## ALUMNI CHOOSE OFFICERS

PROPOSED MEMORIAL TOWER TO COST \$40,000.

Decision Reached to Proceed With Foundation of University Clubs in Idaho.

UNIVERSITY OF IDAHO, Moscow, June 12.—W. R. Kjosness of Lewiston was re-elected president of the University of Idaho Alumni association at the annual meeting of that organization. Other officers chosen were: Bennett L. Williams of Boise, first vice-president; James W. Gwin of Kelso, second vice-president; Carl Johnson of Idaho Falls, third vice-president; and Mrs. Mabel M. Price of Moscow, secretary.

President Ernest H. Lindley spoke on the future of the university and Coach Thomas Kelley on Idaho football prospects for the coming season. More than 70 alumni were in attendance.

Among the matters discussed was a proposal to erect on the university campus a memorial tower or campanile honoring Idaho men who gave their lives in the recent war. George Horton reported that the structure contemplated will cost in the neighborhood of \$40,000.

Unanimous approval was given proposals for continuing the alumni section of the "University Herald" and for proceeding aggressively with the organization of university clubs throughout the state.

Plans also were made to present to Boise alumni a large panoramic picture of the university campus, to be placed in the state capitol building.

Resolutions were adopted expressing regret at President Lindley's decision to accept the chancellorship of the University of Kansas.

BANKS BACK LINN BONDS Conditions in Market Will Not Prevent Sale of Road Issue.

ALBANY, Or., June 12.—(Special.)—Unfavorable conditions in the bond market will not interfere with the sale of Linn county road bonds on June 19. The banks of Linn county agreed at a meeting of county bankers in the city yesterday to underwrite the sale of the issue so that road work in the county will not be interrupted.

It was feared that because the bond market is "off" there would be no outside bidders for the bonds, so the local bankers decided to show the issue, selling the bonds later to customers as opportunity offers.

## IRON WILL

That great strength of mind and body, that exhaustless energy, that IRON WILL, that make a millionaire out of a humble clerk, a millionaire out of a penniless immigrant, a Lincoln out of a woodchopper—often come from red blood—rich in iron.

"Do you lack power of decision, energy, and stamina? Are your ambitions greater than your strength? You need not be discouraged," says Dr. James Francis Sullivan, formerly of Bellevue Hospital (Out-door Dept.), New York, and Westchester County Hospital. "By feeding the blood pure organic iron—Nuxated Iron—many a weak, run-down, discouraged man has changed to a red-blooded American, full of force and energy that win success."

Nuxated Iron is used and endorsed by former United States Senators and Members of Congress, and by such world-known men as Paderewski, ex-Premier of Poland. It often increases strength and endurance in two weeks' time.
