"A" City League

Some 42 odd baseball teams affiliated with the Portland Baseball asso clation are taking advantage of July 4 celebrations in near-by towns to get away from the Portland sandlots to clash with out-of-town opponents to-day and tomorrow. Among the near-by cities that will draw heavily upon ocal semi-pro fans for attendance is Hood River.

iti Woolen Milis Co.

This afternoon the league-leading Honeyman Hardware nine will class with the strong Apple Picke 'combination, while tomorrow, as a feature of the July 4 festivities, the Multnomah Guard team will be opponents of the Hood River nine. It is hard to determine which will be the main attraction in the game tomorrow—the two teams or Rev. Billy Sunday, evangelist of world-wide renown and for mer ballplayer, who will umpire. Rev Mr. Sunday, who is at present at Tacoma. Wash, will make the trip from the Tacoma Speedway to Hood River by airplane tomorrow. Fans who have witnessed him in action on the ball diamond say that it is a rare treat to watch his antics as an umpire.

Billy Sunday to Umpire. President Routledge of the Port-land Baseball association wishes to correct a statement that has been circulated of late to the effect that Sun-day will umpire the game between Honeyman and Hood River today, which is not a fact, as he will umpire tomorrow's game only. Danny Sheat will hold the indicator in the contest will hold the indicator in the contest.

Will Pet Rrf. this afternoon. A par: e, band con-cert and open-air boxing bouts will be other features of the celebration at Hood River tomorrow.

A large delegation of guard men are expected to make the trip from Portland to root for their team, while Si Simonsen, secretary of the Port-land Baseball association, will lead a large party of fans from The Dalles Astoria to Get Action.

The Portland Iron Works will Astoria in a double-header at the lower Columbia river city this week end. Today they clash with the Centennials at Astoria, while the gan tomorrow will be played at Seaside.

The Multnomah Guard team wil get in on two celebrations, as they play Hillsboro today, going to Hood River tomorrow. Bill Heales' Kirkpatrick All-Stars are playing a three game series with Biddy Bishop's Sen ators at Salem.

A fast contest is promised in the class AA circuit this afternoon, when Crown Willamette tackles the lengueleading Arleta team on the latter' home field. Among the independen teams playing under P. B. A. book ings the contest between the Knight of Columbus and Eastern & Wester Lumber company promises to be in

Teams in the class A city league and class A-1 circuit are taking to day off, but will resume their regular schedule next Sunday.

The regular weekly meeting of the P. B. A. will be held Tuesday instead of Monday this week. A fine of 25 cents per day will be assessed all managers who fall to turn in box scores of their games at the meeting following the day of the game.

BY HARRY B. SMITH.

AN FRANCISCO, July 3.—(Special.)—I've talked this week with

Another fight club is trying to paper men who have had a chance to see Jack Johnson at close range in Tijuana and to talk with him. One doors last Monday night at Sixteenth Umpires are queer mortals. Some-times they do not know their own ing to me some weeks ago. They say ing to me some weeks ago. They say sion. Reports have it the attendance in good trim, and does not seem to likely to be discouraged. Four fight clubs are running at present and that is quite a sufficiency.

Speedball Hayden, negro scrapper from Arizona, made his first appear ance here last week. He was sent against Steve Daiton. Steve isn't a star boxer, but he can take a lot of beating. That's exactly what he did at the hands of Hayden. The negro looks to have a lot of the tricks of the game, and I doubt very much whether he showed us everything he knows in his first appearance.

It may or it may not be interesting information for the layman to know that Rickard is one sport man. In other words, he is "cuckoo" over boxing. He likes the glove sport just as well as the most rabid baseball fan likes the diamond game. The writer asked him the other day:

"How about other sports, such as asked him the other day:

"Can't say that I do," answered going vessels here 19 months ago and got his fill of a sailor's life. John

decided to go back to the old rule.

It is true that under the old rule there is no ground for argument, but the batter is not getting justice. Many times the ball clears the fence, but when it disappears from view it is foul.

The Pacific Coast league has not gone back to the old rule.

SEZDEK PUPILS IN DEMAND

Frankle Farren made another of his good fights at the Coliseum, when he won about as he pleased from Willie Hunefeld of Los Angeles. Hunefeld has won a number of battles hereabouts, and looked so good they made him a favorite over Farrence.

