GRAIN BODY TO BE NAMED

COMMITTEE OF 47 TO PLAN
HANDLING WHEAT CROP.

Action to Be Taken on Resumption
in Trading When Guaranty
Expires May 31.

CHICAGO, May 8.—A committee of 47 representing all branches of grain production and marketing will be appointed to plan the handling of the wheat crop and to take action on the resumption of trading in wheat futures after May 31, when the wheat guaranty act expires, it was decided Friday at a meeting of board of trade representatives, grain dealers, millers, elevator men and bankers, called by Julius H. Barnes, federal wheat director.

At the same time a committee of 16, composed of two representatives to be appointed by each of the eight exchanges where trades in futures have been handled, Chicago, Duluth, Minneapolis, Omaha, Toledo, Milwaukee, Kansas City and St. Louis, to make recommendations on the suggestions from all elements concerned and will report its recommendations to the general committee, which will take action.

A committee, headed by Fred B. Wells of Minneapolis, was chosen Friday to arrange for the organization of the general committee of which they will be members, with Mr. Wells as chairman.

Mr. Barnes, in an address, said there were "untold difficulties" in the suggestions of grain exchanges that the government invoke the embargo privileges of the Lever act, if necessary, to prevent a pool of foreign governments from manipulating American wheat markets.

He said that inadequate inland transportation facilities offered a hazard to a return to an open market.

WAGE DISPARITY RAPPED

JUDGE LANDIS SCORES FEDERAL BANK SALARIES.

Sentence of \$30-a-Week Offender
Deferred—Superiors Get \$10,-
000 to \$35,000 a Year.

CHICAGO, May 8.—Judge Kenesaw Mountain Landis attacked salaries paid by the Chicago Federal Reserve bank Friday when Homer B. Whitehead, manager of publicity and in charge of the bank's mailing department, appeared in court to plead guilty to padding his departmental payrolls.

Whitehead told the court he received \$20 a week.

"That's an outrage," Judge Landis declared. "Here is a man, manager of a department that has more than 60 men in it. The salary is a disgrace. I want the cashier of the bank brought into this court to explain why this man is not better paid."

Sterling B. Kramer, cashier of the bank, was summoned. In response to questioning by the judge, Mr. Kramer said his salary was \$10,000 a year and that of the governor of the bank \$25,000.

Judge Landis deferred sentence on Whitehead until May 13.
