for Captain Haskins. His only expenditure in this transaction is the cost of maintaining a small crew for a few days at the Grant Smith-Porter by a for launching before he entered into negotiations for their sale.

Mr. O'Connor stated recently that under Mr. Rodgers' present plans all the unfinished hulls on the ways in the United tSates are to be sold and completed and that none will be decomposed for Cape Town.

COOS BAY, Or., Jan 24.—(Special.)—Five navy men are repairing the old coast guard station two miles below Empire and will convert the place into a compass radio station. Other sites were inspected, including the government plot at the Araga lighthouse, but the station site was chosen because it furnished good quarters with a little repair work.

Reedsport, on the Umpqua river, is sadly handicapped by the lack of cars for shipping tumber from the four mills now manual completed and that none will be de-

sail tonnage, operators are now begin-ning to see the value of the unfinished hulls, and Mr. Rodgers and his associates now believe that all such unfinished hulls as can be completed

eral days ago to be under way. It is understood that negotiations are already in progress for the sale of A

With the sale of the Abantis, Abdera and Doylestown, only four un-finished hulls remain in the possesion of Mr. Rodgers in this district. land. They are the Meridan at the Wilson pard and the Calpunia, Calydon and an unnamed hull at the McEachern for orders.

Tards at Astoria. The hulls sold to Captain Haskins were the only ones remaining on the ways in Portland.

MARINE SHOW IS PLANNED 2 P.

Nation-Wide Interest to Be Created

According to P. H. W. Ross, president of the league, the demonstrations will consist of parades, dinners, at which prominent marine authorities will be speakers, expositions of ship models and exhibits of cargo handling and shipping devices. John Barton Payne, chairman of the United States shipping board, Secretary of Commerce J. W. Alexander and other men prominent in America's commercial from San Francisco. While centering in New York,

demonstration will be nation-wide in scope, it was added.

bara sailed at 1 o'clock this morning for San Diego and San Pedro.

After discharging fuel oil in Portiand, the tank steamer Col. E. L. Drake dropped to the lower harbor at 10 o'clock this morning headed for California.

The steamer Dalsy, which rammed un-der the West bridge in Aberdeen several days ago and which has been held up on a federal bond of \$4000 pending sattlement a federal bond of \$4000 pending settlement of claims, sailed for southern ports yesterday, Deputy Sheriff Elmer Gibson, under whose care the vessel was held, having received orders to release the ship.

The steam schooner Bee of 375 net tons cleared last night with a miscellaneous cargo of lumber and building materials valued at \$26,380. The Bee is bound for Honolulu and carries 46,000 feet of lumber and shingles and \$13,000 worth of builders' buckware consisting of brick.

ber and shingles and \$13,000 worth of builders' hardware, consisting of brick, tile and other building supplies. The cargo is considered unusual for the fact of its ligh value and the vessel's small tonnage. She is commanded by Captain C. Thorsell. The steamers Multinomah and Grays Harbor have finished loading and are awaiting a favorable bar to clear. The steamer Cheballs, a schooner, the Multinomah and Grays Harbor are in port.

Location, Climate, Soil and Agricultural and Grays Harbor are in port.

ping lumber from the four mills now man ufacturing there and water transportation will be destroyed.

Demand for Hulls Grows.

The contract with Mr. Rodgers was executed by the emergency fleet corporation only after a vain attempt to sell the unfinished hulls or give them away. Because of the shortage of sail tonnage, operators are now beginned to the value of the va

How a Complexion Disfigured With Pimples, Blackheads, Muddiness, And the Sallow Appearance Gives Way Before the Wonderful Stuart's

Calcium Wafers. You might look at half a dozen girls who have made their complex-

with Stuart's Calcium Wafers and be puzzled to decide which is the pretiest. It is remarkable what happens when these unsightly pimples, blackheads, etc., and the muddy olly appearance disappear. Beautiful skin is lovely in the extreme.

Stuart's Calcium Wafers bring in a short time a mere beautiful complexion. By cleaning out the pores, throwing off all skin discolorations, they do their work of beauty building almost before anyone can believe it. almost before anyone can believe i
