

U. S. JURY INDICTS MICHIGAN SENATOR

Newberry Accused of Election Corruption.

133 OTHERS ARE INDICTED

Spending of \$500,000 to Defeat Henry Ford Alleged.

VOTE BUYING CHARGED

Scandal Extending From Detroit's Populous Center to Indian Reservations Uncovered.

GRAND RAPIDS, Mich., Nov. 29.—Truman H. Newberry, United States senator from Michigan, was indicted by a United States grand jury today for corruption, fraud and conspiracy in connection with the election by which he obtained his seat in the senate, defeating Henry Ford, his democratic opponent.

With Newberry, 132 other persons were indicted by the grand jury on the same charge. The names of all but 15 most prominent were withheld from publication by Judge C. W. Sessions, presiding, until warrants could have been served on them. Among those named were H. A. Hopkins, St. Clair, Mich., principal legislative clerk of the United States senate; John C. Newberry, brother of the senator, Detroit, and Paul H. King of Detroit. King was manager of the Newberry campaign committee.

Big Sum Alleged Spent.

The others named were: Allan A. Templeton of Detroit, president of the Newberry committee; Frederick Smith, Detroit, manager of the Newberry estate; Charles A. Floyd, Detroit; M. P. McKee, Detroit; Judd Yelland, Escanaba, Mich.; Milton Oakman, Detroit, formerly county clerk of Wayne county; Harry O. Turner, Detroit; Frank McKay of Grand Rapids; J. B. Bradley, Eaton Rapids, Mich.; and Gladston Beattie, Paw Paw, Mich. The grand jury disclosed the fraudulent expenditure of between \$500,000 and \$1,000,000 in connection with the election.

Government officials asserted that the testimony presented to the grand jury had revealed a political scandal that in many respects was without parallel in American annals. They said it extended from the most populous wards of Detroit to the Indian reservations on the shores of Lake Superior, where aborigines were voted according to the behest of the Newberry campaign organization.

General Corruption Charged.

It was alleged that voters were bribed, election boards corrupted, editors subsidized and moving picture theaters bought up in the endeavor to defeat Henry Ford, first in the primaries of both parties, and later when he had won the democratic nomination, in the election itself. Officials were a bit reticent as to how the alleged conspiracy was uncovered, but a general outline of their methods was made available. A corps of investigators was sent into the state under direction of Earl J. Houck, who with Frank C. Dailey, special assistant to the attorney general, was a central figure in the election fraud cases of Terre Haute.
