ANOTHER BOOST AND SHE'S OFF. A week ago we published this advertisement and it brought in a nice bunch of business. Now let's put this little metal plating works on the map.

"There is a little metal plating works on the S. E. corner of Union ave, and East Burnside st. They do all kinds of silver, copper and nickel plating. They are a new Portland industry and need your patronage. They have room for another expert finisher to come in as a partner (he could buy by interest for \$500). Why not have them poish those risty auto parts or put your table silver in condition for the Shrindra? Here is a chance to be a big help in keeping a nice little industry in Portland. Give them a boost. They need it." Now, altogether!
