

**PATHE PHONOGRAPHS
CAN BE BUILT HERE**

\$5,000,000 Contract Reported
Now Available.

INDUSTRY IMPORTANT ONE

Manufacturers, Now Overtaxed,
Want Subsidiary Plant to Operate
for Export Business.

George W. Lyle, assistant to the president of the Pathe Freres Phonograph company of New York and Paris, yesterday authorized Sanford Lowenberg, manager of M. Sells & Co. to contract for the manufacture of \$5,000,000 worth of Pathe phonographs in Portland for export to South America and other foreign lands. M. Sells & Co. are Pathe distributors for the northwest.

Authorization was given Mr. Lowenberg after Mr. Lyle had personally investigated local port facilities and made inquiries which satisfied him that the phonographs could be manufactured in Portland and shipped direct to the foreign trade.

Before leaving for the east last night, Mr. Lyle expressed the opinion that arrangements could be speedily made for the manufacture of the instruments and indicated that the big order would not be the last one placed in this city, if local capital or manufacturers were undertaken the work. In this connection it was said that the Pathe company would send expert instrument makers to Portland to assist in directing the manufacture of machines and would see that Pathe motors and other equipment are supplied.

Industry Important One.

If arrangements can be perfected the establishment of such an industry would make Portland the big talking machine manufacturing center of the Pacific coast and would add hundreds of thousands of dollars to the city's payroll.

"It is a splendid opportunity for industrial Portland," said Mr. Lowenberg last night, "and the city should be proud that an international company such as Pathe Freres should select Portland as a base for the manufacture of its instruments. If we are able to place the contract in Portland, the port will benefit through the advertising that the export of such an immense flow of machines would give."

In this connection Mr. Lyle explained that the company has definitely decided to place a big contract somewhere in the northwest, its eastern factories are working to the limit and yet are unable to supply present demands.

Advertising Campaign On.

This is particularly true of the American plants, which have just been instructed to supply not only the American business, but the demands of the South American and British trade as well. In addition the company has just started an advertising campaign in America and the big publicity push is expected to roll up considerable business.

Due to the fact that M. Sells & Co. sold more machines in their territory than any other distributor in proportion to population they were allowed a heavy share in the huge appropriation made for the advertising of Vincent & Vincent of Portland was given authority to carry on the campaign in the northwest. Mr. Lyle was much impressed with the conditions he found in Portland and declared that this region is in for a long period of prosperity. As for the talking machine industry he summarized it in one sentence—"The industry is second in magnitude or to the automobile industry, and is growing."

HUNS TO FIGHT, IS VIEW

EARLY RESUMPTION OF WAR IS PREDICTED.

L. P. Morrow, Back From France, Reports England and Japan Hurting U. S. Interests.

"If President Wilson would tell the American people the plain truth on his tour through the country, he would tell them to prepare for war." Such was the statement made yesterday by L. P. Morrow, 1192 East Taylor street, who has just returned from the war zone, where he had been stationed for nine months as a Knight of Columbus secretary. He said Germany is not conquered and will resume war in a short time.

England and Japan, Mr. Morrow said, are spreading propaganda to injure American commerce, especially in the far east, both nations seeing in America a dangerous rival on the seas.

Conditions in Belgium are better than Mr. Morrow had expected to find them, except in that certain locality that bore the brunt of the German invasion. American products have been received in large quantities and the crops this year have been enormous. In Germany, along the Rhine, people are prospering, he said.

Opposition to the league of nations, Mr. Morrow said, is based upon the belief that treaties drawn at the peace conference are defective and not a proper foundation for a league such as is proposed.

Mr. Morrow went to Europe last December with the 27th Infantry, and on arrival was transferred to the construction department of the Knights of Columbus. He was stationed at Le Mans, and during the nine months he was abroad visited many of the historic points of that sector.

Wasco Fair to Provide Fun.

THE DALLIES, Or., Sept. 27.—(Special.)—Ample amusement is to be provided at the annual Wasco county fair, which will be held here for one week beginning October 13, according to Chairman Rice, in charge of amusements. The Greater Alamo shows have been obtained. Two bands will play and dances will be held every night. Exhibits are being gathered and there is every indication that the fair this year will break Wasco records.

Gamblers Robbed of \$200.

CHEHALIS, Wash., Sept. 27.—(Special.)—Last night at the McCormick Lumber company's logging camp a masked robber with a pistol held up a poker game, securing \$200 cash from players. No arrests were made and no clues were found.

Hemstitching 10c yard; also button holes, tucking, pinking, shrinking, braiding, etc. Booth's, 223 Morgan bldg.—Adv.

**The Cheney
Orchestral Chambers**

A Distinct Contribution
To Music

The fundamental acoustic principles of the pipe organ have been adapted to the phonograph in the Cheney Orchestral Chambers.

Those chambers in the organ pipes which have made the pipe organ so rich and full add their mellow sweetness to tones as the Cheney reproduces records.

It is a wonderful advance in the art of reproducing music. Connoisseurs assure us that the series of exclusive inventions embodied in the Cheney constitute the greatest improvement since phonographs were invented.

Surely they have placed the Cheney in a class apart with tones of unrivalled clarity and purity.

Cheney Period Cabinets in regular and art models are masterpieces, the pride of the most talented furniture craftsmen in the country.

OREGON GIRL ON "FORCE"

**MISS BERTHA DORRIS NOW IS
NEW ORLEANS "COP."**

Experience as Parole Officer and at Eugene Proves Valuable in Handling New Job.

