

# BOY SCOUTS VISIT STEAMER BEARPORT

### Ship Starts on Long Voyage Wednesday Morning.

## FLOUR GOING TO ARMENIA

### Board Refuses to Let Vessel Sail to Ephrates Without Being Inspected at New York.

"Armenia, we are coming to your assistance," read the message of the little signal flags flying early from the rigging of the steamer Bearport, as 100 Boy Scouts and 50 other invited guests of the Columbia-Pacific Shipping company yesterday celebrated a luncheon on board the vessel her approaching departure. The Bearport is bound on an errand of mercy for the relief of the starving people of Armenia with a full cargo of Oregon flour.

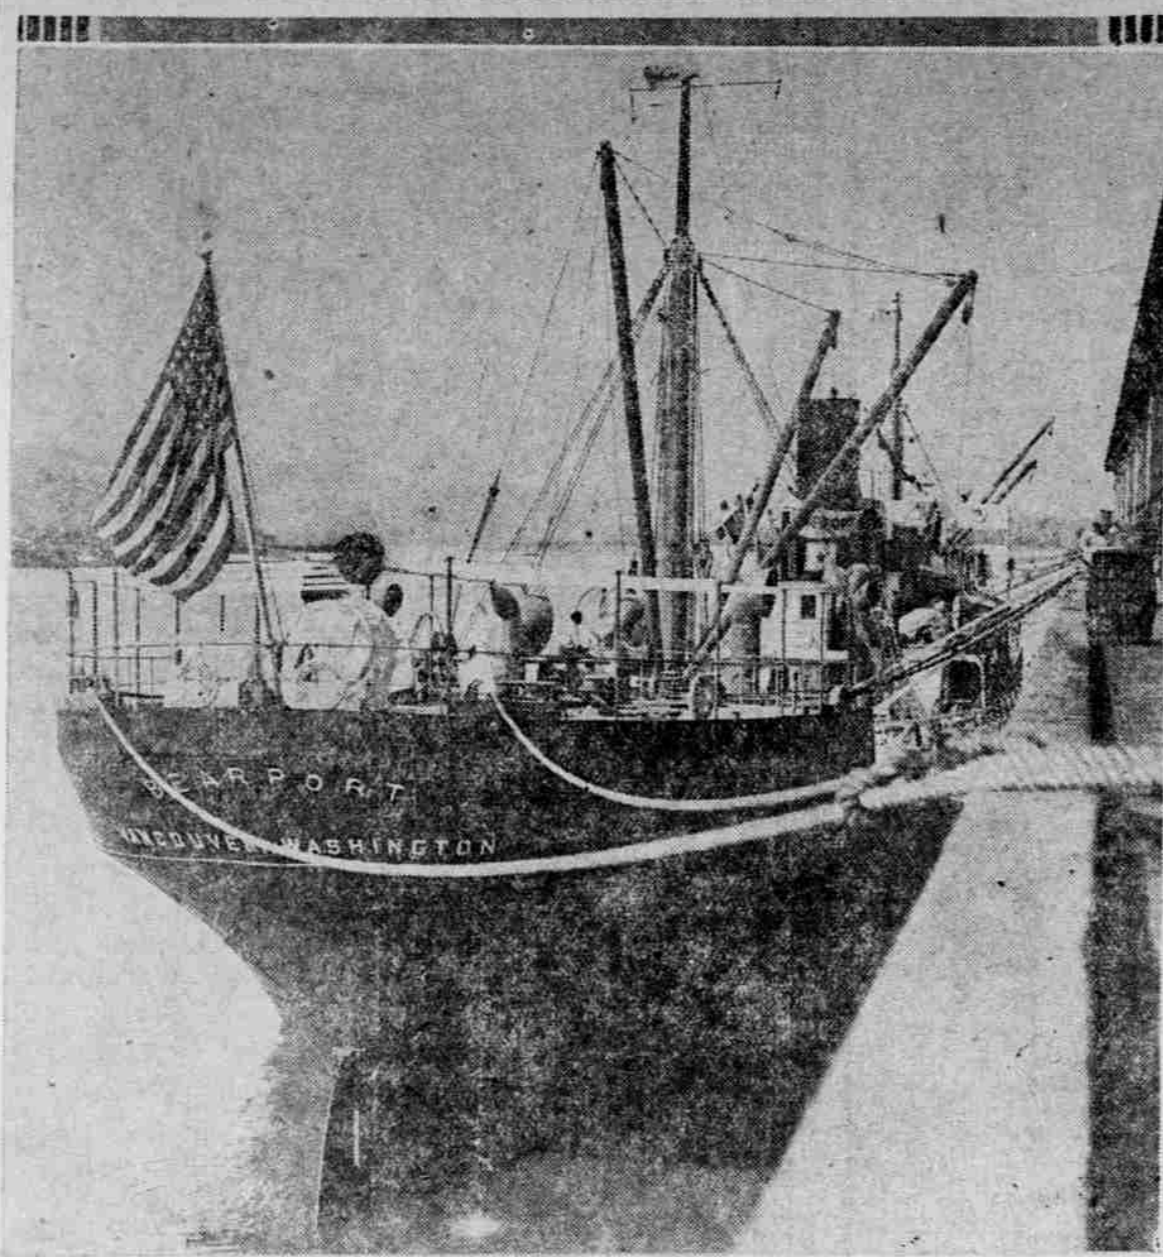

Motion pictures of yesterday's celebration on the Bearport were made, showing the Boy Scouts watching the loading of the flour, to supplement the movie film made of the launching of the vessel at the plant of the G. M. Sandler Construction corporation. Samuel C. Lancaster, director of the near-east relief, stated yesterday that he intended also to have the big freighter filmed as she leaves the mouth of the Columbia on her long voyage.

The Bearport is expected to finish loading her \$1,000,000 cargo of flour at the elevator dock Tuesday in time to drop down to Astoria that night and to go on her loaded sea trial Wednesday morning. She should depart finally Wednesday morning from Astoria. This vessel, like all others loaded with flour for the United States grain corporation will be routed to New York for inspection, in spite of a request by Mr. Lancaster, the Chamber of Commerce and the Columbia-Pacific Shipping company, operators of the vessel, that she be dispatched direct from the Columbia river to the Ephrates.

The new stack design of the Columbia-Pacific Shipping company has been pointed out on the Bearport's funnel in preparation for the entertainment on the vessel and yesterday the company's new hotel flag was hoisted for the first time from her flagstaff. The device on both flag and funnel consists of a red star with the words "Columbia-Pacific" on white field surrounded by a blue border.

Captain William A. Gallagher, master of the Bearport, acted as master of ceremonies at the party to the Boy Scouts. The decorations and the arrangement of the signal flags were the work of her first officer, John A. Anderson.

# EX-POSTMASTER DUE IN CAPITAL TODAY

### Purpose of Myers' Journey Is Still Problematical.

## SOME PREDICT HEARING

### Others Think Deposed Official Intends to Interview McAdoo Over Opposition Here.

Frank Scott Myers, deposed postmaster at Portland, will probably arrive at Washington, D. C., today. He left Portland a few days ago with New York and Washington as his objective points. There are two theories circulating as to the purpose of the journey. One is that Mr. Myers wants a hearing regarding his dismissal, before the senate committee on post-office and postroads, and the other rumor is that he wants to interview William G. McAdoo in New York.

