GREATEST PAGEANT EVER SEEN ASSURED

Shrine-Festival Parade to Be Record-Breaker.

BETAILS ABOUT COMPLETE

More Than 600,000 Electric Lights to Feature Great Spectacle

What promises to be the greatest pageant ever presented in America, with over 600,000 electric lights feauring the spectacle, will be presented wice next week, once for the Shrin-

rs on Tuesday and once for the Rose estival on Friday.
And while the finishing touches ow are being made, if it were neces-iry the whole parade could be lined up in 24 hours.

Three hundred thousand people, epresenting every state in the union, annda, Hawaii, the Canal Zone and Alaska, are expected to witness the George H. Hutchins, creater of the

multi-colored floats which will be-dazzle Portland and her visitors, is roady and only awaits the word to start from George L. Baker, mayor of Portland, and grand marshal of the

Horses to Draw Floats. While the magnificent floats will

follow the car tracks and will draw their current from the trolley wires, they will, this year, not be electric-ally propelled. More than 100 picked horses, much-be-plumed and covered with vari-colored, electric-lighted blankets, the pick of the stables of the northwest, selected by Emanuel Herman, will draw the floats. In addition to the myriads of lights, hundreds of young women, the most beautiful of Oregon girls, will ride in the dazzling pageant.

Mr. Hutchins announced yesterday that he was ready. In three months he has accomplished what previously m Rose Festival occasions, usuall equired six months. Working three hifts, Mr. Hutchins started on his tupendous task March 22 with everyhing new, even to the crews. Today he is working two crews to put the finely finished touches on the work which represents an expenditure of \$30,000. He announced yesterday that to make it more pleasant and com fortable for the nobles who are fa miliar with the "hot sands," real, conest-to-goodness desert sand will obave the way along the trail of march, and that the cushioned foot of the camel also will meet with homelike terra firma. This sand will be laid between the rails of the tracks along which the electric pa-

rads will pass.

The following firms of the city have donated the pick of their stables Marshall Wells, 12; Oregon Transfer company, 8; Auto Dispatch, 8; Helser Bros., 12; C. C. Reports have reached the committee that already, in many instances, the wooden strips have been torn from this posts, causing great inconvenience and double work for the decorators.

Visitors Already Coming.

Already the "convention city of the universe of June, 1920," is filling rapidly with advance guards from all sections of the country. Shrine headquarters in the Gasco building yesterday and Friday were visited by more than 100 members of the order, who have arrived from outof-town and out-of-state localities. Nobles George L. Stannard and J. W. Caley of Kalispell, Mont., drove in from that city and report a wonderful trip, only one stretch of the road being reported in bad condition. That was between La Grande and Pendleton, where the party ran into a hard rain storm in the dark of night and were compelled to await daylight to proceed. The two have found abodes in private homes and will remain here till after the convention, making short tours around Portland till the conclave gathers. Mrs. Carey will arrive by train and will tour by auto with Mr. Carey on the return trip by way of Seattle and Spokane.

EAST HAMPTON, N. Y., June 12.—
Fear that an attempt might be made to harm Gloria, infant daughter of Enrico Caruso, has caused a heavy guard of private detectives to be thrown around the singer's estate here pending investigation of the half million dollar jewel robbery which occurred Tuesday.

A letter mailed from Weehawken, N. J., may prove a valuable clew. It described a scene in the employers' dining room of a New York hotel where a negro was said to have expending to be in sore financial straits. Few people can afford to pay for the higher priced seats and the moving pleture houses, with their popular prices, are reaping the benefit.

The management of the Reinbardt concern, which controls the three most important Berlin theaters, states that the latest "luxury" tax alone takes more than 20 per cent of the box office receipts.
