tep Declared Taken as Being in Highest Interest of Harmony Within Party.

KANSAS CITY, Mo., June 26.— ames T. Bradshaw, alternate to Sen-tor James A. Reed as delegate from he 5th Missouri district to the dem-cratic national convention, an-ounced here tonight that he had vol-ntarily turned over his proxy to Senfor Reed and that the latter was emowered to act for him in all matters estaining to the business of the conntion. The democratic national comlitte today had refused to seat Sen-

for Reed as a delegate.

Mr. Bradshaw said he gave the roxy to Senator Reed just before the enator left for San Francisco and aid that he did so "because he hought the highest interests of party armony demanded it."

Mr. Bradshaw declared business

The vote to seat the Georgia Palmer lelegates was unanimous, 49 votes being recorded in their favor with our committeemen absent. The action of the national committee in the leorgia contest carried with it the e-election of Clark Howell as a member of the national committee, his lelegates having selected him at the lime they were named in Georgia. ime they were named in Georgia.

The vote by states on the rejection f Senator Reed's claim to a seat in

On motion of J. Bruce Kremer, Montana, each side was given 30 minutes to present its case. It was expreed that the committee go into executive session to vote on the contents of the actions of the national convention, Mr. Wilson said he has known tests after the public hearing.

H. H. Dean, Gainesville, Ga., opened the Palmer delegates. He explained there was no state law specifically covering presidential preferential primaries and in such absence the rules of the democratic state exceptive committee should prevail. He said the executive committee unanimously agreed that the national delegations are such as the president and the said the executive committee unanimously agreed that the national delegations are such as the said the sa stifically covering presidential preferential primaries and in such absence the rules of the democratic state exceptive committee should prevail. He said the executive committee unanimously agreed that the national delegates should be chosen from among the friends of the delegates who received the largest county unit vote. This agreement, he added, was known to all candidates, was widely published, and none of the presidential candidates objected to it before the primary.

"If I am entitled to my seat, Reed is entitled to his," said Shannon. "In fact, he is more entitled to his seat than I, because I sought the place and he did not."

If the national committee disfranchises the fifth district, he declared, democracy in the fifth district would be injured.

conventions, but would consider the case on its merits.

Mr. Perry argued that the election of the Smith-Watson delegates was egular. They were chosen by the state convention, which, he claimed, was the parent body. The credentials of the anti-Palmer men, he said, were taccurate in stating that these delegates had been elected in pursuance the result of the primary. He cointed out that the credentials of the Smith-Watson men were certified by the chairman of the convention, while the credentials of the opposition delegates were certified by the resetary of the executive committee.

Ex-Senator Hardwick, also opposing the Palmer delegates, declared the state convention was supreme and that the state executive committee as the national ention holds to the national complete.

Mrs. W. W. Martin, a Missouri delegate, also opposed the seating of Senator Reed.

The hearing was about to be declared closed when District Attorney wilson asked for time to reply to attacks made upon Senator Reed for his attitude on the league of nations, in view of the fact that he had confined himself to the records in the case. Time was granted and Mr. Wilson reviewed Senator Reed's record as a democrat, which he said was unimpeachable.

After the hearing closed a motion by E. H. Moore, Ohio, to reconsider the vote by which it was decided to consider the contests in executive session, was lost, 14 yeas to 23 naya.

At the primary A. Mitchell Palmer received 148 votes, Thomas Watson 132 and Hoke Smith 166. Later Mr. Dean said Watson claimed he was not bound by the executive committee's rule and combined with the Smith forces in naming anti-Palmer delegates. Dean claimed that the breutive committee rules under aich the primary was held should prevail.

Opening for the anti-Palmer group, H. Perry, Gainsville, spoke of lark Howeil's long service in the mational committee and of the high regard in which he is held by its members. He spoke of Mr. Howeil's fairness and said he hoped the committee would not be swayed by persenal considerations, but would consider the case on its merits.
