumauer-Frank Drug company.

When a big crack develops in the crank chamber there is but one cure, which must be administered by a firm specializing in welding.

A CRACKED CRANK CHAMBER

One Cure Possible Is to Weld Parts Together.

MIRACLE OIL

IN YOUR GASOLINE LUBRICATES THE UPPER PART OF YOUR MOTOR; 25% MORE MILEAGE POSITIVELY GUARANTEED

Used and Endorsed by the U. S. Gov't

TESTIMONY OF KNOWN EXPERTS

From Mr. DAVID BUICK, founder of the BUICK MOTOR CAR CO. and inventor of the Overhead Valve Motor: "I would not be without MIRACLE OIL in my cars, as I find a much smoother running motor, with a great saving of gasoline."

From Mr. Carlson, Mgr. PACKARD SERVICE at PACKARD PLANT, DETROIT: "Your theory of UPPER LUBRICATION is absolutely correct, and we find through the use of MIRACLE OIL a much smoother running motor, a big saving in gasoline and no carbon troubles."
