HANGO, Finland, Jan. 17 .- The 249 undesirable aliens deported from the United States and brought here yesterday by the United States army transport Buford for trans-shipmen to Russia were taken off the transport today and marched to the special train which will carry them to the Russian frontier.

American marines and Finnish white guards were drawn up as the radicals proceeded from the ship to their train. The party will be kept completely isolated until the frontier is resolved.

Pair Want to Live in U. S. Alexander Berkman and Emma Goldman, who have been looked upon as the leaders of the deportees, have declared they will not remain in declared they will not remain in Russia, but will "return to America

After the Buford had been docked, Berkman and Miss Goldman led a procession of radicals down the gang-plank. A large number of persons had assembled on the wharf gazing curiously at the landing. The reds made up a motley throng, their faces full of curiosity as to what their future might be, while there were traces of anxiety lest they might be attacked after they had left the protection of their American guardians. Finnish authorities will look after the safety

After they had landed, Berkman and Miss Goldman talked willingly with newspaper men. Asked to give her opinion of her deportation, the latter replied:

The senator ridiculed the idea of government ownership. "If the gov-ernment had all the money in the world," he added, "it could not compete with the big enterprises that have brains at the head of them." He urged business men to interest themselves in the problems that confront the country, saying that "otherwise bankruptcy is inevitable."
