Spanish War Veterans Ask Governor to Act.

GOOD REPUTATION CITED

Resolutions Declare Comrade to Have Been Innocent of Murder of Daisy Wehrman.

SALEM, Or., Nov. 15,-(Special.)-In resolutions adopted by Scout Young camp. United Spanish War Veterans of Portland, and received at the execof Portland, and received at the executive offices here today, Governor Olcott is urged to grant John Arthur Pender, now serving a life term in the Oregon penitentiary for murder, a full and unconditional pardon that he may eat Thanksgiving dinner at home with his family. The resolution sets cut that action of the camp was the result of due and careful deliberation, and has the indorsement of more than 1500 of its members residing in Mult-1500 of its members residing in Mult-

In reviewing the murder and the subsequent conviction of Pender, the resolution says:

On or about September 5, 1911, Dalsy Vehrman and her little son, tharold Wehr-nan, were brutally murdered near Scap-cose, Columbia county, in such a manner to convince the ordinary intelligent erson that the murderer was a fiend in

nument form,
Aiter a legal struggle, lasting two years.
John Arthur Pender, a young man, then
tving near the scene of the murders, was
convicted of the crime and scateneed to

envy.
Whereas, John Arthur Fender is a man hose whols record shows him to be a erson of good instincts and of high moral tandard, Selieved by all his friends and caushatances, his lawyers and his family to be innocent of this terrible orime. We have the pudge who heard the case, the litricit attorncy who prosecuted the action and many of the wilnesses, doubted its guilt.

tion and many of the witnessee, doubted his guilt.

Pendor served during the Spanish-Americae war in the famous I that battery, which made a splendid record. Pender's friends speak of him in the highest terms, saying that 'he was a splendid sodder, of such moral character and disposition that he held the confidence and respect of his courades at all times, and his unselfish devotion to duly and manly conduct marked him as the best type of American fighting man."

It does not seem possible that a man of this typs and character could be guilty of a crime of the nature of the Wehrman murders, and it seems to us that the guilty party or parties are still unfound and unpunished. Pender has bravely asserted his insocence, and his many friends have worked uncessingly for his pardon and vindication. The time has now arrived when Pender should be unconditionally pardoned, or receive the benefit of a doubt, which he was clearly entitled to and should have reserved at the hands of the jury which tried him in Columbia county.

# MONEY PRESSES ARE BUSY

Germany , Has Vast Increase in Paper Circulation.

BERLIN, Nov. 15.—The Dresdener bank of Berlin states that circulation of paper currency in Germany amounted to 40.125,000,000 marks on September 23 last, as compared to

2,200,000,000 marks in peace times.

The bank estimates that 15,000,000,000 marks of German paper monoy is held abroad and that about 25,000,000,000 remains in Germany.

German industry, according to the bank, has been held in check by the revolution, political unrest, strikes and unwillingness to work. Many firms and industries are said to have been able to keep going only by using reserve funds.

The unfavorable status of the mark

The unfavorable status of the mark in the world exchanges is attributed to the flood of German money that has gone abroad to pay for imports estimated at 1,000,000,000 marks since the revolution. At present the bank sees a tendency toward a decrease in the number of strikes and toward an increase in coal production.
