

HIRAM JOHNSON IS FIGHTER OF REPUTE

Senator Opposing League Long Active in Politics.

PRESIDENTIAL BOOM IS ON

Attention of Europe Is Drawn to California Son, Who Will Speak in Portland Tuesday.

Hiram Warren Johnson, United States Senator from California, will visit Portland Tuesday and speak at the municipal auditorium, has developed into a national figure in the past seven years, and within the past few months has become an international figure.

California have been kind to this native son and have conferred on him about all the honors they could give, and in addition they have in the past and even now are advocating him as presidential timber.

Presidential Boom Is On

In California there is a well-defined Johnson-for-president boom. It is being conducted in a systematic manner. There have been agents of this boom in Oregon to work up sentiment here for the combative Senator.

Following this Johnson became a candidate for Governor and in a red-hot campaign he was elected for the 1915 term, and was re-elected for 1915-19 term. While serving his first term he became a national figure by assisting in organizing the progressive party in Chicago and being elected as the running mate for Roosevelt in the campaign of that year.

As candidate for vice-president on the progressive ticket Johnson's name became a household word. He was endorsed in the hearts of the republicans who bolted their party to follow Roosevelt. When the progressive ticket was defeated Johnson's name was not on the wane, but it was predicted then that he would be a candidate for president again.

Next Governor Johnson was elected to the United States senate, winning, as usual, after another strenuous fight, for everything that Johnson has received in a political way has come through battling. Unlike most members of the United States senate, Mr. Johnson did not sit and listen during his first term. He soon began to take a hand in things. There were big problems before the nation and Senator Johnson had his own ideas on these subjects and he took the country into his confidence.

League Strenuously Fought. Next Governor Johnson was elected to the United States senate, winning, as usual, after another strenuous fight, for everything that Johnson has received in a political way has come through battling.

LANE "BUZZARDS" THRIVE. Unfortunates Stuck in Mud Are "Soaked" When Pulled Out. EUGENE, Oct. 4.—(Special).—That the "Lepidoptera" highway between Portland and Yoncalla is the worst stretch of main road between Portland and the California line was the statement yesterday of J. W. Tixley, formerly rural circulation manager for the Morning Register, now in the life insurance business.

SCHOOLS TO GET NURSING

RED CROSS PLANS TO INTRODUCE COURSES.

Miss Letha Humphrey to Direct Work in Girls' Trade School Tomorrow.

Home nursing will be a part of the curriculum of the future high school girls in Portland, according to plans of the Portland chapter, American Red Cross.

According to Miss Jane Doyle, secretary of the bureau of nursing activities of the chapter, instructions in home nursing and care of the sick has become vital to every mother and to every young woman who may in the future have the responsibilities of a home.

Arrangements have been made to introduce nursing into the curriculum of the Girls' Trade school tomorrow, when Miss Letha Humphrey, registered Red Cross nurse, will begin with five periods a day devoted to the nursing work.

It will be impossible to introduce the nursing course in the high schools until February, Superintendent D. A. Grant advised Miss Doyle, but it is highly probable that an opening will be found at that time. The services of the school instructor

Miss Letha Humphrey, Red Cross nurse, returns from overseas, who will conduct nursing courses in trade school.

tors are being furnished and their salaries paid by the Portland chapter. The equipment required is furnished by the Junior Red Cross.

Miss Doyle will address the convention of the Federated women's clubs here before noon, October 13-14, discussing the essential character of instruction of this nature and pointing out the willingness of the chapter to undertake it.

\$5000 Damage Suit Dismissed. ASTORIA, Oct. 4.—(Special).—The case of Matt Stanovich against

DON'T NEGLECT YOUR BREAKFAST

The Fear of Indigestion Often Prompts One to Start the Day Wrong. Eat What You Like, Take a Stuart's Dyspepsia Tablet And You're Safe.

Breakfast offers many of the most savory dishes of all the things we eat. And yet more people than otherwise go without breakfast save a roll and a cup of coffee for fear of indigestion. If you like a fried egg, or some buckwheat or sausage for breakfast go to it and follow with a Stuart's Dyspepsia Tablet. You'll have no trouble. The average person who neglects breakfast will be hungry before noon. Most men smoke to kill the appetite, or munch on something to carry off their stomach. An empty stomach under these conditions is not storing up energy, but on the contrary, it is susceptible to many influences that may work hardship for the next meal.

RED CROSS SCHOOL SET

TRAINING INSTITUTE TO OPEN HERE OCTOBER 27.

Notable List of Lectures Is Announced; Miss Margaret Creech Arranging Plans.

Plans for the first American Red Cross home service chapter course were announced yesterday by Miss Margaret Creech, executive secretary of Portland home service.

The training institute will begin October 27 at Red Cross headquarters in the Gasco building. It will last four weeks, with an average of three and one-half hours' sessions for five days in each week.

