

SCOPE OF CAMPAIGN PROBE IS EXTENDED

Presidential Activities to Come Under Spotlight.

PRESENT INQUIRY ENDS

One Witness Heard and Committee Adjourns Until July 9—Same Group to Continue Work.

WASHINGTON, June 5.—Investigation of expenditures in the presidential and congressional campaigns which will end with the November elections was ordered today by the senate.

The inquiry will be conducted by the same committee which has been hearing evidence as to pre-convention political financing. The committee heard one witness today and then adjourned until July 9.

Senate action today was on the resolution of Senator Pomeroy (democratic, Ohio), member of the investigating committee, and was taken in the closing moments of the session after a brief but spirited debate.

Borah Backs Resolution. Senator Pomeroy in attacking the committee declared that he was not deceived by these methods of procedure, and said the senate could not play favorites with either men or parties.

Press Declared Unfair. It was charged that the committee was seeking to control the political parties by Senator Borah, who asked if the party once led by Abraham Lincoln could afford to object to the consideration of such resolution, so they won't be under surveillance between now and next November.

Senator Kenyon, republican, Iowa, chairman of the investigating committee, presented a tabular contribution which, he said, were made in the last campaign by those supporting President Wilson and declared that a number of the contributors later were appointed to diplomatic posts.

Senator Robinson, democratic Arkansas, asked why Senator Smoot intimated such an investigation would be unfair when the republicans had a majority on the committee. "I only meant that the press was unfair," replied Smoot.

CONTRACT NOT ESSENTIAL

College Buildings May Be Erected by Day Labor.

RALEM, Or., June 5.—(Special.)—The board of regents of Oregon Agricultural college have a legal right

to erect new structures for school purposes by day labor instead of by contract, according to a legal opinion given by Attorney-General Brown today. The opinion was requested by W. J. Kerr, president of the college, and J. K. Weatherford, one of the regents.

FIRE STARTED BY CLOCK

OREGON CITY BROTHERS CONFESS ARSON CRIME.

\$20,000 Blaze Results When Firm Meets Hard Times and Insurance Is Boosted.

OREGON CITY, June 5.—(Special.)—Frederick F. Theroux and his brother, George Theroux, arrested on a charge of starting the disastrous fire of May 27, when a large portion of the Seventh-street business section was destroyed, confessed Friday night.

The examination was started as soon as the men were arrested. At first both denied all knowledge of the origin of the fire, but after several hours Frederick Theroux first admitted the charge. According to the story brought out the fire was started by the use of a time-clock placed in the rear of their place of business, which was set for 12:15 at night.

In giving a reason for the crime, Frederick admitted that he and George had about \$1500 and carried \$4500 insurance, and as his lease was up he had to start business at a new location.

Frederick going to a concert in Portland and George remaining in the city. The clock evidently worked to perfection, as the blaze was first discovered at 12:50, when the flames had spread, as the building was of wood and very dry.

The new auditorium at Arlington was filled Tuesday night for his inaugural appearance this season with an enthusiastic audience, representing all sections of greater Boston.

Thursday evening, under auspices of the University club, Mr. Riley entertained a company of members and guests.

Friday the visitor was warmly received by the presiding officers and members of the Massachusetts senate and house of representatives.
