

OREGON WILL CALL ALUMNI HOME AGAIN

Grand Rally of Students and ex-Students to Be Nov. 15.

AGGIE GAME IS FEATURE

Campaign to Get Under Way This Week to Draw Alumni Back for Rally and Reunions.

UNIVERSITY OF OREGON, Eugene, Oct. 11.—(Special.)—All university students organized this week for the largest homecoming ever held at the University of Oregon and every effort is being made to reach all university former students and alumni and to welcome them individually for this event.

The day will be especially notable since the Aggies have not played at Eugene since 1915 and since November 15 will mark the opening of the new athletic field. The grandstand with shingle roof will seat 4900 and the bleachers 2500.

Appealing Slogan Sought. Homecoming will be advertised throughout the state with a slogan which will be announced Friday. The slogan contest will start Monday and will continue through Wednesday. Any resident of Eugene or any university student may enter a slogan. The committee wants something like the famous "Fight 'em, Oregon" slogan which aided the lemon-yellow to victory against California in 1917.

Rally to Start Celebration. The festivities will open Friday evening with a huge rally followed by the freshman bonfire on Kircald field. After the bonfire and the speeches by Sky Huntington, Bill Hayward and old Oregon men, a new feature is being arranged in the form of stunts which will be presented by the various men's organizations.

A soccer game with O. A. C. is a possibility for Saturday morning and the morning will also be given over to an inspection of the campus and university building under the guidance of students. All guests and university students and faculty will assemble for luncheon on the campus at noon. The men's gymnasium will hardly be large enough to hold the crowd and other arrangements may be made soon.

Dance Will Be Saturday Night. After the game Saturday afternoon, an all-university dance will be given in the armory that night. It is expected that the building will be packed but there is no larger hall in town for dancing.

Special committees will welcome all the guests at the trains and registration booths will be placed in both depots. Marion McClain, graduate manager, is arranging for special trains and rates but no announcements can be made yet in regard to arrangements. All details of homecoming weekend are being planned by a student committee, headed by Herald White of Cottage Grove, president of the student body last year.

The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2 1/2 ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup. And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the sneezing, throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, whooping cough, and bronchial asthma. Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes. To avoid disappointment ask your druggist for "2 1/2 ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. PLANES ANNOY CLASSES University Gets Promise of Flights Higher in Air.

UNIVERSITY OF OREGON, Eugene, Oct. 11.—(Special.)—Airplanes can change quickly from sources of wonder to real nuisances, declare university professors. Aviators flew so closely above university buildings this week that classes were disturbed and some pedestrians almost feared for their lives. University students were particularly anxious when the large planes swooped close to the heads of the football players in whom Oregon's hopes were concentrated.

President Campbell finally telephoned to the commanding officer at the aviation field here and asked that the men refrain from flying so close to the study buildings on the campus. The major apologized and said that as soon as the men returned he would see that it happened no more. And now university students walk with comparative feeling of ease, for the aviators keep several hundred feet above the buildings.

JAIL IS USED AS HOTEL Amusement Company Visiting Dallas Takes Only Accommodations.

DALLAS, Or., Oct. 11.—(Special.)—Vacant rooms and dwelling houses are at a premium in this city. Every house has been rented and rooms over business houses are in use for housekeeping. Several families arriving here from the east during the past few weeks have moved elsewhere because they could not obtain accommodations here. One night this week a party of workers with the Brown Amusement company, which was here for the three days of the Polk county fair, appealed to sheriff John W. Orr for permission to sleep in the county jail, as both hotels were filled to capacity and no sleeping apartments could be obtained within the city. The request was granted and about eight men bunked in the jail that night.

There is a plain, unassuming little studio in Portland whose artists are confident they can prove that you do. They believe that years of experience, ability along all lines, a careful study of the subject and the best of workmanship combined cannot but result in a photograph of which you will never tire—replete with natural grace and beauty of finish.

Owing to the fact that their studio is located just outside the high-rent district and because of its lack of elaborate furnishings and interior decoration, the artists are enabled to put out this splendid work at surprisingly moderate prices.
