

MULTNOMAH BOXER GO TO VICTORIA

Don Smith Likely to Be Portland Club's Entry.

TITLE BOUTS ARE SLATED

Northwest Championships Will Be Held June 17—Big Preparations Are Made.

Edward J. O'Connell, boxing and wrestling instructor of the Multnomah Amateur Athletic club, announced yesterday that the local institution will be represented by one entry in the Pacific northwest boxing championships to be held under the auspices of the Victoria Island Athletic association at Victoria, B. C., on June 17. Don Smith, one of O'Connell's proteges in the 125 class, will probably be the local entry.

Part of the events in the Pacific Northwest association boxing championships were originally scheduled to the Multnomah club, but inasmuch as the Pacific coast tryouts for the Olympic games boxing and wrestling teams will be held here on July 2 and 3, the local club passed up its part of the Pacific Northwest association events in order to have more time to prepare for the bigger event. The Victoria club was more than willing to stage all the events and an agreement was easily reached between the two institutions.

This is the first time the history of amateur boxing that the Pacific Northwest association boxing championships have been held in Victoria and the northern city is making big preparations for entertaining the mitt wielders. Besides the local club's entry there will be boxers from the University of Washington, Seattle Athletic club, Vancouver, B. C., and several of the other northwest cities.

The classes for competition are as follows:

- 108 pounds and under—bantam-weight.
- 115 pounds—featherweight.
- 125 pounds—special.
- 135 pounds—lightweight.
- 145 pounds—welterweight.
- 155 pounds—middleweight.
- 175 pounds and under—light-heavyweight.
- 175 pounds and over—heavyweight.

Gold medals, emblematic of the championships, are to be awarded the winner in each of the weight classes. The winner will be required to weigh in at 6 o'clock on the day of the contests.

Some of the best local amateur boxers and wrestlers are being groomed for the Olympic trials to be held here under the auspices of the Multnomah Amateur Athletic club on June 1 and 2. Instructor O'Connell of the Winged Club has had several new recruits, and for some time and the beginners are just beginning to show the results of his coaching. By the time July 1 rolls around O'Connell expects to have all of his charges in the mat and mitt game in the best of shape, ready to give the wrestlers and boxers of the west a run for their money. There promises to be plenty of competition, as entries are expected from all sections of the country west of the Mississippi river.

The Pacific coast boxing championships will be held this year at the Olympic club, San Francisco, and the date for the event has been set for September 22 and 23. The Multnomah club will be an usual well represented in the event, as it has several other amateur organizations of the coast. Outside of the Olympic tryouts, the Pacific coast boxing championships will be the most important amateur boxing session of the year and glove pushers from the Pacific coast are expected to attend.

The first entries to come in for the tryouts from out-of-town clubs was received yesterday afternoon by Manager Fred L. Carlton of the Multnomah Amateur Athletic club from Los Angeles Athletic club. Three wrestlers and four boxers will be sent north by the southern organization. Among the boxers will be Perquillo, a middleweight, who took second honors in the national boxing championships held at Boston recently. Walter Miller, former middleweight wrestling champion of the world, is the best wrestler among the men at the Los Angeles club, while Dewitt Van Cort, dean of boxing instructors in this country, has charge of the boxers.

BRITISH STAR IN OREGON

SCOTCH WONDER ATHLETE HAS ADOPTED NEW HOME.

John W. Sutherland of Madras Has Astonishing Record in Professional Events.

One of the greatest athletes of all time is at present professor of languages and mathematics in the Union high school at Madras in the person of John W. Sutherland. During the years 1908 to 1912 he was recognized in Britain as a marvelous athlete whose performances have never been approached by a man of his size. Sutherland is only 5 feet 7 inches high, and at the time when he broke records in weight-throwing he weighed only 150 pounds.

The following are a few of his performances in Scotland: Won the championship of the north of Scotland four years in succession. At Torquay in 1911, put a 16-pound shot 45 feet 5 inches and threw a 16-pound hammer (standing style) 119 feet 2 inches. At Halkirk, in 1910, 22-pound shot 38 feet 10 inches, long jump 21 feet 10 inches. At Bower, on August 7, 1912, Sutherland created a record of 48 feet 10 inches with a genuine 16-pound iron shot. This is 14 inches over the previous world's record, and is regarded as a prodigious feat by a man of light weight.

