The improvement club of Rev. Francis Black's parish is planning an enjoyable evening for members and friends on Tuesday evening at Hibernian hall, 349 Russell street. Dancing will be the main feature of the evening, but the club has engaged a room for those who wish to play cards.

Lincoln's birthday will be celebrated with a large party to be given Thursday, February 12, at the Hotel Multnomah by the Knights of Columbus, assisted by the alumni of the Immaculate academy, Daughters of Isabella, ladies auxiliary of the Ancient Order of Hibernians, Woman's Catholic Order of Foresters, Catholic Order of Foresters and Ancient Order of Hibernians.

The beneficiary of the affair will be the Dominican Sisters' convent, located on Stanton street, between Williams and Rodney avenues. This is one of the oldest convents in the city, having been erected before the days of modern heating plants, and it is for the purpose of obtaining funds to install such a plant that the party will be given.

Cards will be played in the holly-hock room and a number of beautiful prizes will be awarded. Both ball-rooms have been engaged for dancing and Darby's orchestra will furnish music. Refreshments will be served in the tearoom. A large reception committee will welcome and introduce the guests and all attending are assured of a delightful time.

Patrick Bacon of the Knights of Columbus heads the general committee on arrangements. Other members from the knights are J. R. Kennefick, Joseph Niedemeyer, Miles J. Sweeney, Dan Kelleher, Frank Schneider, M. J. Flanagan, Charles Lutz, William Stepleton, Norman Costello, William Schaefer, A. J. Vogt, Samuel McVicker, J. J. Byrne, E. M. Yezek, J. F. Committee from Catholic Order of Foresters—W. C. Stott, John Deschner, Edward Hand.

Committee from Hibernians—D. W. Lane and Patrick Powers.

Members of Al Kader temple, Nobles of the Mystic Shrine, are looking forward to the dancing party to be given in the Municipal auditorium on February 13. The committee in charge is planning several novel features in the way of decorations and the evening promises to be a most enjoyable one. Invitations will be limited to Shriners and their ladies. Many out-of-town Shriners are planning to be present, and a large attendance is expected.

The "T" prom will entertain with a dance Friday evening, February 6, at the Multnomah hotel. This will be the first dance given this year by the club and it is working hard to make it a big success.

The committee decided on a dance every three weeks at the hotel, and is arranging a program for each one. As these are the only social affairs given for the high school students, a hundred more invitations have been printed so as to give those who have been unable to attend on that account a chance to register. All social affairs given after this dance will be absolutely invitational and admittance will be only by membership cards, which will be given out Friday evening.

Those appointed to take charge Friday evening are Helen Kirschner, Adele Jones, Stewart Weiss, Byron Thomas, Elsie Clodius, Earl Clark, Charles Scallon, Selma Wetteland, Albert Duzan, George Walker, Geraldine King, Harold Brown, Edwin Serr, El Vera Anderson, Herbert Malarkey, Ralph Thayer, Allen Hofmann, Eddie Edlund, Earl Larimore, Roland Manary, Ethel Ennor and Lee Lenfert.

The members of Rose Social club will be entertained at their next regular meeting on Friday, February 6, by Mrs. E. Fuchs at her residence, 630 Brooklyn street.

One of the most important and interesting affairs for the coming week will be the costume buffet supper and frolic that the Association of Collegiate Alumnae will give next Saturday at the University club at 6:30 o'clock. A distinguished comedian will perform. Miss Kostomarov will be master of the Inn. All members are requested to be present in costume, if possible. They may bring a

quest, but all reservations must be in by Friday noon.

The next series of one-act plays to be given by the Drama league will be the third series attempted by the league this winter, and will be presented at the Little theater the evening of Thursday, February 19, instead of February 20, as originally planned.

These plays will be directed by Miss Gladys Bowen, who announces the following program: "The Twelve Pound Look," one of Barrie's delightful comedies; "The Campden Wonder," a most intense tragedy of English peasants of the 17th century, by John Massfield, and a charming little 18th century episode by Constance D'Arcy Mackays, "Green Green."

The interest already evinced promises a most successful production. Included in the casts are Marian Voorhies, Sarah Sabu, Lenora Thomas, Mrs. Richard Case, and Messrs. Robert McGill, George O'Neil, David Lloyd Starnas, Forrest Carter and Andrew Macs.

Camella Social club will give a dancing and card party at the Pithian temple (formerly Masonic temple), Friday evening, February 27. This party is one of a series given by the club for the benefit of the Masonic and Eastern Star home, and promises to be as great a success as those given in the past.

MINERO

PALATABLE-NUTRITIOUS

A NEW DISCOVERY!

How You Can Prevent and Cure Pylorhea, by Eating MINERO

MINERO is a combination of scientifically prepared minerals that are essential to the health and welfare of persons of all ages.

MINERO is free from injurious substances, and is ready to be absorbed and used as building material for the entire body, thereby contributing valuable prophylactic, constructive and curative properties.

WITHOUT an adequate supply of inorganic elements, the body will rot, bones, teeth and blood of some of these substances, literally feeding upon itself.

USE MINERO as a protection against this loss.

As a provider of the increased amounts of inorganic materials that are needed during convalescence from wasting diseases, during pregnancy, and in the growing years of childhood, MINERO is highly recommended.

For strengthening and hardening the teeth, preventing the loosening and the early decay of CHILDREN'S TEETH, Minero has proven itself most valuable.

It is also required that excess acids formed within the body be neutralized. An accumulation corrodes the vital machinery and creates a great variety of disease.

Use Minero for the relief of weariness, brain fog and that tired feeling.

How to Use It.

MINERO can be used in a variety of ways—in salt or sugar, in the cooking, baking or at the table; also in ice cream and soda waters or in coffee and tea. FOR BEST RESULTS, MINERO should be combined with other foods, simply and regularly. It will not alter the appearance or taste of food in which it is used.

What Is the Duo Art? Your Art and the Art of Others

Very simple—very remarkable—but true, nevertheless, thanks to the wonderful advancement of the Player instrument by the Aeolian Company to its perfection in the Duo-Art.

The regular music roll makes you a master of the piano's keyboard—gives you the technical ability to play any composition ever written. The roll supplies the technique. You supply the expression. You can become a genuine artist playing the Piano.

Every emotion you wish to express, every subtle shade of meaning you wish to put into the music—is possible to you through the exclusive and vital expression devices of the Pianola.

Through the reproducing feature, you possess an autocratic command

of the world's master pianists. By means of the special Duo-Art Rolls, Paderewski, Bauer, Hofmann, Gabrilowitch, Ganz, Grainger, Leginska, and scores of others will play for you.

Whenever you wish, you can summon them to your home to play your piano. The playing is not merely imitation—it is their actual performance. By playing a recording Piano, the artist makes the roll. This roll, placed in the Duo-Art, repeats the performance.

Nothing is changed—nothing is lacking. Every shade of tone, every subtlety of touch, of nuance, of phrasing, and pedaling is there. The artist's very personality is there.

The Duo-Art is truly marvelous, and is the Piano of today and the future.

We Cordially Invite You to Come in and Hear the Marvelous Duo-Art
