

GRANTS PASS TAKEN BY SHRINERS' ARMY

Mayor and Police Officers Are Placed in Cage.

SAND HEATED BY NOVICES

Elaborate Banquet Spread in Courthouse When Reception is Given Imperial Potentate.

GRANTS PASS, Or., Nov. 22.—(Special.)—Grants Pass was in the hands of the Shriners today. They gathered from all sections of southern Oregon to attend the ceremonial session held in honor of Frederick Kendrick, Imperial potentate, and members of his divan, who arrived on the Southern Pacific train this afternoon. The ceremonial session was a pilgrimage of Hillah temple at Ashland, the first ceremonial session held in Grants Pass. This is probably the smallest city in the world to hold an official session of an Imperial potentate. Committee men from Ashland were in the city yesterday arranging for the ceremonial and reception and their activities continued until noon today when the reception was held.

City Officials Put in Cage.
Immediately on the arrival of the distinguished visitors the festivities commenced. Not content with possession of the masonic key which gave them freedom of the city, the Shriners proceeded to take the liberty of the city by imprisoning Mayor Dumas, Police Judge Allen and Chief of Police McLean, and the trio in their cage formed a part of the parade. Even the street sweeping department was taken over and put in charge of novices. One bunch industriously staked a furnace which was heating sand for the pathway of the novices. The keeper of the bureau took all precautions by putting his bureau in the parade gorgeously arrayed. While the parade was in motion the city wagon poured forth a shower of stonemason, reminder of former days.

Banquet Held in Courthouse.
The Arab, and a number of 16 Jackson county Shriners under direction of C. A. Malone and they were respectively in new uniforms which had been purchased for the occasion. There were 23 novices reporting for the parade but other petitions were received at the last moment, swelling the number.

An elaborate banquet was held in the Josephine county courthouse at 5:30 and afterward the initiation of novices and official reception of the Imperial potentate were held in the opera house. Carpenters had transformed the opera house by the building out of the stage to occupy half the entire floor space to give room for the Arab patrol to execute their offices.

The candidates are:
Grants Pass—Samuel J. Stinebaugh, C. H. Corson, Samuel B. Gillette, Arthur B. Kocher, James W. Lewis, Joseph A. Schmitt and George M. Flint.

Medford—Charles A. Nutter, Robert W. Stearns.

SIBERIA CRIES FOR BREAD

Veteran, Just Home, Says Refugees Fleeing to Coast.

EUGENE, Or., Nov. 22.—(Special.)—Dan Hill, son of J. H. Hill, merchant of this city, has just arrived from Siberia, where he served in the medical corps of the United States army for 13 months. He declares yesterday that conditions in that country are as bad now as they were when he first went there, and he does not see any immediate prospects for improvement.

Refugees in the thousands are seen constantly all along the trans-Siberian railway, says young Hill, all making their way from the interior to the coast. Hundreds of them are starving to death. About all one hears from them, he said, is a cry for bread.

Student, \$35 Capital, Makes Way Through College.

Fifty Per Cent of Men Enrolled at Oregon Agricultural College Depend Upon Outside Work.

OREGON AGRICULTURAL COLLEGE, Corvallis, Nov. 22.—(Special.)—That a man can come to Oregon Agricultural college with only \$35 and make his way through college is being proved by one man here who is but one of more than 50 per cent of the men who are working while in school. At least 80 per cent of the men registered in the college contribute toward their support in college, according to figures computed in the registrar's office, and reports to Dr. D. V. Poling, Y. M. C. A. secretary.

INFLUENZA STILL EXACTS ITS TOLL OF HUMAN LIVES

Los Angeles Man Tells How He Overcame the After-Effects of the Disease

Deaths from influenza did not cease when the epidemic subsided. According to an official of a leading life insurance company the death rate for the first six months of the present year was greatly increased by the hundreds who succumbed to the after-effects of the disease. The blood bore the brunt of the body's defensive against the ravages of the disease germ and during convalescence it was necessary to restore the blood before recovery was possible. Most of those who began treatment with the right tonic are none the worse for having had a bad attack of Spanish influenza and its sequel, the grippe.

TANANA RIVERBED CHANGEABLE

TANANA, Alaska.—(By Mail.)—On the same order as the changeable Mississippi river in the Tanana, one of Alaska's mighty streams, according to Captain S. E. Lancaster, veteran river skipper. Arriving here recently, Captain Lancaster remarked that the river chert which he made on his visit to the Tanana ten years ago was of little value because of the remarkable wanderings of the river channel during the decade.