MOST PICTURESQUE FIGURE Speculation Is Rife as to Age and Other Characteristics of Best Known of Boxing Promoters.

"TEX" RICKARD IS SPORTDOM'S

Cover how old this dynamic ever act age of Rickard, and, besides that, there is little use in trying to discover how old this dynamic ever act age of Rickard, and, besides that, there is little use in trying to discover how old this dynamic ever act age of Rickard, and besides that, there is little use in trying to discover how old this dynamic ever act age of Rickard and besides that, there is little use in trying to discover how old this dynamic ever act age of Rickard and besides that, there is little use in trying to discover how old this dynamic ever active promoter de luxe of the glove-wielding game really is. He's older than he acts and that should be sufficient information on this point for any information on this point for any information of big dynamic ever active promoter of fistic systems.

Rickard. 'I seldom go to a baseball there all get enthus as the cause I don't really get enthus and over he game. Guess I game, because I don't really get enthus and over he game. Guess I game, because I don't really get enthus and over he game. Guess I game, because I don't really get enthus and over the game. Guess I game, because I don't really get enthus and one in division determine the squary root of this area dustant over the same. Guess I find the ready and one in division determine the squary root of this area dustant over the same. Joe, for other and one in division determine the squary root of the squary r GEORGE L. ("TEX") RICKARD, Rickard. "I seldom go to a baseball game, because I don't really get enthusiastic over the game. Guess I could say the same, too, for other sports."

he's not the fellow to "sleep over" to know. capable of doing his thinking while afoot, and last week he gave ample evidence of this in a conversation concerning the possible matching of

concerning the possible matching of World's Heavyweight Champion Jack Dempsey and Georges Carpentier, the champion of Europe.

While "Tex" simply dotes on the cattle business, for he has about the biggest ranch in the world in South America, a ranch on which there are something like 20,000 head of cattle, it would take a great stretch of imagination to make one believe that agination to make one believe that his enthusiasm over the said ranch is stronger than for the boxing game. There isn't the gamble and there isn't the excitement (for Rickard) in the the excitement (for Rickard) in the ranch business that there is in the glove game. And, regardless of all the stories which reach print that. Charles Cochran of London and other promoters of this and other countries are going to pit Dempsey against. Carpentier, one need not be surprised when the time is ripe to learn that the man who is promoting the international world's championship is none national world's championship is none other than "Tex" Rickard.

His Keynote Is Action.

about the man and his way of occu-pying his time. "Tex" has been called a "human dynamo." He's that all sium. right, for he's always speeding at high tension, doesn't sit long enough on one chair to warm it and talks or listens intently. But "action" is the one thing he must have and he does have it in doses larger than the average man is accustomed to take.

If we are it may age he listangering.

18-months' tour.

Racers Soon to Go Through
Complicated Ordeal.

Respectations Are Challenger Will
Be Compelled to Give Time
to Defender:

NEW YORK, July 2.—Just prior to the starting of the first race for the America's cup this month off Sandy Hook. Shamrock IV. the challenger, and the American defender of the historic trophy will be towed to a south Brooklyn shipyard for official measurement. This is a very important feature of the big context and able trouble. Upon the outcome of the measurement will depend the time allowance that will exist between the craft. No one knows what this allowance is going to be, although all who are familiar with the situation state that the challenger will have to give time to the defender.

The effect of it is much like silicing, multiplication and this, and adding their together to make the area of the section, and the historic trophy will be towed to a south Brooklyn shipyard for official measurement. This is a very important feature of the big context and able trouble. Upon the outcome of the measurement will depend the time allowance that will exist between the craft. No one knows what this allowance is going to be, although all who are familiar with the situation state that the challenger will have to give time to the defender.

"Yachts shall be rated for classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the following commits: Is per classification and time allowance according to the foll

"Yachts shall be rated for classi-fication and time allowance accord-ing to the following formula: 18 per cent of the product of length, multi-plied by the square root of sail area, divided by cube root of displacement." Rule Is Complicated.

