

WILSON BELIEVED LIKELY CANDIDATE

Some Senators Say Executive Always Has Had Ambition

RECENT INTERVIEW CITED

President Comes Out of Seclusion Not for State Matters but to Talk to Reporters.

(Continued From First Page.)
But that could be true without assuring Mr. Palmer's nomination, because under a two-thirds rule, democratic convention, any general always carried away by the fact that a candidate holds a majority of the delegates. Champ Clark received a majority of the votes on 23 ballots at Baltimore in 1912, yet Woodrow Wilson with only a handful of support at the beginning became president.

Cox Hardly Tolerable.
In fact, Cox is less to be tolerated than Edwards because as yet the Ohio governor has been a power for the cause. It has been pointed out by Bryan and the Anti-saloon league that Governor Cox has prevented the enactment of a prohibition enforcement act in Ohio in the face of the state having voted dry almost two years ago. The Cox candidacy, however, has for several days been taken far more seriously among democrats here in Washington than any other except the McAdoo boom. The reason is the Harding nomination leads democratic opinion to the conclusion that the best chance of winning is to do as the republicans did, that is, head the ticket with an Ohio man.

Little Prophecy Heard.
Cox undoubtedly can hold many votes that will never go to Palmer because the democratic party will not offend the Plumb plan league and the United Mine Workers if it can be avoided.

It is a noteworthy fact that there is less of prophecy gathering than before the republican meeting in Chicago. The reason is that a large number of prophets in good standing suddenly found themselves out on the end of a limb at Chicago last Friday with a lot of heartless delegates busily engaged in cutting the line of communications.

SINNOTT JOINS IN TOUR

House Appropriations Committee to Visit West's Projects.

OREGONIAN NEWS BUREAU, Washington, June 19.—Representative Sinnott left this afternoon for Chicago to join the house appropriations committee on a tour of the west to include a visit to most of the government reclamation projects.

Before leaving Mr. Sinnott conferred for an hour with Senator Warren G. Harding, republican presidential nominee, on public questions affecting the west. As chairman of the house public lands committee, Mr. Sinnott explained in detail the western problems yet to be worked out by congress by the aid of a friendly executive. Senator Harding again was told that he must bear in mind what irrigation means to 14 states west of the Mississippi and that it would be well to give his views in his letter of acceptance.

NO OIL SEIZURE PLANNED

Admiral Scouts Rumor Circulated in Los Angeles.

LOS ANGELES, Cal., June 19.—A statement that he knew of no intention on the part of the United States navy to land marines at Los Angeles harbor to seize fuel oil from the plant of the General Petroleum company was made early today by Admiral Hugh Rodman, commanding the Pacific fleet, over the telephone from his rooms in a Long Beach, Cal., hotel. A temporary order restraining Commander John Mel from making the oil issue in the United States district court here yesterday, Oscar Lawler, attorney for the General Petroleum company, in a statement last night asserted that officers of the fleet threatened to seize the oil unless it was delivered to them at a price of \$1.11 a barrel.

E. T. WEIS EXONERATED

Confusion in Names Follows Shooting at Dartmouth.

HANOVER, N. H., June 18.—Erwin T. Weis of Hull, Ala., had no connection whatever with the shooting affair at Dartmouth last Wednesday. Through a confusion of names it was stated in the press dispatches that Mr. Weis had been detained as a witness.

The man detained was Crile Nicely Wise of Akron, O. Mr. Weis had not the remotest connection either with the tragedy or the whisky smuggling which led up to it.

More than 10,000 persons a year are killed in automobile accidents in the United States.

Treating Eyestrain

Our Ophthalmometer is one of the most scientific eye-testing instruments in the world. With it we can detect error of vision instantly.

Eyestrain Is Not a Disease

Near-sightedness, far-sightedness, astigmatism and muscular imbalance are corrected without medicine.

A person suffering from eyestrain, who at the same time is enjoying good health, is at a loss to know just what to do. He feels he does not need a physician, but knows that he needs relief.

Many people still speak of near-sightedness, far-sightedness, astigmatism and muscular trouble as though they were some kind of eye disease, but they are no more a disease than a small ear or a large nose.

Eyestrain is caused by a faulty shape or false position of the eyeball, which condition renders vision unsatisfactory or painful, and is relieved by wearing correctly ground glasses.

If you suspect eyestrain you should consult us without delay—our many years' experience is at your disposal—our reputation assures you glasses will not be recommended unless necessary.
