BIRDLAND.

The holidays are approaching and as usual we are prepared for them with a large stock of pets suitable for gifts.

Birdland's buyer, J. C. Edwards, will return from New York about November I, with the best of personally selected Belinote Rollers. These are the first to be imported for several years, and have the same wonderful repertoirs of notes that former importations have excelled in. Call and hear these birds sing, compare them with other "would-be" roller canaries and observe the difference. We also have a large stock of cheerful Warbier canaries, and a nice lot of grand looking, deep colored, fancy canaries. In fancy and aviary birds you will find our stock always the most complete, with a nice selection of phosenia, checks and ornamental land and water fowl. Send in your order for Bellinate Rollers early to secure first choice. We carry the largest stock of bird and animal cages on the coast, also all kinds of foods, seeds and remedies for any of your pets. You will find gold-fish, and globes for them.

Talking Parrots that talk for themselves, the double yellowheads or human talkers, the outs during parrots and all the other kinds, and every bird is guaranteed to talk.