This is an exceptionally compli-cated rule and one that only yacht designers understand. For the past 30 years in all of America's cup races the measurement of a boat for time allowance has been one-half of the sum of the load-water line length and the square root of sail area. In 1903 and previous years Messrs. Mower and Hyslop simply measured the deck length of a boat, dropped a plumb bob line from each end into the he did something out of the ordinary, water, floated a batten in under the for the list of National league players bow and under the stern, measured on the batten the distance from the parent organization got back to complumb line to the end of the water line, forward and aft, and substracted

water line length, in order to con-stitute the length factor in the calcu-

"Well, I've been thinking that Carpended with the reputation of being the greatest promoter of fistic events in the world seems not to analy Rickard at all. While the thatch which crowns his head isn't as thick as it once was, it is not due to world rying. He's got that way just like many another man.

"He Thinks on His Feet."

"He Thinks on His Feet."

Rickard did not wear the thatch thin by thinking in a short bed, for he's not the fellow to "sleep over" as mighty clever fellow, may be able to keep away from the index of the load-water line will be measured as heretofore and then the quarter beam length will be ascertained. This dimension is used as a corrective for the load-water line and it must not without penalty be more than a certain percentage of the load-water line length. For a boat of 75 feet water line, the dimension fixed by the challenger, this percentage will be algebtly over 1 per cent. Should the visce tripled thrice in games in the senior organization, starring in this dimension is used as a corrective for the load-water line and it must not without penalty be more than a certain percentage of the load-water line and it must not without penalty be more than a certain percentage of the load-water line length. This dimension is used as a corrective for the load-water line and it must not without penalty be more than a certain percentage of the load-water line and it must not without penalty be more than a certain percentage of the load-water line and it must not without penalty be more than a certain percentage of the load-water line and it must not without penalty be more than a certain percentage of the load-water line length. This dimension is used as a corrective to the load-water line should the visual as the proposed that it must not without penalty be more than a certain percentage of the load-water line and it must not without penalty be more than a certain percentage of the load-water line should the virple to tripled thrice in games in the senior of the load-water line should the visu

A. and gained his first knowledge of the art from ad Garlock, who is now associated with Frank Kendall in the management of the Olympic gymna-At that time Garlock

age man is accustomed to take.

It may or it may not be interesting information for the layman to know that Rickard is one sport man. In other words, he is "cuckoo" over boxing. He likes the glove sport just as in the held his own and Eddie was unable the control of the like the glove sport just as the held his own and Eddie was unable the control of the like the glove sport just as the glove sport in a first in the glove sport in a first in the glove sport in the glove s

several more matches, winning them all. He signed up on one of the outgoing vessels here 12 months ago and got his fill of a salior's life. John spent nearly a month in Japan, during which time he appeared in several matches and learned a number of near matches and learned a number of new tricks from the wily sons of the orient. From Japan he went to China, thence to India, and on to Rotterdam Holland. After visiting England and France he set sail for home, touching at New York and New Orleans. Vidahof is weighing around 148 pounds and is in excellent condition. He will train throughout the summer and next winter and plans on making a strong bid for top-notch honors in the wrestling game. Coast Weight Men Show Well.

The performances in the New York track events all through were only mediocre. The times made have been mediocre. The times made have been better in every event in the various Pacific coast A. A. U. championships. In the field events, notably the hammer and 55-pound weight, the New York performances beat anything done on this coast this season. Ryan won the hammer with 170 feet 11 inches and McGrath took second with only 149 feet 11% inches. When we look at J. McEachern's 165 feet and Jack Merchant's 165 feet the coast men are not far behind in the ham-mer event. McEachern is a San Francisco Olympic club man and Mer-chant halis from Marshfield, Or., and student at the University

YOUNG GETS 3 TRIPLES

GIANT BATSMAN NICKS ELLER FOR RECORD STUNT.

National League Pitchers Seldom Free With Long Hits, According to Statistics.

NEW YORK, July 3 .- When Ross Young of the Giants leaped on Hod Eller of the Reds for a trio of triples line, forward and aft, and substracted the sum of these two measurements from the deck length. That gave them the load-water line length. The sail area was measured according to arbitrary methods, but it was assumed to be, and very nearly was, the measurement of the area of the sails. To determine the source root of this area tenth line for pastimers.

be alightly over 91 per cent. Should it exceed this percentage, one-half of the excess will be added to the load-September 22, 1903-Donlin, Cincinnati, against Mitchell of Philadelphia. May 23, 1965—Brain, St. Louis, against Robertaille and Lynch of

lation for rating.
