

SECRETARY POST IN LINE FOR TROUBLE

Probe of Alleged Friend of Reds Due Soon.

JUSTICE HELD THWARTED

Sensational Disclosures Promised in House Investigation of Assistant Secretary's Acts.

OREGONIAN NEWS BUREAU, Washington, April 24.—Much trouble is in store for Louis F. Post, assistant secretary of labor, in the near future unless all signs fail.

A report compiled from the records in several deportation cases by W. A. Blackwood of Seattle, a special investigator for the house immigration committee, will be submitted to the rules committee.

Many Offenses Charged. The Blackwood report contains about 200 newspaper columns of type and sets out case after case in which Post is declared to have stretched a point either to set free dangerous radicals held for deportation or to favor such lawyers as Harry Weinberger.

The report will show, it is understood, that in numerous cases Assistant Secretary Post canceled warrants for deportation after a full and fair hearing of the alien had been held and violent sympathies had been admitted.

Some Anarchists "Good." It will also be shown that Post has differentiated between good anarchists and bad anarchists, all the same as a minister or priest might discriminate between bad sinners and good sinners but don't.

Release is Ordered. When an immigration inspector went to Atlanta some time ago to examine him with regard to his deportation he declared that he had not

changed his mind. The record of the case shows a determination of Commissioner-General Cummings to deal firmly with Bosco, but that suddenly in response to a demand from Attorney Weinberger, Assistant Secretary Post ordered the alien released on bail of \$1000.

This is only one, however, of many such cases. It will also be charged, and evidence will be submitted in support of the charge, that radical lawyers have been able to get complete records of cases of aliens arrested, while such records have been denied to the house committee on immigration.

Removal May Be Asked. Just what form the action against Post will take is undecided. It may be that the house will ask the president to remove him, and then, if action is not forthcoming, the resolution of impeachment offered by Representative Hoch of Kansas will be considered.

WOOD IS FACING TEST

(Continued From First Page.) argued, the San Francisco convention can adopt a conservative platform and leave the candidate to take care of the radical vote. The theory is that Mr. McAdoo, like his father-in-law, would not be embarrassed by his platform. It will be recalled that in 1912 Mr. Wilson was pledged to construct the Panama canal, but no sooner did he win until both pledges were wrenched.

Labor Views Considered. Mr. McAdoo, it is reasoned would be judged in the minds of radical labor by any sort of conservatism in the party platform. Radical labor would judge him by his course of conduct while director-general of railroads in responding to each and every new wage demand and would depend upon him to do almost anything requested, even to seeking to turn the railroads over to labor under the terms of the Plumb plan league, if elected.

Governor James M. Cox of Ohio is picked by the dopsters for vice-president on the democratic ticket on the theory that he would appeal strongly to the "wets" of the east. Today there is a revival of third-term talk, but it is well enough known that there is no foundation for any pretense of knowledge as to what Woodrow Wilson has in contemplation. The truth is that the bulk of the evidence shows that he is not concerning himself with anything except the problem of recovering from a critical illness.

NEW EVIDENCE TURNED UP

(Continued From First Page.) wanted authority to examine "certain documents and records," but it is now understood that the original demand for the production of everything in the two plants is made in the petition of United States Attorney Humphreys.

Contrary to belief in official and semi-official circles, United States Attorney Humphreys will conduct the shipyard investigation before the federal grand jury, Benjamin L. Moore, assistant to Attorney-General Palmer, expects to return to Seattle tomorrow night to complete his work there in connection with the shipyard investigation which resulted in the indictment of Captain John F. Blain, former western manager of the United States shipping board.

As soon as he concludes with his work at Seattle, Mr. Moore will leave for San Francisco, where he will put in motion another shipping board investigation as a continuation of the probes now under way in Portland and Seattle.

