

### BRITONS CONSIDER COLONY IN MEXICO

Equipment of Airplanes and Arms Is Proposed.

### SOLDIERS ASKED TO JOIN

General Critchley and Native Landowner Are Reported to Be at Head of Scheme.

LONDON, Sept. 13.—(Special Cable).—Mexican officials here are much concerned over a proposed scheme of colonization in their country by a British expedition at whose head is Brigadier-General A. C. Critchley of the royal air force and a Mexican named Del Rio, both of whom arrived from New York on the last eastward trip of the Aquitania.

The scheme has been conspicuously featured in the British press. It is said that General Critchley has been trying to get British officers as well as men from the ranks to join him. It was learned today by the World correspondent that the Mexican authorities have asked Scotland Yard to look into the affair. There have been applicants for enrollment in the venture.

General Critchley promises to explain his plans next week to those who wish to go with him. It is said the party will be equipped with airplanes and arms.

**Land Confiscation Reported.**  
Del Rio, on whose estate the colonization is projected, is reported to be the son of one of the largest land owners in Mexico. The story goes that some time ago President Carranza confiscated 1000 acres of the estate because it had been used as a hide-out.

In order to enter Mexico legally the expedition must have Mexican visas, and American visas also will be required should the party pass through the United States. The World correspondent hears that the American authorities have been closely watching developments.

A press account of a recent meeting, at which the allurement of the project were set forth, says the speakers asserted that arms and ammunition would be taken along in quantities because the big Del Rio estate abounds in game. Incidentally it was disclosed that occasional fighting might be necessary with rebel bands.

Mexican officials say the consent of the Carranza government must be had to take arms and ammunition into the country, and that the government is prepared to protect all properties for which protection is sought.

The World correspondent has been unable to locate General Critchley, but is informed by one of his friends who is conversant with the scheme that it would be foolhardy for Englishmen to go into Mexico unarmed.

### ELKS UNDERTAKE BIG JOB

STATE ASSOCIATION TO CONDUCT WAR STAMP DRIVE.

Lodges of State to Be Organized Into Active Sales Agency—About \$5,000,000 to Be Raised.

The war savings stamp campaign in Oregon has been placed in the hands of the Oregon State Elks' association, an organization with 15,000 members. This announcement was made jointly yesterday by Edward Cookingham, director for the war loan organization in Oregon, and Harry G. Allen, president of the Oregon State Elks' association.

Some weeks ago the attention of Mr. Allen was called to the fact that the government has been forced to retrench to such an extent that it would be impossible to maintain an organization sufficient to handle this campaign.

In conformity with a resolution adopted by the Elks at their annual convention at Atlantic City last July, in which the active support of Elks in the government thrift stamp campaign was pledged, Mr. Allen accepted a communication to Mr. Cookingham, tendering the services of the state association in raising Oregon's quota.

Cookingham immediately accepted the offer and turned the entire campaign over to the Elks, saying that with the Oregon Elks sponsor for the drive, he was confident of its success.

The plan is to organize the Elks throughout the state into an active sales agency, using the banks for collection of pledge cards. Every organization, and every man, woman and child in the state will be asked to purchase as many war savings stamps as possible as an investment. In addition to thrift stamps and certificates, the government is offering treasury saving certificates in denominations of \$100 and \$1000.

Oregon's quota for 1919 is \$5,500,000, of which nearly \$2,000,000 has been subscribed. War savings societies and schools probably will subscribe an additional \$2,000,000, leaving approximately \$1,500,000 in stamps and certificates to be disposed of by the Elks.

### RHEUMATISM

A Home Cure Given by One Who Had It  
In the spring of 1898 I was attacked by Muscular and Inflammatory Rheumatism. I suffered for three weeks. I know for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me. I have given it to a number of my friends and have seen even bedridden Rheumatism, and it effected a cure in every case. I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Send me a few cents and I will send you my name and address and will send it free to try. After you have used it and it has proven itself to be that long looked-for means of curing your Rheumatism, you may send the price of it one dollar, but, understand, I do not want your money unless you are perfectly satisfied. It is sent through the mail. Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 9217 Gurney Bldg., Syracuse, N. Y.
