Senator to Have Full Say at Lewiston Convention.

WILSON TO BE INDORSED

Treaty of Versailles Without Res ervations Sure to Be Urged in Resolutions.

BOISE, Idaho, May 29 .- (Special.) --United States Senator Nugent will be President Wilson's personal representative at the Lewiston state convention June 15, when delegates are elected to the democratic national

clected to the democratic national convention at San Francisco, and will deliver the keynote speech before that conclave. Senator Nugent's friends in the democratic party in this state will be in complete control of the convention, having a majority of the delegates entitled to seats, and will be in a position to dictate the resolutions. There will be no wavering in the tone of the latter. They will indorse both the president and the administration, the treaty of Versailles without reservations and as presented to the senate of the United States, and the league of nations.

Friends in Centrel.

Friends in Control. Senator Nugent, as has been men-tioned before, will head the delegation to San Francisco and in the group will be a majority of his friends who are fayorable to his record in the senate and who will put forth every effort to bring about his re-election.

bring about his re-election.
Robert H. Elder of Coeur d'Alene, national general dispenser of federal patron-age, is a candidate to succeed himself in that exalted position and, judging from the activity that is being dis-played by his friends, he is going to be successful at Lewiston. An effort was made to defeat Elder at the Pocatello convention four years ago and might have done so had the opposition had an organization. But it did not, and Elder won hands down. He has been closely identified with the Nugeri machine in this state and proposes to remain national committeeman. As he is satisfactory to the poses to remain intional committee-man, As he is satisfactory to the junior senator and the lieutenants of that solon who are fighting his bat-tles, it is not anticipated here that he will have serious trouble.

Convention to Be Representative. The Lewiston convention will be the most representative gathering of democrats from a party standpoint that has been held in the state for years. This is the assertion of leading Bourbons and it has not been chal-Bourbons and it has not been challenged. Chairman Day made provision for this through the apportionment of delegates to the 44 counties. While the number will exceed the apportionment made by the secretary of state and all of the delegates will not be able to draw down their traveling expenses from the state, most of them will make the Lewiston trip. The accommodations of Lewiston are likely to be taxed to their capacity. From Ada county will go some of the leaders in the state, including former Governor Hawley, former Governor Alexander, former State Chairman Pence, former State Chairman Pence, former Attorney-General Martin and others.

Commercial Society Elects.

OREGON AGRICULTURAL COLLEGE, Corvallis, May 29.—(Special.)—Alpha Kappa Psi, honorary commercial society, elected officers for the ensuing school year at a meeting Wednesday as follows: William Luebke of Toutle, Wash, president; Don Campbell as secretary. J. I Stewart of Corvallis as treasurer, and George Powell of Portland, sergeant-at-arms.

Martin and others. It is likely that Senator Nugent will Join the Boise delegation here and travel with it to the north, where he probably will make an inspection of his political fences following the convention, giving a number of addresses in the north

in the north.

An effort now is being made to run special train to Lewiston carrying a special train to Lewiston carrying the southeastern and southern Idaho delegates. A check is in progress to ascertain the number that each county expects to send. When this is completed and it is found there are enough to warrant chartering a special, it will be made up at Pocatello on June 12 or 12 arriving in Lewis. on June 12 or 13, arriving in Lewis-