Following his refusal to resign, as requested, Mr. Myers was removed as postmaster on order of President Wilson. Mr. Myers insisted that he would continue to be postmaster until the senate concurred with the order of dismissal.

**Myers Asks for Hearing.**  
Postmaster-General Burleson directed Postal Inspector Barclay to take charge of the office pending the appointment of a new postmaster, and so far as the department is concerned, Mr. Myers does not exist. Mr. Myers demanded an investigation by the senate committee of the alleged charges against him. H. G. Starkweather, democratic state chairman, and County Chairman Hamaker made requests that the hearing be granted Mr. Myers, contending that his removal was political. Since then Mr. Hamaker has issued an attack on Senator Chamberlain, whom Mr. Myers contends inspired his removal, and Mr. Starkweather has expected to run against Mr. Chamberlain for the democratic nomination for senator.

**No Charges Yet Filed.**  
The senate committee informed Mr. Myers that there were no charges against him, although Senators Chamberlain and McNary requested that Mr. Myers receive the hearing he desires. The committee noted that since the postal department hasn't brought anything concerning Mr. Myers before that body, there is nothing to act on, unless Mr. Myers wants to start something. Whether Mr. Myers is going to Washington to start something is not known with certainty.

**McAdoo's Whip to Be Used.**  
And Mr. Myers may likewise call the attention of Mr. McAdoo to the declaration of Judge Thomas Crawford, of La Grande, was an ardent and supporter of Senator Chamberlain, that if elected as a delegate to the convention that he will go as an independent and will not be bound or pledged or instructed to vote for the party choice in the democratic primaries. To make the point sink home, Mr. Myers may stress the fact that

More than 80 models and finishes in 6 of the best phonographs built

# \$5

## Big Special Offer FOR 30 DAYS ONLY

—If you want a fine phonograph, get it at Hyatt's while this great "special terms" event is in progress. We intend to hold this big deal throughout the month of March, but machines are being purchased more rapidly than we anticipated and a shortage of supply may preclude the possibility of continuing for so long a period. The natural suggestion is to

**ORDER AT ONCE**  
**Edison! Grafonola! Victrola! Brunswick! Stradivara!**  
Choice of a Big Assortment of Strictly New Machines (Up to \$125) Only \$5 Down, \$5 Month  
The machine you receive will be from its original shipping case, never shown before—NEW.

