executive committee the 14 delegates from Alabama, who will be selected at a state convention to be held at Birmingham on May 19, will be unopposed.

Analysis of the returns received from Alabama indicates Governor Lowden to be first choice of the republicans in 69 per cent of the counties.

The poll on second choices shows Lowden first and Harding a close second. Wood and Senator Hiram W. Johnson are tied on second choices.

As the sentiment in the state seems to be strongly for Governor Frank O. Lowden of Illinois, it is quite possible that Alabama may yield to Illinois, giving the supporters of the governor of that state the chance to get his name before the convention first.

CHRISTIAN SCIENCE TRUSTEES VICTORS

Court Holds Church Directors Lack Control.

TWO BOARDS CO-ORDINATE

Trustees Held Under Decision to Be in Independent Control of All Church Publications.

BOSTON, Mass., March 6.—The trustees of the Christian Science Publishing society may not be controlled by the directors of the mother church, the First Church of Christ, Scientist, in the opinion of Judge Frederic Dodge, whose findings as master in the Christian Science suits was filed with the supreme judicial court of the state today.

The trustees of the publishing society claimed that under their deed they were independent of control by the directors. The directors contended that under the by-laws and manual of the mother church they were the supreme authority over all its activities.
