

FALL COMES AFTER 22 YEARS OF RULE

Guatemala Chief Likened to Porfirio Diaz.

ASSASSINS ARE DEFEATED

Attempts to End Life of Manuel Estrada Cabrera Fail Because of His Bravery.

GUATEMALA CITY, April 24.—(By the Associated Press.)—Manuel Estrada Cabrera, deposed president of Guatemala, is reported to have fled to Cuba following a revolution which began last February, had the distinction of governing the Central American republic for 22 years.

Growth of the unionist party in Guatemala, the members of which favored an amalgamation of all the Central American republics under one government, was opposed by Cabrera on the ground that it was "reactionary." Upon his reinauguration as president, in 1917, he issued a decree severing relations between Guatemala and Germany. During the three succeeding years Cabrera's administration had been marked by internal dissensions and difficulties with Honduras and other countries close to the Guatemala border. Numerous uprisings occurred during his regime, and many attempts were made on his life. In 1907 he caused the arrest of 160 men on a charge of conspiring to assassinate him. Nineteen of these, who were tried and sentenced to death, were executed.

Bomb Thrown Under Carriage.

Many other attempts had been made to kill him. On one occasion a bomb was thrown under his carriage. Cabrera from the Guatemala military academy, who acted as his escort, attempted to shoot him on April 21, 1908, when he entered the national palace to receive the American minister, William Helmke. He suffered a bayonet wound in the hand and escaped death only by his bravery.

Carlos Herrera, a financier, was chosen provisional president on April 22 upon the ousting of Cabrera, who abandoned Guatemala City the next day and announced that he and a number of troops who had remained loyal would return to the country to supply and food shipments until "the rebels begged for terms."

Cabrera concentrated his quarters at La Palma, Matamoros and San Jose and, dominating Guatemala City, began to shell the capital, killing, it was reported, many civilians. Meanwhile the revolt against Cabrera spread over the entire country. Cabrera's government was many months before like that of Porfirio Diaz, who ruled Mexico for years with an iron hand. He was born in Guatemala on November 21, 1857, and received his preparatory education in the schools of that district, the second most important in Guatemala. Later he attended a law school in Guatemala City, from which he was graduated in 1882.

Country Greatly Developed.

General Justo Rufino Barrios, then "dictator," named him as chief justice of the department of Retalhuleu, where he remained until 1888, when he was appointed to the post of chief justice of the department of Quetzaltenango, his native district. In 1888 he was made a justice of the court of appeals and later he became a member of the national assembly. Cabrera soon became a leader of the assembly. When he had achieved this place, Barrios was exiled to the streets of Guatemala City in February, 1898, in election was called and Cabrera was elected president and successor. He assumed the presidency the following October.

It was then that the real development of Guatemala began. Cabrera built one of the most magnificent capitals in Central America. He was the first ruler to introduce into Guatemala modern hospitals and many schools. He opened up the country to railroad builders and restored the national treasury. He promulgated a decree of unconditional amnesty when he became president, thus bringing together all factions, and yet he proved strong enough to hold them in check when his enemies plotted to overthrow him, until the issue of Central American unionism arose.

HOME RULE BODY FORMED

NEW GROUP SEEKS AMENDMENT TO IRISH BILL.

Lord Dunraven Supports Movement to Enlarge Power of Self-Government.

DUBLIN, April 24.—A new organization has been formed in Dublin under the chairmanship of Stephen Gwynn, called the government of Ireland bill amendment group. The formation of the body is the result of an attempt from the popular side to make use of the home rule bill. Lord Dunraven has expressed his sympathy with the movement.

The group, which is composed of widely known business, professional and university men, will issue its manifesto tomorrow. In this document it puts forward as the basic principle of amendment of the measure the contention that the powers of self-government conferred upon Ireland in the bill should be enlarged, that the essential unity of Ireland should be more clearly recognized, and that harmonious action and mutual intercourse between the north and south must in greater measure be facilitated.

Daughters of American Revolution Go on Record in Favor of Liberty Memorial Park.

WASHINGTON, April 24.—Before leaving on their annual pilgrimage to Mount Vernon, Daughters of the American Revolution at a brief session today of the annual continental congress endorsed pending federal legislation designed to Americanize aliens.

The congress also went on record

as favoring universal physical education, federal aid to the states in maternity and child welfare work and creation of a forestry and agricultural experiment park of 100,000 acres near Washington, D. C., to be known as "liberty memorial park."

More than 800 delegates to the congress made the trip to Mount Vernon, where wreaths were laid on the sarcophagus of George Washington and Martha Washington and a tree from Yorktown, planted in soil brought from each of the 48 states.

With an address last night by Dr. David Jayne Hill, the annual meeting of the Daughters virtually was concluded. Routine business will be considered tomorrow.

POMERANIAN CLEANUP ON REACTIONARY ELEMENTS TO BE WEEDED OUT.

German Government's Crusade Has Already Resulted in Dismissal of 19 Councillors.

BERLIN, April 24.—(By the Associated Press.)—The government's process of weeding out reactionary elements from the provincial administration of Pomerania and elsewhere has resulted in the dismissal of 19 district councillors, all of whom were local magnates with historic names of the Prussian landed gentry. The provincial governments of Hanover and Koenigsberg were also dismissed. The socialist factions of the diet have drawn up a list containing a score whose dismissals they demand. Most of those dismissed will be prosecuted for misuse of authority.

The personal staff of the minister of defense is to be abolished. A large force of police and detectives from Sieddin descended upon Greifswald (Pomerania) yesterday. They searched students' clubs and private homes for those suspected of anti-republican leanings. Captain Genes, alleged to have been prominently connected with the recent Kapp revolt, was arrested.

USE OF HOSPITALS ASKED

Legion Adjutants Seek Aid for Tubercular ex-Service Men.

INDIANAPOLIS, Ind., April 24.—State adjutants of the American Legion in conference in national headquarters yesterday adopted a motion urging Secretary Baker to throw open the army general hospitals to tubercular ex-service men. Colonel W. S. Terriberry of the United States public health service, said care of the tubercular men was one of the service's great problems, especially in the southwest, where many had gone seeking a beneficial climate. Another big problem, he said, was nervous diseases, whose victims numbered about 70,000. The peak of that trouble, he said, would not be reached until about 1931, and that, therefore, many of the patients would require permanent care.

THREE PACKERS INDICTED

ARMOUR, SWIFT AND WILSON ALLEGED PROFITEERS.

Answer to Jury's Action Asserts Interference With Law of Supply and Demand.

NEW YORK, April 24.—Indictments charging profiteering in meats were returned Friday by a federal grand jury in Brooklyn against the Chicago packing houses of Armour & Co., Swift & Co., and Wilson & Co., and their representatives here.

CHICAGO, April 24.—Concerning the indictments returned Friday by the federal grand jury in Brooklyn against representatives of Chicago packers, Armour & Co., made the following statement: "Bucking the law of supply and demand with indictments is like buying at the moon, so far as it affects price fluctuations in marketing meat. Fresh meat is a perishable product and as such is most responsive to supply and demand."