An appeal for those interested in social work to enroll for the institute was made by Miss Creech. It is expected that after graduation recruits will donate at least a part of their time to the work of the Portland chapter.

A notable list of lectures has been announced. Among those already arranged are a series by Stuart Rice, educational director of the northwestern division, American Red Cross; six lectures by Dr. Franklin Thomas, director of Portland school of social work, University of Oregon; two lectures by Dr. E. C. Robins, professor of economics at the university; a lecture by Henry Grant on "Social Hygiene"; a lecture by Mr. Bonington of the federal board of vocational education; a lecture on public health, two lectures on "Community Problems," by Dr. J. K. Hart, educational director of the War Camp Community center; lectures by Miss Katherine Ewing of the educational department of the northwestern division.

Miss Ewing will be in Portland this week and will interview prospective students at the offices of the Portland chapter. The course is under the joint auspices of the university of Oregon, Portland chapter and northwestern division, American Red Cross.

COMMERCE SCHOOL LEADS

University Department Already Has 350 Students Enrolled.

EUGENE, Oct. 4.—(Special).—With 250 major students already enrolled and more expected, the school of commerce leads all the other schools of the university in its registration for this year, showing an increase of more than 100 per cent over the largest previous figure.

D. Walter Morton, dean of the school, has added several new courses to the curriculum in Portland, including insurance, life insurance, plant management, brokerage and credit management.

Added new instructors have been added to the commerce faculty: Allan C. Hopkins, professor of commerce, who will handle insurance and brokerage; C. C. Edmonds, who will teach salesmanship and business organization; A. L. Lomax, in charge of the foreign trade courses, and T. J. Boltho, instructor in accounting.

ACCUSED TRIES SUICIDE

Ralph Chapman, Sued for Divorce, Drinks Acid.

Ralph Chapman, who drank a bottle of carbolic acid in an attempt to end his life at 287 Taylor street yesterday morning, was reported to be in a serious condition at the Good Samaritan hospital last night. Hospital attendants said he would die.

The attempt at suicide is said to have been due to the fact that his wife had brought suit for divorce. Chapman arrived in Portland Friday night from Seattle to try to persuade his wife to stop divorce proceedings. He is 30 years old.

Monmouth Farms Sold.

MONMOUTH, Oct. 4.—(Special).—With four farm sales announced during the past week it is evident that Polk county real estate is in demand. S. H. Hinkle's farm of 35 acres was sold to Mr. Becklin of Pedee for 7500. The Hinkle farm of 80 acres was sold to Mr. Becklin of Salem. The Pankiller farm was sold to Bayard Merrill of Puyallup, Wash., and Jacob Smith sold his farm to his son, Alfred Smith. During the week negotiations were completed for the transfer of the Ostrom farm to William Wamsler of Sunburst, Mont. Many Montana and Idaho men have visited this section this fall, looking for real estate and a number have purchased.

Eugene to Put Up Vinegar.

EUGENE, Oct. 4.—(Special).—Forty-five thousand gallons of vinegar will be manufactured by the Eugene Fruit Growers' association this year, 10,000 gallons of additional tanks having just been ordered by Manager J. O. Hoyt. Several thousand gallons of cider will be canned.

Chinese Promise Spectacle.

THE DALLES, Oct. 4.—(Special).—Lee Jack, local Chinatown

Need a Laundress? Get a Thor

Electric Washing Machine

350,000 WOMEN USE IT

Are you one of the women who can't get a laundress?

They won't answer "want ads." The employment agents can't furnish them; and while you wait, the washing is piling up. There is one easy solution—phone for a Thor.

Not a single day's labor lost, no accidents to man or machine, a silo tightly packed. That's what a MONEY-MAKER SAFE SILAGE CUTTER AND SILO FILLER will mean to you if you place your order right away. The MONEY-MAKER is built to stand the hard grind of steady operation year after year. It means QUICK WORK. Best of all it means ABSOLUTE SAFETY: the AUTOMATIC SAFETY YOKE stops and reverses the machine's hand when the feeder's hand gets too close. The CUTION DRIVE SAVES THE MACHINE. Cuts fast and fine; throws to its tons of silage per hour into the highest silo. It's a PRESSURE-WRITER FOR PRICE RIGHT AWAY. Address dept. CHAS. K. SPAULDING LOGGING COMPANY Salem Oregon'

'Perfect' Warm Air Heaters

The quick-acting Richardson & Boynton "Perfect" furnace heats up the house in a very few minutes without using a large amount of fuel. It gets more heat out of a given quantity of fuel than any other furnace, because the air comes in contact with 150% greater heating surface.

When the morning chill has been removed from the rooms, the "Perfect" furnace is regulated to hold a low fire, operating most economically. It continues to furnish heat till the fire is entirely gone out. The more carefully you select your furnace the more certain it is to be a "Perfect." First you'll want to know where we get extra heating efficiency, and the quick action. These points are fully explained in our Booklet.
