Democrats to Make Trouble for Senator Nugent.

NINE OUT FOR GOVERNOR

Republicans Warned Borah May Be Candidate for President. Non-Partisan Stirs Trouble.

BOISE, Idaho, March 6 .- The right of United States Senator John F. Nugent, junior member from Idaho in upper halls of congress, to succeed himself is being questioned by those in his party who have never been classed as his admirers and who believe that even if neminated he cannot be elected. It had been generally taken for granted that Nugent would escape opposition in the next state convention. But it is now clear this is not to be. Anti-Nugent forces have been bury for the last few months. If Nugent is to be nominated it is clearly apparent he will have to start oiling up his political machine, and that quickly, for the opposition has an excellent start.

Fight on Nugent Begun. Democrats are greatly interested in a report that appeared in a recent issue of the Twin Falls Chronicle, edited by W. M. Stevenson, former state senator from Shoshone county, at one time editor of the Wallace Press-Times, and for many years closely identified with the interests of Harry L and Jerome J. Day, promi-ment mining men, to the effect that toward the junior senator or are less ardently his admirers. They still bear him good will, but they feel that he cannot win. Either Patch or Gooding can take his measure. His alignment with the Noupartisan league and other radicals was responsible for his elecradicals was responsible for his elec-tion two years ago. Men Mentioned for Governor.

State Chairman Day having issued the call for the state committee to meet at Moscow and the time and meet at Moscow and the time and place for the state conventions having been fixed, democrats are casting about to get a lineup on candidates for the congressional and state offices. No less than nine men are mentioned for governor, which is not to be taken as an indication by any means that all of them will be in the race. They are former Governor Alexander, Boise: Judge James R. Bothexander, Boise: Judge James R. Bothwell, Twin Falls; W. T. Dougherty, former secretary of state, Boise; D. L. Maind; William M. Morgan, justice, Moscow; Joseph T. former state chairman, Bolse; Evans, Malad; William M. Morgan, chief justice, Moscow; Joseph T. Pence, former state chairman, Boise; K. I. Perky, former United States senator, Boise; Mayor Whitaker, Pocatello; T. A. Walters, former attorney-general, Caldwell. Dougherty, Evans, Morgan, Pence, Perky and probably Alexander can be eliminated, although democrats are saying now that if it democrats are saying now that if it ent such a determined argur Alexander that he cannot afford to decline the nomination.

Republicans Get Warning. Any attempt made to pledge the delegates from Idaho to the republican national convention at Chicago in such a way as to embarrass of jeopardize the interest of United States Senator William E.
