# L.'E. BEAN LEADING FOR HOUSE SPEAKER

OTHERS ARE MENTIONED

Thomas B. Kay, K. K. Kubli Are Also Being Considered.

As matters stand, Louis E. Bean Veteran representative of Lane county, is the leading candidate for speakof the house for the 1921 session of the legislature. How many pledges Mr. Bean has for this position is not known, but the general impression is to the effect that he has a figure not far from the necessary majority, which same is 31.

Senator Lachmund of Marion county Senator Lachmund of Marion county has declared that Mr. Kay will not be a candidate, but admits that he has never received such a positive statement from Mr. Kay, his fellow townsman. Mr. Kay is said to have received a letter offering the support of a Portland paper, but in discussing this tendered assistance with other members of the legislature he is reported as beginning to suspect that such support would be more of a liability than an asset.

Frank Davey of the Marion county delegation does not deem it advisable for Mr. Kay to be a candidate. Mr. Davey argues that he, himself, has served several terms in the legislature and has been speaker, and Mr. Kay is another old hand in the legislature and that with their knowledge.

A handicap which Mr. Kay will have to overcome, in the event of his candidacy, is the fact that the speaker of the 1919 and 1920 sessions was from Marion county. Mr. Kay May Be Candidate.

There is a possibility of Mr. Kay being a candidate for speaker, but if he does announce himself it will be an action prompted outside of Mr. Kay himself. There is no demand for Mr. Kay for speaker among his colleagues of Marion county, albeit they will support him to the last ditch if he enters the contest. The pressure on Mr. Kay to make him a candidate is said to be fostered by some Salem citizens and by certain elements in Portland.

Hold It, Says Physician. It is the men of blood and iron who win whether it be in the gruelling endurance test of a Marathon or in the hard fought Race for Success. The weak, thinblooded men fall by the wayside, their strength and power sapped by Lack of Iron-often at the very moment when the goal seems within reach.

"No man who neglects to fortify his blood with strength-giving, health-building iron can expect other than failure and defeat-he is no match for the strong, red-blooded fellow whose endurance and power knows no bounds," says Dr. H. "Countless numbers of men," he continues, "who started off in life with youthful strength and vigor, determined to win, find themselves today on the verge of a physical and nervous breakdown simply because they failed to keep their blood filled with stamina-building iron. Yet other men go through life apparently possessing, year after year, the clasticity, the strength and the energy of earlier days, for they have within them the never failing source of tourage, confidence and power—pure red blood rich in iron. Their brains are keenly alive, their bodies are fortified with the strength and energy that enables them to take and keep the best the world has to offer.
