BRIDGE MAY BE PLANKED

EFFORT TO CONVERT RAILROAD SPAN STARTED.

Folks at The Dalles Want Some Better Way of Getting Across Than Ferries Now in Use.

THE DALLES, Or., April 10.—(Special.)—The banquet of the chamber of commerce last night was featured by a step taken to adapt the railroad span across the Columbia river near Celilo to vehicular traffic through planking. The last official act of W. H. Wilson, retiring president of the body, was to appoint L. Barnum, cashier of the First National bank; F. J. Stadelman, mayor of the city, a committee to meet with a similar committee representing the Klondike county, Washington, and take up the proposition with Great Northern railroad officials. The need of a bridge at this point of the Columbia river is borne in upon Washington and Oregon residents every day who must send commodities across the river by a circuitous route and who must rely upon uncertain ferry service to get across the river themselves. The railroad span already crosses the river at Fallbridge and it is the intention of the committee of Klondike and Wasco counties to secure the concession from the Great Northern officials to plank the bridge, thus making it passable for vehicles. The fact that few trains use the easle leads the chamber of commerce to believe that the plan will meet with approval of the railroad officials.

VILLAGE TO BE BOOSTED

Eugene Business Men to Make Canvass in Interests of Tax.

EUGENE, Or., April 10.—(Special.)—More than 30 Eugene business men have volunteered to make a house-to-house canvass of the city in the interest of the millage bill for the state educational institutions. At a meeting at the chamber of commerce last night a committee was named to have charge of the canvass and plans were made. Among the plans will be the placement of a registration booth at some point downtown so that the people may be reminded that they should register for the election. Various organizations of Eugene and Lane county, including Lane county post No. 3 of the American Legion of this city, have gone on record as endorsing the bill.

COMMISSIONS ARE OPEN

Students Eligible for Permanent Rank in Army.

OREGON AGRICULTURAL COLLEGE, Corvallis, April 10.—(Special.)—Word received here by Major Perry from the war department indicates that many of the students who are temporary officers in the army will be eligible for commissions in a regular army. The new army organization bill will call for the appointment of 6000 officers. The commandant here has been provided with application blanks and it is thought that there may be some applications among student ex-officers. Competition among former officers whose country is said to be keen.

Commercial Club Reorganizes.

CLAMATH FALLS, Or., April 10.—(Special.)—Under the name of the Clamath County Chamber of Commerce, the old Clamath Commercial club, which lapsed into inactivity at the beginning of the war, has been reorganized. E. B. Hall is the pres-

ident of the new organization; H. N. Mon, vice-president, and A. M. Collier, treasurer. Eleven directors will be chosen April 15, and the directors will select a secretary. The directors will be selected from different parts of the county, each to have charge of one department of the development activities planned by the organization.

The Dalles Chamber Elects.

THE DALLES, Or., April 10.—(Special.)—The chamber of commerce last night at its annual election selected a board of directors to serve the ensuing year. They are: W. H. Wilson, L. Barnum, N. A. Bonn, Hallie Rice, John G. Odell, R. T. Yates and J. L. Kelly. The first thing they will take up will be the establishment of an aviation field and landing base in this city.
