DR. THOMPSON IS PRAISED

Portland Pastors' "Y" Work Detailed by "Foyer and Hut."

Foyer and Hut, published in Seattle by the Y. M. C. A., has in its latest issue, among other stories of Portland men and women who served with distinction in the red triangle forces in France, the following concerning Dr. D. A. Thompson, of this city.

"Rev. D. A. Thompson, pastor of the Mizpah Presbyterian church, Portland, Or., is a man we want to mention in connection with Turney hut. When he first got to France he wanted to go to the front.

"'They brought the front to me, however,' he said, and by that he meant that thousands of wounded and gassed Yanks were sent to the great base hospitals at Bordeaux and he had a part in helping them.

"You can get an idea how the boys liked him when we say that the 'Y' operated a hut in base hospital No. 6 for 10 months before the Red Cross were ready to take over the work and they petitioned for him to stay on the job. Rev. Mr. Thompson has recently returned to Portland, wearing three gold stripes, all earned in the same camp in Bordeaux. His work is typical of what hundreds of 'Y' men and women did in France, many of them too old to march in the ranks, but not too old to suffer privations and give up the pleasures of home to do their part."

IRVINGTON.

The
"Security Savings and Trust Plan"
for
Creating an Estate

The estate of the average business man consists of:

(a) his investment in his business;
(b) his home, clear or mortgaged, as the case may be;
(c) whatever outside investments he may possess;
(d) his household goods and personal effects.

Too many men depend solely upon their occupations for income and profit.

It should be the aim of every man to create for himself an income-producing estate.

Then, when business conditions are good he is assured *two* incomes—one from his business and one from his Estate.

During business depression he has the income from his Estate to fall back upon.

While conceding the desirability of owning an independent Estate, many men look down upon it as an achievement beyond possibility.

The Security Savings and Trust Company believes it is quite possible for the average man to create with comparative ease, an independent Estate.

It has devised a PLAN for doing so. The plan is easy to initiate and follow. It is fully explained in our booklet, the "Security Savings and Trust Plan" for Creating or Enlarging an Estate.

Ask for the booklet in person, by mail or phone.

The Importance of Looking Successful

It is particularly necessary for a young professional man—doctor, lawyer, architect, engineer—to have a successful looking office. And doubly necessary when he has become famous.

The young man must make his clients believe that he is going to be successful. Otherwise they will have no confidence in him. Prominent professional and business men have their prestige to protect.
