

CADETS VIE ON FIELD IN COLLEGE TOURNEY

Commissions Awarded to Officers at Corvallis.

LARGE CROWD ATTENDS

Programme Is Opened by Formal Guard Mount—Governor Olcott Praises Exhibition.

OREGON AGRICULTURAL COLLEGE, Corvallis, March 12.—(Special.)—The largest and most varied military tournament ever held here was staged tonight featuring "stunts," drills, exhibitions and contests by members of the infantry regiment and engineer motor transport and field artillery units.

Governor Olcott was the guest of honor. The governor expressed his surprise and enthusiasm over the showing of the military department here. W. J. Kerr, president of the college, also was present and took part in the ceremony of presenting commissions to the cadet officers.

The bleachers and balconies were crowded with between 3000 and 4000 spectators.

Formal guard mounting by one company of the regiment opened the entertainment with the reserve officers' training corps band playing. This was followed by a drill by 100 girls from the physical education department. This drill, directed by Miss Edna Cocks, while calling forth a great deal of applause, was not military in nature.

Manual of Arms Contest Held.

Competitive drill in manual of arms was also held, with two entrants from each company. A competitive drill by gun guards from each of the artillery battalions was given.

A thrilling bayonet demonstration was given by a special detachment of men taking this work. Disarming and throwing the opponent to the ground was done so effectively that the audience cheered.

Another interesting event was the equipment race, in which the various parts of the cadets' apparel was scattered over a 60-yard course and the contestants were required to assemble the pieces and finish the course in competition for speed.

Caterpillar Race Is Held.

Teams of ten men from each unit of the reserve officers' training corps were entered in a spectacular "caterpillar race," each team running in step, astride a pole, and going to one end of the hall, there to turn around and race back to the tape. A large box of candy was the prize.

A unique demonstration of the use of the machine gun, shooting 1000 rounds of blank ammunition, was given.

Commissions, tied in red, white and blue ribbon, were presented by President Kerr to all the cadet officers in a pretty ceremony in which the officers marched into the armory in company of four and approached the post of honor in a single line, armed with sabers.

The field artillery figured strongly in the rest of the programme. A mounted wrestling contest with nine men trying to unhorse each other furnished loads of amusement.

The last event of the evening was an exhibition of artillery driving and firing, and the field pieces roared as the crowd left the grounds.

STATE BONDS SUGGESTED

PROPOSAL HAS INDEORSEMENT OF POST COMMANDERS.

Convention Adopts Resolution in Favor of Constabulary Force of 100 Men.

YAKIMA, Wash., March 12.—Eighty American Legion post commanders from all parts of the state today unanimously approved a bill drafted by the executive committee of the state organization providing that every Washington man in the world who had paid a state bonus of \$15 for each month since 1914 should be eligible for a state bonus of \$15 for each month since 1914.

Though questions of referendum or initiative action to place the proposal before the people of the state, in case of failure by the legislature to enact the measure, were discussed, the final decision was to put it up to the legislature at the special session this month.

The convention also adopted resolutions indorsing a proposal to create a state constabulary of 100 men, nine officers and seven clerks, under supervision of a state police board, of which the governor would be chairman and the only paid member.

Action upon this measure in the special legislative session will be urged. Speakers declared that immediate enactment was desirable in view of the political uncertainties of the coming election and a prospect that radical opposition would increase the difficulties of passing such a law.

The visiting commanders were entertained tonight at a banquet following adjournment of their business session.

PICKET HEARING IS SET

Oregon Supreme Court to Hear Arguments in Appeal.

SALEM, Or., March 12.—(Special.)—The case brought by George L. Greenfield, operating under the title of the Wright Sample Shoe company of Portland to enjoin the Portland Central Labor council from stationing pickets in front of his establishment, has been set for hearing before the Oregon supreme court March 22. This action originally was tried in the circuit court of Multnomah county, with a verdict given in favor of the defense.

A similar date has been set by the supreme court for hearing the case of the G. I. Heitkemper company of Portland, against the Central Labor council. The Heitkemper action involves the same questions.

Ten Cent Fare at Walla Walla.