Among other performances by Sutherland are: 17-pound shot, 39 feet 2 inches; 18-pound shot, 43 feet 6 inches; 12-pound shot, 53 feet 9 inches; 16-pound hammer (stiff handle, standing) 121 feet 9 inches (about a foot short of the professional record); 25-pound weight (with 14-inch chain), 85 feet 1 inch; 56-pound weight, 31 feet; long jump, 22 feet 3 inches; pole vault, 10 feet 10 inches. At the age of 17 he created a sensation by winning the championship of the county, putting a 16-pound shot 39 feet and a 22-pound shot 34 feet 1 inch.

PRIZE HORSES COMING

ENTRIES FOR SHOW HERE SOON TO BE ON WAY.

Charles W. Green, Widely Known Horseman of Moberly, Mo., to Act as Judge of Event.

During the coming week the prize horseflesh of the Pacific coast, impelled to Portland by the attraction of the night horse show at Multnomah field, opening June 21, will begin to arrive and occupy the great stables and paddocks erected on the grounds. Among the earlier arrivals will be the string of 18 horses entered by James McCleave of Victoria, B. C., who has telegraphed that he and his mounts will arrive next Wednesday. More than 200 horses of the various classes will appear in the show.

T. F. Strain, manager of the show, announced last night that Professor P. W. Wilson of the University of Nevada and Captain W. F. Sharp of the Corvallis artillery company, have been named as alternate ringmasters, thus answering a query that has been frequently voiced since first the night horse show was announced. The judge will be Charles W. Green, widely-known horseman of Moberly, Mo. He is to arrive on Friday of the coming week.

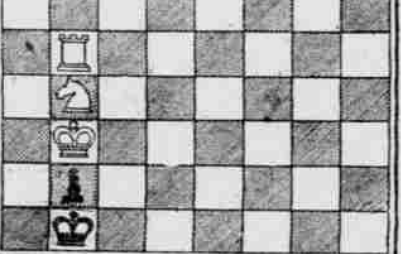

Most of the California entries—and there are many of them—will reach Portland by the middle of the week and will be taken at once to Multnomah field stables. The accommodations for the mounts are complete in every detail, and large supplies of hay and feed await the patrons of the paddock.

ATHLETIC TALENT COMING

AMATEUR OLYMPIC TRYOUTS HERE NEXT MONTH.

All Boxers and Wrestlers Must Compete Here Before Getting Chance in New York.

The best amateur boxing and wrestling talent representing various Olympic clubs and organizations in nine western states will gather in Portland July 1 and 2 for the far western tryouts for the boxing and wrestling teams to be sent to the United States Olympic games. The American Olympic games committee will not permit far western athletes to compete in the finals unless they have participated in their sectional tryouts. This means that all boxers and wrestlers from the states mentioned will have to compete in the tryouts here before they will be given a chance in New York.

An entrance fee of \$1 will be charged and all contestants will be compelled to weigh in at 6 P. M. on each day of tryouts. Entries will close June 26 and all blanks must be turned in by June 27. Entrance fee of \$1.00. Entrance fee of \$1.00. Entrance fee of \$1.00.

The Pacific coast amateur boxing and wrestling tryouts will be held in the commercial club rooms at Walla Walla, Tuesday evening, June 15.

The state associations in the Pacific coast zone are Arizona, California, Idaho, Nevada, Oregon, Utah, Washington, Wyoming and the provisional associations of Alberta and British Columbia.

RAZEE WILL SHOW SKILL

Handicap Committee Prepares for Influx of Noted Shotgun Experts.

WALLA WALLA, Wash., June 12.—Walla Walla will not be the only city holding a crowd-attracting transshipping tournament this month although the Pacific coast zone handicap in that city will be the most important. The directors of the Portland Gun club have planned a special event which will be known as a Shrine shoot for the Everding park traps, and traps they are truly since the club-house was razed to the ground by fire recently, Sunday, June 20. The Shrine shoot will be a 100-target tournament to be shot at under the added bird handicap system and 20 prizes will be offered by the club.

A handicap committee composed of J. S. Crane, A. A. Hoover, E. H. Keller and Frank Templeton has been appointed to prepare the handicap ratings for the coming affair.

Shrine Shoots to Get Chance. As many of the visiting Shriners without doubt be scatter-gun enthusiasts they will have the opportunity to compete in their favorite sport and also get a chance to take home a prize gained in competition during the tournament.

