HOMEFURNISHINGS

15,000 Yds. of Curtain Nets, Voiles and Marquisettes—All 42c Yd.

Standard 65c to 85c Grades

This season's BIG sale of inexpensive curtainings for hotels, clubs, apartment houses, boarding houses, institutions and private homes. Immense choice of patterns and weaves. Plain materials, borders, hemstitched designs, drawn work, cross bars, pin dots. White, cream and ecru. Many of the patterns never shown before. All at the lowest price in months.

These curtainings can be had in almost any quantity needed, but we must restrict their sale to private customers—NONE TO DEALERS. Mail orders will be filled, but we advise personal selection if possible because of the wide range of patterns.

Three Additional Offerings

Couch Covers at \$5.95

Good looking tapestry covers which will give long and satisfactory service. Mostly brown and green effects. Standard \$7.50 to \$9 grades.

Curtains \$3.15 Pair

Marquisette curtains attractively dyed with lace. They compare favorably with \$5 curtains now on the market, but we bought them at a special price and shall turn them over to our customers at the same saving.

Curtains \$4.95 Pair

Another good opportunity to get pretty curtains for less. Marquisette with more elaborate lace insertions and edges. These compare favorably with our own \$7.50 grades.

Sofas, Davenports and Easy Chairs

Are Almost Indispensable to the Really Comfortable Home

Where is the comfort center of your home? About the fire? Does the family still draw up their chairs in the old-fashioned way? Or is there a long, wide, comfortable davenport placed in front of the fire? Are there big easy chairs near by? Seats so restful that they coax away all thought of fatigue?

English people have long been recognized as the race which knows how to be comfortable. This is the reason why our furniture exports have had copies of some of the most comfortable sofas, davenports and easy chairs from London designs. They are specialties of the Furniture Gallery. The best to be had in America is brought here from many fine manufacturers.

In addition, we have our own workshop devoted largely to the building of beautiful as well as comfortable davenports and chairs.

This workshop is sunshiny; there is an unusual staff of expert workers; there is an exceptional supply of all kinds of good materials with which to do the best work.

Much of the furniture is done in sateen or denim and will be recovered to order if desired. A particularly rich assortment of coverings includes tapestry, no-hair, velvet and damask, starting at \$4.50 and going as high as \$52 a yard.

Sketched is a long, slightly rounded sofa with colonial lines. It has a slender, graceful outline, hand-carved mahogany feet and five loose down pillows for the back. It is one of the finest pieces we know.

English style overstuffed davenports with square arms can be had with loose cushions and tufted, plain or sectional backs. Sometimes, to give the effect of lightness or grace, the arm of a davenport will be lowered or the back will be made less high, or the frame will be shown; such styles are exceptionally good for smaller rooms.

Arm chairs, high-backed fire-side chairs, beautiful Louis XVI chairs and many others have been designed for us to suit tall and short and large and slender people. No one chair can be comfortable to everyone, and if you have not yet found YOUR comfort chair, we shall be glad to have you find it among these.

Davenport prices vary from \$159 to \$496. Easy chairs are from \$62.75 to \$114. A finely carved Chippendale suite for a luxuriously comfortable living room includes a davenport, two large easy chairs and carved table at \$125. Visitors are invited.

A Modern Range for the Modern Kitchen—

Universal Combination

Most kitchens these days are built small—without any waste space anywhere—and the kitchen equipment should be built compactly to economize in space. The Universal Combination Range does this without sacrificing a single element of usefulness. It is really two complete ranges in the space ordinarily occupied by one—economizes on space, economizes on fuel. Has large cooking and baking capacity without the bulkiness of the ordinary range. A complete wood and coal range. A complete gas range.

Bakes Perfectly With Either Fuel

A simple turn of the key changes from one fuel to the other.

Cast-iron oven—roomy, durable, won't rust out. Gas cooking top—five burners, automatic lighter, no matches required. Fire box fitted with six pipe coil—affords abundance of hot water. Fitted with gas self-starter—no kindling required.

Every feature of economy, convenience and genuine serviceability demanded in the modern range is perfected in the Universal.

Universal Pipeless Furnaces

heat your entire home through one register without loss of heat in the basement. Now is the best time to have us install a Universal Asbestos Insulated Pipeless Furnace in your home.