WALLA WALLA, Wash., March 12.—(Special.)—Announcement was made today by C. E. Walters, general manager of the Walla Walla Valley railway company, that on April 15 the rate of fare on the Walla Walla street car lines will be increased from 8 to 10 cents. A tariff embodying this increase has been filed with the public service commission to become effective on this date. The company states that operating expenses have been increasing steadily and that increased wages were granted recently to practically all employes.

GRAY'S Selling Good Chesterfield Suits and Overcoats at Forty, Fifty and Sixty.

This is only possible at this time because of our profit-sharing policy, through which our patrons are enabled to buy clothes at a saving of from \$5 to \$15 on the garment under the prices charged by other stores. Don't take our word for it. Make comparisons and satisfy yourself.

Compare Gray's Suits and Overcoats with those sold by other stores for \$40. Compare Gray's Suits and Overcoats with those sold by other stores for \$50. Compare Gray's Suits with those sold by other stores for \$60.

GUARD HOLDS OPEN HOUSE

BANQUET SERVED IN TRUE ARMY STYLE ON MESS TABLES.

Organization Less Than Year Old, But Already Has Membership of Over Six Hundred.

The Multnomah Guard held open house last night to its members, their relatives and friends. A banquet in the Clackamas, in true army style, was served by a corps of former home defense soldiers on three long mess tables in the club's quarters in the Chamber of Commerce building.

Following "mess," bridge and whist were participated in by some, while others enjoyed themselves in the billiard rooms. A short business session was held later in the evening, at which plans were discussed for the future of the organization.

The club, which is less than a year old, is the perpetuation of the famous Multnomah Guard, the crack home defense regiment of Oregon which won much praise from local, national and foreign army officers. It has a membership of more than 600, has club-rooms with modern appointments, and looks forward to the day when it will be housed in its own home.

Major Dan E. Bowman is president of the organization, with F. R. Whittlesey as manager and executive secretary.

LEGION WILL CELEBRATE

Programme Arranged for Theater on St. Patrick's Day.

NORTH BEND, Or., March 12.—(Special.)—Arrangements are being made here by a committee representing the various locals of the Loyal Legion of Loggers and Lumbermen for a big get-together of the members of the organization and their families on the evening of St. Patrick's day (March 17). The Star theater has been engaged and a programme of music, speaking and amateur vaudeville will be given.

A business meeting of all the members of the Loyal Legion of Loggers and Lumbermen will be held March 13 at the Oddfellows' hall at Marshfield when the proposed increase in the minimum wage for mill workers from \$4.50 to \$5.50 per day will be considered.

VANCOUVER DOCK WANTED

Special Election Desired to Authorize New Municipal Wharf.

VANCOUVER, Wash., March 12.—(Special.)—The date of the special election to bond the city for \$150,000 to build a dock on the Columbia river on the city levee, will be decided Monday evening, when the ordinance, which has been drafted by W. C. Bates, city attorney, under instructions from the council, will be up for the first and second readings.

The ordinance provides that not more than \$150,000 shall be spent for the dock. Part of the dock of the G. M. Standifer Construction corporation is to be used in the new dock, and for this reason Arthur Shumway, city engineer, suggests that the work be done on a cost-plus plan.

FARMERS' FEAR DISPELLED

Heavy Rain for Last Several Days Relieves Alarming Condition.

NORTH BEND, Or., March 12.—(Special.)—The fear recently entertained by farmers and loggers throughout this section of a shortage of rain to supply the crops and float the logs out of the mountain streams to supply the mills during the summer months has been dispelled by the heavy downpour during the past several days.

The Coos and Coquille rivers and their tributaries are reported to be

REPEAL OF LAW SOUGHT

LABOR DISLIKES ACT AGAINST CRIMINAL SYNDICALISM.

Boilermakers' Union Takes Lead in Movement as Result of Trials Now in Progress Here.

NEW YORK, March 12.—(Special.)—The prospect of wireless telephone speech between England and America is arousing interest in London. The experiment already has been tried abroad with success, according to a director of the Marconi company in London, who says that he recently had a conversation via wireless with a man in Canada. Connection with the wireless station is established through the ordinary telephone exchange.

