spectators can be found who will give the same description of the accident The man who gets the most accurate information is the automobile service manager. The damaged car must be taken to the garage for repair and by the time it reaches the shop the driver has had time to cool off and which cannot be negotiated by cars until some time in July.

The roads in the park itself are in unusually good condition. All of the passes have been cleared of snow, except Dunraven, and it was open for traffic June 23. It was necessary this year to clear most of the park unusually good to the park to clear most of the park this year to clear most of the park this year to clear most of the park to clear of discussion immediately following

the accident.

The cause of many accidents, particularly in collisions and other mix-ups between two or more cars, can nearly always be traced to one thing. lack of courtesy by one of the drivers. At least, this is the opinion of S. E. Walcott, service manager of the Northwest Auto company, who makes a hobby of gathering details of accidents that bring cars to him for repairs.

Others Have Rights, Too.

"If all drivers would be as courteous on the city streets or country roads as they are in their own homes

tional forests:

Western Oregon:
Santlam wagon road—Open, Cascadia to Seven-Mile hill cabin; good. Seven-Mile hill cabin; good. Seven-Mile hill to Fish lake, inaccessible for autos. Should be open July 4.

McKenzie highway—Open, Eugene to Alder springs, passable. Alder springs, Eugene to Blue river, good. Blue river to Alder springs, passable. Alder springs to Windr point, closed.

Willamette highway—Engene to Rigdon ranger station, open. Eugene to Oakridge, good. Oakridge to Rigdon, fair, Rigdon to summit, closed, permanenty, Cottage Grove Disston-Lundpark—Open. Cottage Grove to four miles above Disston, good. To Lundpark from here, rough. Crescent City-Port Orford—Open. Brookings to Crescent City, excellent. Brookings to Crescent City, excellent of the Columbia River highway only a few weeks ago when several persons were badly injured.

When another driver condens there would be far fewer accident on the countries. Says Mr. Walcott, who has countries for were minders in courtesy for motor drivers.

"Courtesy in motor driving is the recognition of the rights of put of

"When another driver comes in from a side street give him plenty of room to turn the corner. Do not crowd. When you park behind an-other car remember that its owner may want to move out before you do: give him room to get out. If you expect to stop or turn a corner do not keep your intentions a secret Think of the fellow behind and sig-

capacity. This creamery purchased its first Republic truck three years ago from the Roberts Motor Car company and now has increased its fleet to eight, all Republic trucks.

Popularity Earned in Meritorious Service

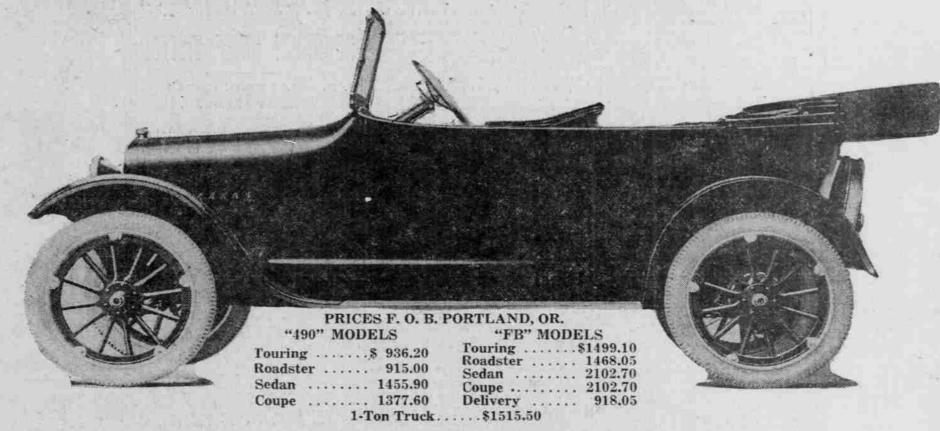

CHEVROLET is certain to be oversold. The very grave question is—will you get yours?

CHEVROLET satisfaction is universal; in all countries, under all conditions, in all branches of light car service, it has more than made good the various promises made by all who have to do with its manufacture, distribution and sale.

CHEVROLET in mileage and years of useful ness holds an enviable place in the worldfield of motor cars—just as in the Pacific Northwest its popularity has been earned wherever it has entered competitive service.

CHEVROLET Four Ninety Model is the lowest priced completely equipped car on the market.

CHEVROLET is manufactured by the General Motors Corporation, which accounts . for its sturdy construction and low selling
