### LOVELY FROCKS OF SOFT SILK AND VOILE GO WITH DROOPING LEGHORN PICTURE HATS

New Sport Sailor of Black Milan Has Brim Narrow at Back and Scoops Down in Front-Upturned Tuck Set at Hipline Breaks Plain Gathered Skirt.

ITH these gay 1870 chapeaux. which are being revived just now, one must wear the frilllest, most feminine frocks of taffeta, organdie, dotted swiss or flowered voile—the last named material dup-licating the flowered muslins that grandma used to wear. Nobody wears muslin now, but the flowered voiles with their quaint, lovely patterns re-produce the effect very nicely. And of course the more ruffles the better

Tourse the more ruries the better—to carry out the effect.
For women who do not look well in pert hats and ruffles, and are wise enough to avoid them, there are lovely frocks of soft silk and voile with more clinging, draped lines. With these go drooping picture hats of leg-horn and of wired lace trimmed with ostrich or roses. And for all women are stunning tailored frocks of linen—the fabric of fabrics this season good looking frocks trimmed with buttons. These will be accompanie buttons. These will be accompanied by smart, simple sport hats of fine, supple straw banded with grosstrain ribbon. A new sport sailor of black milan has a brim that is very narrow at the back and scoops down at the front. The grosgrain bow is tied straight across the front.

Frills upon frills appear in this summer day frock (653), of pale pink handkerchief linen with its flower girdle of ribbon. Not a frill is gathered, however. They are all cut on the circular, as dressmakers say, and

Declarer sees the club suit is the suit to endeavor to establish, so, having won the heart trick with the dummy king, he at once leads the club. His own two clubs, ace and queen, block the suit in dummy's hand, therefore, while under ordinary conditions he would undoubtedly finesse the queen, re realizes he must play the ace and endeavor to force the king on the second round, thus establishing the suit, while the dummy's still has the heart re-entry. Accordingly he plays the ace, next leads the queen, which forces the king and the suit becomes established. Should he play the queen and the finesse go wrong, as in this case it would do, the adversary winning with the king would at once take out the dummy's heart re-entry and his suit would never make. As it is the adversary's worst play would be to lead the heart, so he shifts the lead in the hope to reach strength in his partner's hand. Whatever he may lead, however, declarer immediately gets in and leads the heart, dummy secures the lead and makes his suit.

One may argue that if the king of club, had a the server what stilling as to the advisation of a fleesse, consider what should be the usual distribution of the cume on the will hold good and one must rely solely upon one's judgment, a strict application of the rules under ordinary conditions will enable one to win much more often than the reverse. Therefore, if holding nine cards is a suit, including both ace and its fourth player holds queen, you must bear in mind, calls for two smaller cards in order to be guarded, and if fourth player holds queen thus guarded, it will be good for a trick in any event. Not so, however, if it be but once guarded, therefore, if you hold a nine-card suit including ace and other bigh cards, though lacking the king, generally finesse.

HEALS STUBBORN OLD SORES
FROM BOTTOM UP.

Just like a hot flax-seed poultice,
Allen's Ulcerine Salve draws out polsons and germs from boils, sores and
wounds and heals them from the bottom up. It heals in one-third time that
common salves and liniments take.

Allen's Ulcerine Salve is one of the
oldest remedies in America, and since
1869 has been known as the only salve
powerful enough to reach chronic ulcers and old sores of long standing.
Because it draws out the polsons and
heels from the bottom up, it seldom
leaves a scar, and relief is usually
permanent. At all drugglests or by

Curl Hair This Way and Keep It Healthy

It has been found that the use of a harmless fluid which dauggists know as "silmerine," will keep the straightest hair in curl for the longest time, giving it the appearance of true naturalness, besides keeping the hair softer and glossler than possible with the heated iron. The liquid should be applied with a clean tooth-brush before doing up the hair, drawing the brush through the hair from crown to

The hair will be beautifully wavy and curling, and will be easily and locely on the head, as it should, considering its welfare from a hygienic standpoint. A few ounces of liquid silmerine will last for months and as it is really beneficial to the hair, it should be generally adopted by the fair sex. It will not apot or discolor scalp or hair, nor leave any sediment, grease or stickiness.—Adv.
