A Fairyland of Dolls!

Here they are, waiting to be hugged tight to some little breast! Some of them wide awake, with eager arms reaching out to you; some sleeping lightly, awaiting only the sound of a childish voice—the touch of a little hand—to waken them to the ecstatic joys of doll life! Dolls, dolls, everywhere! Some perched jauntily on top of the highest shelf, looking for all the world as if they were going to jump right into your arms; others in their dainty wrappings of tissue, just as they came from fairyland, or wherever dolls are made! Dolls in prim dresses, dolls in aprons, dolls in nothing save their little "nighties," with their pink toes peeping out!

Come and spend an hour with the dolls! See to it that there are no tear-dimmed eyes on Christmas morn! LOVE and a DOLLIE!
