10 A. M.—Joint meeting with the division of agriculture in room 315 Lincoln high school.

Oregon State Council of Geography,

Division of History.

SALEM, Or., Dec. 20 .- (Special.)-More than 3000 teachers will assemble in Portland on December 29, 30 and 31 to participate in the annual convention of the State Teacher's association, according to estimates made by A. C. Hampton of La Grande, president of the organization. The speakers will include prominent educators from many parts of the United States and some of the leading universities of the country will be represented. The subjects to be discussed cover a wide scope, and Americanism and other patriotic topics will have an important place on the programme.

The complete programme.

The complete programme, as prepared by Mr. Hampton and the various department heads, follows:

President, A. C. Hampton, La Grande, superintendent city public schools.

Yien-president, W. C. Alderson, Portland, superintendent Multnemah county public schools.

Secretary-treasurer, E. D. Ressler, Corvallis, dean school vocational education, Oregon Agricultural college.

Negotiations were closed last week by a group of Seattle men for the purchase of the Strand theater at a consideration of \$125,000. The deal was made through L. H. Bullier, manager of the F. E. Taylor company.

Extensive plans of enlarging and beautifying the theater have been announced by its new directors. Alterations will be made during the first half of January, when the theater will be kept dark. "The Rivoli," as it will be called, will open its doors to the public on January 16.

One of the most radical departures from present motion-picture houses on this coast will be an elaborate little Japanese tea garden, which will be installed on the mezzanine floor. The candy booth in the present lobby will be installed.

Twelfth at Washington Street

TT took years of work and the expenditure of three I million dollars before Mr. Edison was satisfied with the New Edison.

He wanted a phonograph which would RE-CREATE music, not merely reproduce it.

* Now those three million people who have heard forty great artists sing in direct comparison with the New Edison know it is the greatest phonograph. They can tell you that there is no difference between the singer's voice and its RE-CREATION by the New Edison. They have seen the singer stand beside the instrument and have heard him sing. They have seen his lips cease, and yet have heard his voice go on without interruption. Had their eyes not told them the New Edison was singing alone, these people would have sworn the voice came from the living singer.

To Mr. Edison, it was worth three million dollars to be able to give music-lovers the pleasure of hearing our great singers when and where they would, exactly as they would hear them on the concert platform and operatic stage.

Let us play your favorite RE-CREATIONS for you.