**On the Better and Larger Models**  
During This Big Special Offer We Will Reduce Terms of Sale Down to \$15 CASH, \$7.50 PER MONTH

## OREGON WINS IN DEBATE

### STANFORD BEATEN BY TWO-TO-ONE DECISION OF JUDGES.

### University of This State as Result Is Champion of Pacific Coast Triangular Debating League.

PAALO ALTO, Cal., March 6.—Ereous reports that the debating team of Stanford University, which was in the contest with the University of Oregon last night were corrected here today to say that Oregon scored the victory by a two-to-one decision of the judges. Oregon took the negative in the question:

"Resolved, that organized labor in its movement for the closed shop should receive the support of public opinion."

According to advices received here from Eugene, Ore., the University of Oregon, that university captured the championship of the Pacific Coast triangular debating league by defeating both Washington and Stanford last night. The debate with Washington the question was the same as that at Stanford, but Oregon upheld the affirmative and Stanford the negative.

## ORATORS TO BE GUESTS

### Pacific University Plans for Entertainment of Visitors.

PACIFIC UNIVERSITY, Forest Grove, Ore., March 6.—(Special.)—Plans for entertaining the Interstate Oratorical association of Oregon are well under way. The delegates will arrive March 12, and the contest is to be held at the Brighton chapel. Nine schools will be represented. They are Oregon Agricultural college, University of Oregon, Mount St. Mary's, Bible university, Albany college, Pacific college, Willamette university, McMinnville college and Pacific university.

## DAIRY SCHOLARSHIP \$100

### Work of the Late J. M. Dickson of Corvallis Commemorated.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 6.—(Special.)—A scholarship in dairying is to be awarded to the student who excels in scholarship, initiative and promise of attaining leadership in some phase of the industry, is the latest addition to the college list.

## INFLUENZA GRIPS COVE

225 Cases Record for Three Weeks. Whole Families Helpless.

COVE, Ore., March 6.—(Special.)—Two hundred and twenty-five cases of influenza, ten very serious and four deaths from pneumonia, is the record for three weeks here. Entire families are in bed, unable to help one another. Nurses and doctors are working heroically. Two doctors were buried yesterday. Mrs. Udell, member of the Baptist church, leaves a widow.

## SALVATION REPLIES MANY

### ARMY CONVENTION HERE TO DRAW BIG ATTENDANCE.

### Salem Expected to Send Flying Squadron to Take Part in Home Service Program.

With the convention call less than a day in the mails, pledges of attendance at the statewide gathering in its movement for the closed shop should receive the support of public opinion."

According to advices received here from Eugene, Ore., the University of Oregon, that university captured the championship of the Pacific Coast triangular debating league by defeating both Washington and Stanford last night. The debate with Washington the question was the same as that at Stanford, but Oregon upheld the affirmative and Stanford the negative.

## ESSAY PRIZES AWARDED

### Civilian Committees Pick Winners Among Student Combatants.

ROSEBURG, Ore., March 6.—(Special.)—The winners in the army essay contest in the city schools were decided yesterday by civilian committees which have been examining the papers submitted by about 200 students.

## WE HAVE IT

"DARDANELLA"  
"YOU'D BE SURPRISED"  
"SALLY"

Our Musical Floor—The Seventh. LIPMAN, WOLFE & CO.

## GOOD ANIMALS SECURED

### Field Agent Gets Stock From Best Herds of Union County.

KLAMATH FALLS, March 6.—(Special.)—"The cream of the Shorthorn section of eastern Oregon was secured for Klamath county," says E. J. Ejdstedt, field agent of the animal husbandry department of the Oregon Agricultural college, speaking of the carload of registered stock purchased by L. A. West, livestock project leader of the county farm bureau, which will be sold here at auction under direction of the farm bureau Saturday, March 13.

## RINGWORMS ON SISTER'S FACE

Itched and Burned. Skin Sore. Cuticura Heals.

"My little sister had ringworms on her face. The skin was sore and red, and itched and burned so she often scratched it. The face by scratching. The breaking out caused disfigurement, and it kept getting worse."

"I saw an advertisement for Cuticura Soap and Ointment and sent for a free sample, and her face was healed with one full-sized cake of Soap and one full-sized box of Ointment." (Signed) George A. Rupp, R. F. D. 1, Putty Willow Farm, Chesaw, Wash., July 23, 1919.