UNIVERSITY OF OREGON, Eugene, Sept. 27.—(Special.)—Miss Bertha Dorris, who pioneered the way here a few years ago by utilizing her university course to prepare herself for the new profession of policeman, is now in charge of a department in the New Orleans force according to an extensive account of her activities in a recent number of the New Orleans Item received here. After completing advanced courses in sociology and receiving her M. A. degree from the university, Miss Dorris became for some time police matron of Eugene. From this department she was called into the service of the state at Salem, where she became parole officer attached to the Oregon industrial home for women. Since Miss Dorris has been in New

Miss Bertha Dorris, University of Oregon girl, who is now policeman on New Orleans force.

OREGON GIRL ON "FORCE"

Orleans she has been in charge of police cases affecting women which she endeavors to handle wherever possible without making them a matter of police record. In 10 months she has had 415 office interviews with women in trouble, and together with her first assistant has made 771 calls and investigations. They have settled out of court 121 cases which otherwise would have resulted in arrests, thereby blocking the probability of reform.

BUGLARS FOOL MARSHAL

Cottage Grove Lured by False Alarm From Robbery Scene.

COTTAGE GROVE, Or., Sept. 27.—(Special.)—Burglars "put one over" on Marshal Pitcher, the man whose "hunches" have resulted in making him a reputation as a man-getter. Yesterday morning about 2 o'clock the fire bell tapped once, a signal that the marshal was wanted. He could find no one who had put in a call, and concluded that the electrical apparatus had gone off accidentally. A

HALF MILLION IS WANTED

PUBLIC WORKS DEPARTMENT ESTIMATES NEED.

Requirements for Coming Year Almost Double Amount Used Last Year, According to Report.

A total of \$516,174.48 is sought by the department of public works for its operations next year. This figure is almost double the amount used during the last year, but it is explained that the city faces the largest construction programme next year since 1910.

No provision is made in the budget for the municipal paving plant, as the city council appropriated \$25,000 for it several months ago and when more money is necessary call will be made on the general fund.

Bureau	Personal Service	Supplies
Commissioner of public buildings	\$14,468.00	\$ 4,585

Grand total	\$516,174.48	\$100,710

WRECKED SAFE IS FOUND

Looted Strong Box Left Near Top of Kings Heights.

With door blown open and all contents removed, a small safe was discovered yesterday at the top of Kings Heights in a seldom traveled spot to which there was scarcely room for an automobile to drive. Sheriff Hurlburt was informed of the find by a man named Montgomery, calling from 531 Alder street, and Deputy Sheriff Mollenhour went to the scene.

Part of a woman's skirt, used to muffle the sound of the explosion, was the only clue left near the wrecked safe. Though not identified last night, it is supposed to be the same safe that was stolen from a moving picture theater at Second and Morrison streets several weeks ago.

ARMISTICE DAY PLANNED

Meeting of Patriotic Organizations May Be Called.

Portland will celebrate armistice day which falls on November 11 of each year. Mayor Baker has conferred with officials of the American Legion, the war loan organization of Oregon and other patriotic organizations and will shortly announce committees to take charge of the programme. It is probable that a mass meeting will be held in the auditorium, in which all patriotic organizations of the city will be asked to participate.

Chinatown Cleanup Ordered.

ASTORIA, Or., Sept. 27.—(Special.)—The circuit court grand jury at a special session today addressed a letter to the city council calling upon it to "clean up" Chinatown by removal of barricades, trappings and signaling devices in the Chinese gambling dens.

SAVATION ARMY GETS \$1000 Gift.

TACOMA, Wash., Sept. 27.—(Special.)—H. F. Alexander, president of the Pacific Steamship company, today contributed \$1000 to the Salvation Army home relief fund.

A. M. JERMAN IS MARRIED

Miss Marie Chittenden of Salem Bride of Marion Hopman. Miss Marie Chittenden, stenographer in the state supreme court at Salem, was married yesterday to A. M. Jerman, prominent Marion county hop grower, in Stevenson, Wash. Mr. and Mrs. William P. Lord of Portland and Mrs. Maude Chittenden, mother of the bride, were witnesses. Miss Chittenden had been stenog-

At All Drug and Country Stores. Humphreys' Homeo. Medicine Co., 156 William street, New York.

RUPTURED? TRY THIS FREE

Wonderful Invention Sent on 30 Days' Trial Before You Pay.

Simply send me your name and I will send you my new copyrighted rupture book and measurement blank. When you return the blank I will send you my new invention for rupture. When it arrives put it on and wear it. Put it to every test you can think of. The harder the test the better you will like it. You will wonder how you ever got along with the old style cruel spring trusses or belts with leg straps of tortures. Your own good, common sense and your own doctor will tell you it is the only way in which you can ever expect a cure. After wearing it 30 days if it is not entirely satisfactory in every respect if it is not easy and comfortable—if you cannot actually see your rupture getting better and you are not getting any relief—merely a question of time—just return it and you are out nothing. And, if you do not pay for it until you are satisfied, you will tell your ruptured friends of this great offer. We refer you to our headquarters in Kansas City, EASYHOLD CO., 248 1/2 North Main, Kansas City, Mo.—Adv.

I Give Only the Best Dental Service

My Methods Are Tried and Proven

More than 20 years ago I commenced the practice of my profession in Portland and I am not ashamed to meet any patient who has patronized me during that time.

In fact, most of the people who came to me in past years still come when they need any dental service.

This means satisfactory service or they would have gone elsewhere.

I don't claim to be the only dentist in Portland possessing a thorough knowledge of the profession, but I do claim to give as good results as any dentist in this city.

I have never exacted exorbitant prices in any case, always being satisfied with a very reasonable fee.

Middle-aged or elderly people who need plates are given special attention at this office and all of their work is performed with a gentleness and skill that prevents any unusual disturbance of the nerves.

And then the plate when finished fits perfectly, a great comfort and satisfaction.

In all branches of dental work you can make no mistake if you entrust me with your work.