It is not believed that Captain Blain, chief figure in the local shipyard investigation, will be called here for appearance before the federal grand jury. The fact that the North-west Steel company and the Columbia River Shipbuilding corporation each

paid to Captain Blain the sum of \$12,500 within a month from the time he resigned from the shipping board is one of the leading factors in the present inquiry. The shipyard officials in a public statement issued last week asserted these sums were paid to Captain Blain for his services as an inspector of hulls. The department of justice, in its petition to be presented in federal court tomorrow morning, demands the production of these employment contracts, which the shipbuilding concerns say they had with the former shipping board official.

Man Descends From High Power Wire After 14-Hour Pleading.

MOBILE, Ala., April 24.—After spending the night on electric, telephone and telegraph wires at the intersection of two of the principal streets in the downtown section, Charles Sanders, a lineman, descended safely early today into the arms of waiting policemen who had pleaded with him for 14 hours to forsake his perilous perch.

The officers said Sanders was crazed with narcotics, of which he had partaken at intervals while in the air. He told the police he believed the crowds which had gathered to watch him were bent on lynching him. Sanders is well known here. Some years ago when several men were buried under a falling wall during a theater fire he was lowered to the ruins by a rope and rescued all of the men. He received a purse for his bravery.

WOMAN KILLED BY TRAIN

Husband Drives Car on Track Directly in Front of Engine.

SALEM, Or., April 24.—(Special.)—No inquest will be held in connection with the death of Mrs. Edward Schoor, who, while riding in an automobile with her husband, was run down by a Southern Pacific train at Hubbard last night and killed, according to an announcement made by Coroner Clough, who returned from the scene of the accident today. Dr. Schoor, who was injured, is said to be improving and is not considered in a serious condition.

Investigation of the accident according to the coroner, showed that neither Dr. nor Mrs. Schoor heard the approaching train and drove their car upon the track directly in its path.

Edwards Four-Room Economy Outfit \$40

Sent to Your Home on Payment of... Difference Arranged to Fit Your Individual Requirement—If Entire Outfit is Not Needed, Select Any Piece or Pieces.

Living Room—\$85.25. Both Rockers illustrated are of solid oak. Library Table is also identical to illustration and has 2x2 25-inch top of quarter-sawn oak. The Arm Chair has been replaced with one of Horizontal Brown Wicker with cretonne cushion seat and back.

Dining Room—\$78.75. Six very sturdy chairs with saddle-shaped seats, braced with heavy metal brackets, against the back posts. Table has 18-inch quarter-sawn oak top that will open to six feet. All are finished in hand-rubbed golden wax to match the living-room set.

Bedroom—\$133.00. This is the beauty—Lustrous old ivory enamel, hand-decorated with "Old Roses and Polices" in soft blue in the window today—see it. If desired, you can have the same hand-decorated with Blue Birds and Blossoms. You could pay \$175 or \$200 for a similar suite, but it would not outstep either of these for class.

Kitchen—\$30.80. The Table is far better than the illustration shows. In construction the four Windsor-back chairs are identical to the illustration. All are finished in white enamel, the same as the table base. You can have either round or square style top table.

A Real Combination—Edwards! Why?

Because there are two separate and distinct ovens—two separate and distinct ventilated ovens. To bake with gas you MUST have a well-ventilated oven. To bake with wood and coal you MUST have an absolutely tight oven. FURTHER, to have a purely ventilated oven when baking with gas, the ventilation holes MUST be in the top (look at any individual gas range oven). GAS BURNS THE OXYGEN OUT OF THE TOP—WHAT IS THE RESULT? THINK IT OVER!

Indeed You Can Use Both Ovens and Both Tops at the Same Time, if You Like

Body is built entirely of cast. Wood and coal oven is also of cast. Gas oven, broiler and canopy over gas burners are of highly polished blue steel. Four 1/2 wood and coal top, four-burner gas top. 18x15-inch wood and coal oven, 18x15-inch gas oven. Broiler and gas oven. Gas fire-lighter in fuel box. All polished top, Nickel-front leg base. Plain nickel trimmings. All enamel. White enameled hucks. White enameled oven doors. INSTALLED, INCLUDING HOT COILS AND GAS CONNECTED. \$20 Cash—\$3 Week—No Interest.