The big feature of the event will be the participation in a big exhibition during the afternoon of Rush Raze, the famous professional shooter, who will be on hand for Shrine shoot at Portland Gun club June 20.

INTERNATIONAL MEET SPEEDILY ARRANGED

Princeton Team to Leave Soon for England.

ALL TO TRAIN TOGETHER

Track and Field Contests Slated for July 5 to 10 in London Under English Rules.

Probably no international sporting event in the history of athletics was more quickly arranged than the Princeton-Cambridge-Oxford track and field meet which is to take place in England. There was not so much of a hint of any such proceedings when the British Oxford-Cambridge combined relay race was held here to compete in the Philadelphia relay races last month. Then the athletes of the two nations met, liked each other and got friendly. Then out of a clear sky came the invitation from the Englishmen, and just as quickly Princeton accepted.

It is startling evidence of the progress of time and events to the hasten of a generation or so ago. Now a team thinks nothing of going half way round the world to compete in an event which will be a few hours at most. In the old days it was something of a trip to invade another state, and since the American athletes of the United States. Considerable preparation was made for an anticipated invasion which amounted to only a few hundred miles.

Long Jumps Frequent. Now football teams make the transcontinental jump from New York to Pasadena to play a football game, trackmen from Stanford and Berkeley, Cal., take a run over to Philadelphia to run 100 yards or jump a score of feet and are back again before one has hardly had time to read about their achievements.

The invitation given Princeton admitted of four options. They had the choice of competing against the combined teams of Oxford and Cambridge, subject to the approval of the Cambridge authorities and which Princeton has accepted, that the discussion be thrown to the Oxford dormitories and will train on the Oxford track with the English athletes.

The Princeton team is due to arrive at Oxford about June 25. The men will begin training for the meet immediately on arrival. The meet will be held some time between July 5 and 10. The Princeton athletes and coaches will be quartered in the Oxford dormitories and will train on the Oxford track with the English athletes.

It is expected that about 16 athletes will compose the Princeton team and they are scheduled to leave for England by the end of the month. The team is one of the best in the country, having defeated both Harvard and Yale in the Princeton track and field meet for first place in the annual intercollegiate meet by Philadelphia which won a second place in the meet.

Your particular attention is called to one of the greatest camp conveniences ever offered the public, in

Hardy's Combination Running Board Box Camp Cook and Dining Table

It holds a complete Camp Cooking Outfit, a gas stove and a dining service and is carried on the running board or in the tonneau of the car. It is convertible in less than two minutes into a camp table with two shelves, and a top measuring 26x30 inches.

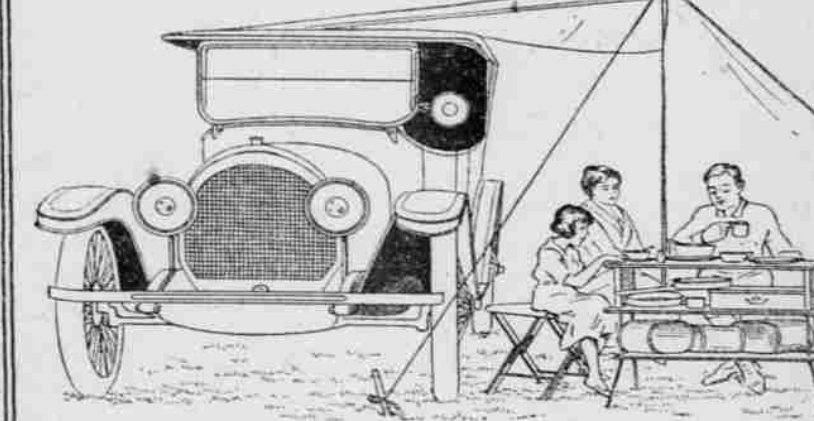

Its use means no more stooping and squatting whilst cooking and the eating of meals. No more campfire for cooking purposes with all its dirt, blinding smoke, blackened camp kettles, half-cooked food, and the hunting of firewood. When the table is in use all kettles and dishes rest on the table or in its two shelves and not on the ground.

It removes one of the "rough" and unsanitary spots in camp-life and makes camping and touring a pleasure. It's what every motorist who tours and camps should own. Call and look it over.