The effect on present cable rates would be tremendous, according to experts, who say that it would be just as easy to carry 20,000 words daily by wireless telephone as to carry 5000. Charges would depend upon the use made of the system.

ILLEGAL BURIAL CHARGED

Funeral Alleged Held Before Obtaining Death Certificate.

A warrant was issued yesterday against Holman & Co.'s undertaking establishment for alleged violation of the state law governing burial, according to a statement from the state health office. It is charged by the plaintiff, the state board of health, that the firm buried 8-year-old Fannie Jacobs of 171 North Twenty-first street before obtaining a death certificate.

The child died of sleeping sickness on March 6 and the body was interred on the following day. No report, it is alleged, was made to the health officers until after the funeral.

ALIEN LAND BAR URGED

California League Plans Initiative Measure on Ownership.

SAN FRANCISCO, March 12.—Plans to submit to the people of California as soon as possible an initiative petition designed to prevent aliens, ineligible to citizenship, from controlling or operating agricultural land in any other capacity than as laborers were made today at an executive conference of representatives of the California Oriental Exclusion league and other affiliated organizations.

This action was taken in preference to waiting for the next session of the legislature to deal with the question.

DIARY EXPOSE PROTESTED

Mother of Pretty Divorcee Murderer-Suicide Brings Suit.

CHICAGO, March 12.—Mrs. Jennie M. Vale, mother of Mrs. Ruth Randall, pretty divorcee who a week ago killed Clifford Bleyer, wealthy advertising man and then ended her own life, brought suit for \$150,000 damages against the Illinois Publishing & Printing company, publishers of the Chicago Herald-Examiner, today.

The suit is based on the "unauthorized publication" of Mrs. Randall's diary, which was found in her apartment after police broke down the door.

CENSUS FIGURES ISSUED

Increase of Population Shown for Two Cities Mentioned.

WASHINGTON, March 12.—Population statistics for 1920 issued today by the census bureau included: Lancaster Pa., 55,150, an increase of 1923, or 12.5 per cent over 1910. Knoxville Tenn., 77,818, an increase of 11,475, or 14.7 per cent.

REPEAL OF LAW SOUGHT

LABOR DISLIKES ACT AGAINST CRIMINAL SYNDICALISM.

Boilermakers' Union Takes Lead in Movement as Result of Trials Now in Progress Here.

Repeal of the state law against criminal syndicalism is to be urged by the labor organizations of the city, according to action which has been taken by the central labor council, following the lead of the Boilermakers' union. It is under the provisions of this law that the prosecution against certain alleged "wobblers" is now being carried on by the district attorney in Judge Morrow's court.

That the movement for the repeal of the law against criminal syndicalism is a result of the trials now in progress is indicated in an account in the latest issue of the Oregon Labor Press, the official publication of the unions here, which states that "if a conviction is secured and upheld by the supreme court, many workers believe the last vestige of freedom is gone."

The movement for repeal took first definite form in the Boilermakers' union, according to the account in the labor publication. A resolution urging the repeal of the law was drawn up by them and concurred in by the Metal Trades council and later indorsed by the Central Labor council.

MAN FOUND UNCONSCIOUS

Ernest C. Lehrer Declares He Was Run Down by Auto.

Ernest C. Lehrer, 229 Grand avenue, was picked up unconscious on Terrywilliger boulevard last night and taken to the Emergency hospital by Dr. Emma Maki Wickstrom. When he recovered, he told the physicians that he had been walking on the road and believed he had been run down by an automobile the driver of which went on without offering to assist him.

Mr. Lehrer suffered cuts about the head and injuries to his thigh. His hurts are not considered serious.

Opponents of capital punishment met in room A of Central library yesterday afternoon and were addressed by Rev. Frederick K. Howard, whose subject was "The Teachings of Christ Applied to Capital Punishment." Mrs. Millie Trumbull discussed "The Menace of Circumstantial Evidence," and Dr. Samuel C. Kohn dealt with "The Psychology of Crime and the Abolition of Capital Punishment."
