Walter Joseph Schmidt, the Pirates' backstop, was the leading non-steal catcher in the National league, but he was so far behind O'Neill as Saturday is behind Sunday. Walter caught in \$5 contests and 62 bases were stolen on him, for an average was supported by the first properties and the respective games are instinctive and inherent. STANFORD AND CALIFORNIA SET DATE FOR TOURNAMENT.

Both Colleges Rumored to Possess Much Excellent Material in Several Classes.

PALO ALTO, Cal. March 6 .- Boxing again will be an intercollegiate sport between Stanford and California and the date for the annual tournament between the two universities has been set for March 11. It will be held in the Encina ring at Stanford. Stanford has been developing some good material this year and it is the belief of Harry Maloney, former box-

peat her performance of the last two years by winning the majority of the decisions in the bouts with California. All bouts will be four rounds.

For the first time since boxing was established as an intercollegiate sport Stanford will be able to make a strong showing in the heavyweight class. Carl Reiterman of Palo Alto is the most favored candidate in this class.

boxing in the tournaments by an acci-

dent, is again in winning form.

Another veteran in the light-heavy-weight class is Jere E. Hurley of Alsion, Cal., who won this division in 1917. Mark Evans is the strongest contestant in the middleweight class and is showing exceptional form this season. Joe Murphy of Tonopah. Nev. will enter again as a welterweight.

Murphy is the favorite of Stanford
fank and won his bouts in the last
two intercollegiate tournaments.

A series of three local boxing tournaments have been arranged to give

new contestants a chance to show their ability and qualify for the match with California.
