Brotherhood. By Grace E. Hall,

Whence came intolerance, condescension, patronage? Of what descent, and on what claims es-

Why the glow of indignation when one of less pretentious mien but ventures to intrude upon the attention of the self-estimated autocrats? Came they then to earth by more favored route than I? Were those from whom they came of greater worth than those whose name I bore? And why?

rchance Dame Fortune smiled be-nignly on forbears, who early followed the trail-blazers to new and untried fields; Perchance mere circumstance has in-terceded and brought results most unexpected and stupen-

But once again I query-why the condescension, the patronage, the assumed superiority? man-made medium of exchange then, to be the entree, and its lack the exit, to "better" soci-And again, why? Oh, how foolish is this superficiality, this self-aggrandizement based on tinsel that shall be taken

away at the yawning grave nceding that another shall be hap-pily, fortunately circumstanced by birth - how great, then, should be his thankfulness, his

charity, toward those less ch man by Nature's methods was endowed with life; each one by Nature's methods shall be deprived thereof. All wander un-known paths toward unknown destinations; range fates exist but to confuse,

and everywhere is pain and struggle and labor: one at last shall but yield up his hoarded store and sink to oblivion beneath the sod he once so proudly trod, the idel of the living day, passes, with the fading life, into

new ownership, there to find new uses and new outlets, ac-cording to the individual bent deals and purposes of the onetime possessor are forgotten or ignored. But one thing is cortain in each man's life; that he who lives it shall die why, I ask again, the conde-sciension, the patronage, the self-apportioned importance

o'er untried trails, clasp hands, mingle affections, and urged by the exigency of self-preservi ress forward, a united whole, to ward a common end, made the more tolerable by a cheerful, joyous passage;

Rather should men, marching blindly

frusting, as they may build their faith on evidence, that the one who gave the life-spark in the beginning of time husband these sparks in the great forever awaiting, that not one jut or tittle shall be detracted from the immeasurable light eternal.

ADELIA.

Last night in my flower garden, when ers breath, by the silvery moon

made light,
There came n my flower garden,
there softly and silently came. A lady more fair than has ever been seen, like a ahining sliver flame. She sang a soft, sweet melody, as she her vigil kept,

face turned to the skies, looked again, and swear I saw Adelia's blue, blue syeat But all too soon the morning broke.

and she was there no more; She is gone," I said to my aching beart, "Twas a dream and nothing more. Yet ver the flowers and brambles caught and was lying on the