Use Cuticura for all toilet purposes. Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. R. Mailbox, No. 10, Southbury, Conn. Or, Dept. 51, Southbury, Conn. Cuticura Soap shaves without mug."

herds in Union county, famed over the northwest for its prize Shorthorns. Eighteen head of registered Shorthorn calves were also purchased for distribution among the members of the county boys' and girls' industrial clubs. The pick of the eight head of bull calves in the lot is easily worth \$600 now, says Mr. Ejdstedt.

# Painless Parker Ethical Dentist

### Announcement by Himself

I THINK no man ever lived who believed in dental ethics more than I do. For over a quarter of a century I have used every form of advertising that I could buy to make dentistry plainly understood by the masses of people and have given hundreds of lectures on the public highways. I have fought against professional secrecy and openly opposed those who have kept the people ignorant of the dangers of neglected teeth and who have confined their practice to the well-to-do. Publicity is the only cure for public abuses. Nothing like advertising to educate the people!

I have no use for dental trusts which keep prices high. I do not believe in exclusiveness, nor in putting dignity ahead of service.

I am so ethical that I have adopted every good business method and economy to put dentistry within the reach of the masses. I believe in the ethical idea of Group Dentistry, which means several dentists practicing together under the special plan, of which I was one of the originators. In this way each man does the kind of work he is most skilled in doing, and the public profits by it, getting not only better dentistry, but in less time. I consider it the highest form of quackery to charge more for dental work than it is worth or to have patients make any more calls than are absolutely necessary.

I am both a dentist and a business man, considering one just as honorable as the other. It is the constant endeavor of my associates and

myself to increase our practice by rendering a better dental service at a fair price than unethicals in one-man offices can render at any price.

The E. R. Parker System in Dentistry represents my life work. Associated with me in the development and use of this System are many skilled and experienced dentists who regard for ethics as just as high as mine. All of us take much pride in seeing that the E. R. Parker System is now used by the largest organization in the world practicing dentistry. We operate 24 different offices and treat thousands of patients every year. It surely pays to be ethical, which is something that cannot be said of being unethical.

In the Portland office there is a modern equipment of X-Ray apparatus, by the use of which photographs are taken of the tooth roots and jaw-bones. In this way the causes of many diseases of the blood, stomach, heart, kidneys, nerves and lungs are found. Very often the extraction or proper treatment of a tooth will restore a sick person to health, the X-Ray helping the dentist to find where the infection is located.

If your teeth are bothering you, it is highly advisable to visit the Portland office and have X-Ray pictures made of them. The process is quite simple, and it can be done in a few moments at very little expense. No one can tell what condition the tooth roots are in except through X-Ray pictures.

At every Giant Powder plant the chemical laboratory controls the processes of manufacture. They make continuous tests that insure the unvarying high quality of Giant Powders. Each pound of Giant Powder is exactly like every other pound of the same grade. Such uniformity means economy, efficiency, safety. Professional users of Giant Powders—miners, quarrymen, contractors—all know that the name "Giant" stands for utmost dependability in explosives.

The CHEMIST says—  
"genuine GIANT is always uniform"

# Stop and Think—Health Depends Upon the Kidneys

Increasing Death Rate Each Year From Preventable Kidney Diseases

In our pursuit of the mighty dollar, we too often are absorbed in the topics of the day, pleasure, etc., to stop and consider our health. Stop now—think—kidney disease caused 100,000 deaths last year. Are you going to be included in this year's toll? Why, you will exclaim, do so many die, why are the health authorities so concerned? The answer is, we bolt down our food, take no exercise, neglect our sleep and otherwise subject our system to all sorts of abuse. Is it any wonder, then, the kidneys become diseased and fall in their duties of poison elimination?

Poisons are constantly being created in our bodies and if the kidneys fail to carry them off they are absorbed by the blood, causing ill health and misery in the form of headaches, backaches, tired feeling, indigestion, etc.

"I wish to say that your remedies have been used in our family for about fifteen years. We are never without a bottle of Warner's Safe Kidney and Liver remedy in our home, and it has saved many a doctor's bill. It is a wonderful medicine for all diseases of the kidneys and liver."—Florence E. Schmidt, R. F. D. No. 1, Dunkirk, O.

Sold by leading druggists everywhere. Sample sent on receipt of ten cents. Warner's Safe Remedies Co., Dept. 255, Rochester, N. Y.—Adv.

You may avoid considerable suffering if you heed nature's warning and assist the kidneys. Warner's Safe Kidney and Liver Remedy is a reliable preparation made from herbs and other beneficial ingredients that has been used with excellent results for 40 years. It assists the kidneys in their important duties, strengthens and helps repair the wasted tissues. It is very effective and is used in thousands of homes. Read what this grateful woman says:
