# 485 VIOLATE GAME

Convictions Result in Fines Aggregating \$16,094.80.

MR. SHOEMAKER REPORTS

State Warden Says Groups of Sportsmen in Three Countles Are Not Co-operating.

In spite of the lack of co-operation from groups of sportsmen in Jackson Douglas and Multnomah counties, the present year has been the most suc cessful one in the history of the Orecording to the annual report of Carl D. Shoemaker, state game warden. Mr. Shoemaker is now completing his annual report, which will be submit-ted to the commission within the next

few days.

During the year there have been a total of 485 arrests and convictions, with fines aggregating \$16,094.80. This is more than \$5000 more than ever was received in fines in any other one year, while the number of arrests exceeds those of any other year by nearly 100. It is interesting to note that this record for game protection was attained with fewer wardens than before, the report reveals.

was attained with fewer wardens than before, the report reveals.

In referring to the fish and game legislation enacted during the year, and for the four years which the present commission has been in office, the report shows that more legislation along lines of came conservation. tion along lines of game conservation has been enacted at the request of the commission than during any other four-year period.

Important Laws Shown.

A synopsis of some of the more re-cent laws enacted at the request of the present commission shows that the bag limit for deer was reduced from three to two, while the oper season on deer was changed from

from three to two, while the open season on deer was changed from three months to two months.

The duck season has been changed from nearly four months to three months, while the commission recommended and had the legislature enact a law making a closed season on winter fishing. Winter fishing during the months of December, January, February and March is now prohibited, while the bag limit on fish has been reduced from 75 to 50 in any one day.

CERTRAL FOWLIAS.

table. E. Erenyi, assistant manager, acted as toastmaster, and James Loder, head of the phonograph department, was master of ceremonies. Manager Thomas Wilkinson was pre-sented with a chime clock, the gift of the employes. Dancing in the rose ballroom concluded the programme. Entertainment was furnished during intermissions by some of the musi-cians with the company.

## RECKLESS DRIVER FINED

Ed Roscher Loses Control of Auto

Manfred Reliberd, salesman, was arrested yesterday by Patrolnan Harms on a charge of reckless driving sworn to by M. S. Shrock. Reinhard is said to have been driving 36 miles an hour and to have narrowly averted a collision with a street car and other automobiles he was trying to pass.

## Citizenship Hearing Set.

SPOKANE. Wash., Dec. 27.—Seventeen citizens of Germany and Austria who applied for American citizenship some time ago are to be given a hearing by United States District Judge F. H. Rudkin. Their petitions were held up because of the state of war. Federal officials have since investigated their records, it was said.

# AT ROCKPILE URGED

Mayor Baker Urges Temporary Use of Quarters.

BUILDING SOON PLANNED

Executive Will Make Recommendation to Council Tomorrow. City's Plight Serious.

Butte rockpile for a temporary small-pox hospital, and the immediate conesthouse will be the recommendation

city council tomorrow.

"Although I fully recognize the need of a rockpile for the handling of prisoners," said the mayor, "the use of the quarters at Keily Butte would only delay the opening of the rockpile for 35 days, as the city is prepared to handle construction of the new hos-pital through the department of pub-lic works and no time will be lost in completing the building."

Speedy Construction Plan. Speedy Construction Plan.

Plans have been prepared for a contagious hospital to cost in the neighborhood of \$15,000. Under present plans the city will construct the building by force contract, purchasing the materials and doing the work itself. This is planned in order to save the time which would be required if bids were requested and the contract let to a private builder.

bids were requested and the contract let to a private builder.

All day yesterday members of the city council discussed plans for the establishment of the hospital. Remembering the emphatic protest which arose from residents of South Portland, when it was suggested that the barracks adjacent to the county hospital be utilized for a pesthouse, members of the council were averse to breaking into any other convexted.

sion as a detention home for women has been suggested. Yesterday State Health Officer Roberg and Dr. Robert Holt, physician in charge of the gov-ernment work in connection with the Cedars, protested against the proposed

MONTGOMERY AT FIFTH

Syndicalism Is Charged.

The Cause of Disease

Ninety-five per cent of all diseases originate at the points indicated by the arrow heads. The diseases mentioned below are only a few which are caused by subluxations of verte-

Chiropractic Adjustments Remove Pressure from Nerves, and Health Returns

The Pacific Chiropractic College

DR. OSCAR W. ELLIOTT, President

Slight subluxations at this point will cause so-called headaches, eye diseases, denfness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxis, etc.

2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.

3. The arrow head marked No. 3 locates the part of the apine wherein subfuxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.

4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.

5. Stomach and liver troubles, enlargement of the spieen, pieurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so light as to remain unnoticed by others except the trained Chirepractor.

6. Here we find the cause of so-called gall stones, dyspepsis of upper howels, fevers, chingles, blecough, worms, etc.

7. Bright's disease, diabetes, floating kidner, skin disease, boils, cruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.

8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc. follow Chiropractic adjustments at this point.

2. Why have so-called constipation, rectal troubles, sciatics, etc., when Chiropractic adjustments at this part of the spine will remove the cause?

10. A slight alippage of one or both innominate bones will likewise produce so-called sciatics, together with many "diseases" of pelvis and lower extremities.

Avoid Operations—They Are Dangerous
Disease is caused by nerve pressure—the tiny
wires that carry life force from brain to all
parts of the body. When these are normally
working, nature has the power to heal.
