

ORDERS POUR IN ON 125 LUMBER MILLS

Continued Brisk Demand for Rail Shipments Expected.

RECORD WEEK REPORTED

Western Washington and Western Oregon Operation Prospects for Winter Are Good.

Demand for lumber, especially for rail shipments, now is well under way among the mills in western Washington and western Oregon.

The 125 mills contributing to the report of the association reported orders last week for 6,447,842 feet more than they actually cut.

Week's Business Heavy. The aggregate volume of new business accepted during the week was \$6,802,973 feet—the heaviest for more than four months.

The prevailing car shortage prevented the mills from keeping their shipments on a level with their new business. The rail movement for the week was only 1435 cars—1111 cars less than the rail orders.

Cargo Orders Continue Good. Cargo orders, too, continue in good volume, the total for the week being in excess of \$9,000,000 feet.

The industry is running on nearly a capacity basis, production at 125 mills for the week being 2,254,235 feet—an average of 658,324 feet per mill.

WAGE SCALE SUBMITTED

Director Hines Makes Proposal to Railway Brotherhoods. Increase Provided Would Approximate \$3,000,000 Monthly—Not So Much as Men Expected.

WASHINGTON, Nov. 15.—Director General Hines today submitted to representatives of the four railway brotherhoods an increased wage scale amounting approximately to \$3,000,000 a month.

The proposal, laid before representatives of the brotherhoods at the closing session of the wage conference, was taken under advisement. It was not what the men had asked for, but their answer will be presented to the director-general within the next 10 days, and it was considered likely that they would accept it.

The increase would affect trainmen, firemen, engineers and conductors, but more particularly those employed in the slow freight train service. There are many other questions affecting working conditions of trainmen which have not been decided.

Clark, representing the Associated Industries of Oregon, dilated on the opportunities for bigger payrolls for Oregon and pointed out that with between 80 and 90 per cent of buying done by women, it was up to the women to boost the war. It is recalled that the French have erected a monument inscribed, "To the Unburied Dead."
