

"SECRET" PACT IN PAN CASE REVEALED

Senator Sullivan of Minnesota Gives Testimony.

ACT DECLARED REGULAR

Direction of 25 Per Cent of Paid-In Capital by Pandolfo Is Upheld by Witness.

CHICAGO, Nov. 15.—The "secret" resolution by which directors of the Pan Motor company gave S. C. Pandolfo direction as advertising manager of more than 25 per cent of the paid-in capital was perfectly regular, State Senator J. D. Sullivan of St. Cloud, Minn., testified today in the fraud trial against 13 company officials. Mr. Sullivan helped frame the blue-sky laws of Minnesota.

"When the state blue-sky law made it necessary to get a license," said the witness, "Pandolfo hired me as his counsel to procure the license. The state securities board demanded that only 25 per cent be spent on promotion and I so reported to him. He was displeased with this arrangement."

Making of Contract Related.

"Pandolfo, Senator Brewer, who was acting as an attorney for the company, and I went to St. Paul, where we met with Attorney Carl Cummins and framed the contract complying with the law and drew up the resolution giving Pandolfo direction of the spending of 25 per cent as advertising manager of the company."

"There was nothing secret about the resolution, and it was my understanding that it was to be shown to the state commission, as well as the contract."

Under cross-examination the witness admitted that later the state body complained that it had not been fully informed and made the resolution void. Pandolfo's resolution to keep his license to sell stock.

Motion Picture Cited.

Senator Brewer, attorney for the defendants, made another effort to secure the admission of motion pictures as testimony to show that the Pan company had a substantial plant. Through L. R. Brown, factory manager, who had been recalled to the stand, he brought out testimony tending to show that pictures had been taken of actual scenes at the plant and were not faked.

Mr. Brown also told of the improvement the company has made in efficiency under his management. During the month of October \$122,000 worth of work was done for other companies in the drop forge department, he said.

"With the expenditure of \$2,170,000 the plant capacity could be brought to 100,000 cars a year," he said.

RAIDER'S VICTIM SUES HOQUIAM SKIPPER WANTS PAY FOR TIME IN PRISON CAMP.

Damages for Confiscation of All of Nautical Instruments Also Are Asked by Captain.

HOQUIAM, Wash., Nov. 15.—(Special.)—H. L. Richardson, well-known navigator who was first officer of the American schooner *Encore*, which was burned in the South Sea July, 1917, by the German raider *Wolf*, and who was held a prisoner for 13 months, today commences legal action to recover \$4308 from the German government.

The sum named is the value of nautical instruments, charts, books, clothing and jewelry which the German refused to return when he was released, and also includes the amount of wages he would have earned. The papers were forwarded to the state department at Washington.

Mr. Richardson also took the necessary legal steps to recover several hundred dollars he left on deposit in an Aberdeen bank when he sailed on the *Encore* from Astoria for Australia. Upon reaching the German prison, Richardson cabled the bank for sufficient money to pay his fare back home. Receiving no reply after long delay, he notified the price of a ticket and when he arrived in Aberdeen was informed by the bank officers that his money had been seized by the custodian of enemy alien property.

Captain Richardson is anxious to meet the man who reported him to be an enemy alien. It is a Norwegian by birth and an American for the past 19 years by choice.

LEGION DELEGATES HOME SEVEN OREGON MEN BACK AND OTHERS ARE EN ROUTE.

E. J. Elvers Says Pacific Coast Showed Leadership—Lieutenant-Colonel White Coming.

Seven members of the Oregon delegation of the recent American Legion national convention in Minneapolis arrived in Portland last evening, while the remainder of the delegates are expected today and tomorrow, in time to participate in a meeting of the organization which has been called for Monday night at the Central library, at which reports of the delegates will be rendered.

Those who returned are: Cassius R. Peck, head of the Portland post; E. J. Elvers, state secretary; Walter Gleason, Merle Campbell and James Bain, all of Portland; O. P. Hardy of Redmond and W. E. Wilkins of Clatsop.

The first annual convention of the Oregon was characterized by Mr. Elvers as a successful one, and one in which the men from the Pacific coast showed an active leadership. Dew Walker was named to represent Oregon on the national executive committee, while Mr. Peck was chosen as alternate in this position. Each state is allowed one member on this national executive committee.

"The news of the Central outrage created a profound sensation at the convention," declared Mr. Elvers. "The organization at once sent a message of sympathy and backing to the Central post and unanimous sentiment of the organization was voiced for protection of American principles and for the lives of the men who fought for America in the late war."

Dew Walker was detained in Minneapolis after a conference of the executive committee and is expected to return with other members of the delegation today. Lieutenant-Colonel George A. White, formerly adjutant-general of Oregon, also is expected to reach Portland this morning with Mrs. White. Colonel White acted as an Oregon delegate at the Minneapolis convention. After serving in France the former adjutant-general was engaged in American Legion work and has not been in Portland since his departure for the front shortly after this country entered the war.

WOMEN CONFESS THEFT Oregon City Offenders Fined \$25 Each in Court.

In two large bags carried by Mrs. Mary Morton and Mrs. Mary McLerty, both of Oregon City, were found several pairs of boys' suits, several pairs of men's socks, a pair of gloves and other articles "picked up" in local department stores without the formality of payment. The women were arrested yesterday afternoon and brought before District Judge Dayton.

Both admitted their guilt and they were fined \$25 each, after a severe reprimand from the judge. They would have received heavier fines, he said, but for the fact that this was their first offense, so far as he knew. One is the mother of four, the other of three children.

MRS. LIGHTNER IS HELD Forgery Charges to Go Before Grand Jury.

Mrs. David Lightner, alias Margaret Clark, who is said to have issued at least three \$50 checks under the names of Mrs. E. L. Barton, was held to answer to the grand jury by Municipal Judge Rosman on a charge of forgery. Her bail was placed at \$1000.

According to Deputy District Attorney Delch, Mrs. Lightner, who is the wife of a Portland news-stand proprietor, forged checks on downtown stores.

Recently she was in trouble in Tacoma on a forgery charge. It is said, but Mr. Lightner secured her release at that time.

T. A. Woodruff Appeals. He is charged with stealing goods in his possession by a jury in the federal court, has taken an appeal for a new trial.

Woodruff says he was tried in Carson City at the same charge, involving the same goods, and was found not guilty, and that the case in Portland involves the same act. The goods were taken from railroad cars.

Mr. Harris graduated from high school in Portland in 1907, and has a host of friends in this community.
