NEW LEGISLATURE URGED

Deportation Law That Will Deport, Aim of Representative Albert Johnson of Washington.

NEW YORK, Nov. 22,—Anarchists awaiting deportation on Ellis Island were questioned today by members of the house immigration committee which in seeking to determine legislation necessary to speed undesirable allens back to their native shores. Sixty reds of various anarchistic beliefs, the majority of them held pending appeal, reiterated their allegiance to radical movements. One boldly informed Representative Albert Johnson of Washington, chairman of the committee, that the day would come when he would wish that he had not "meddled with the anarchists in this country."

The men held have organized a ommunist colony on the island, one radical told the committee, and in the face of deportation proceedings carry out the golden rule principles of communism, even to dividing to-bacco, candy and money.

Many Caught, Few Deported.

B. H. Uhl, acting commissioner of immigration, informed the committee that the total number of reds now held as 80. Several radicals had jumped their bonds, he said, and of 64 ordered deported from Seattle, only 25 here actually left the country. 64 ordered deported from Seattle, only 25 have actually left the country, Mr. Johnson read into the record statistics to show that of 597 arrests in this country on anarchistic charges from February 7, 1917, to November 1 of this year, only 50 deportation warrants were fully executed. In 100 cases evidence was insufficient and 88 were withheld, as deportation was impossible during the war.

TACOMA, Nov. 22.-Representative Albert Johnson of Washington, chair-man of the house immigration commattee, in a communication to Taco-ma officials today, said he hoped for passage of a law earl- in December that would make possible the de-portation of all alien radicals in the northwest.
