### State Central Committee Organizes.

## COMING CAMPAIGN DISCUSSED

### Stanfield-Chamberlain Race for Senate Viewed.

## PERSONALITIES LEFT OUT

### Contest Is Scheduled as One of Principles—Need of Funds Outlined by Aspirant.

Organization of the republican state central committee was effected yesterday at the Imperial with the re-election of Thomas H. Tongue of Hillsboro as chairman. Under the direction of the state committee, Chairman Tongue was authorized to appoint an executive committee of 21 members, 11 of whom shall be members of the state committee, and ten women. This executive committee will select a treasurer, secretary and publicity manager.

The forenoon and afternoon sessions of the state committee were devoted to discussions of the campaign and the respective merits of the opposing national tickets. There was not a speaker who did not voice his conviction that Harding and Coolidge would carry Oregon in November and would be elected.

### Senatorial Fight Discussed.

Most of the speakers paid particular attention in their remarks to the pending senatorial fight, and Robert N. Stanfield, republican candidate for United States senator, laid down the program that the contest was one of principles and not of personalities. No attack was made on Senator Chamberlain, democratic nominee, but Mr. Stanfield and the other speakers, pointed out that it would be very inconsistent to carry Oregon for the republican nominee for president and vice-president and see the republican candidate for senator defeated by a democrat.

### Stanfield Explains Attitude.

Mr. Stanfield's letter, in part, follows:

"The members of the republican state central committee and the candidates of the party are all entering upon the campaign with the same object in view, namely, the election of the entire republican ticket. Inasmuch as we all start with the same viewpoint, I know you will welcome a frank statement of the conditions which my own candidacy as the party's nominee for the United States senatorship will have to meet.

"Ordinarily, campaigns get under way slowly, especially presidential campaigns. Generally during July and August plans are formulated, bureaus organized, publicity prepared and organization work started, but the real hard work commences about September 1. The reason for this is found in the fact that both parties follow the same general plan, and there is therefore no occasion for one party to speed up its programme when the other party is doing nothing spectacular.

### Campaign at Once Urged.

"The situation is very different, however, in the case of the senatorial campaign in this state. If my candidacy is to make notable headway, an active campaign will have to be undertaken immediately upon your organization. This is necessitated by

## 3 ON MINE RESCUE TEAM DIE IN DRILL

### 2 MORE NEAR DEATH FROM BREATHING GAS FUMES.

### Men Overcome When Abandoned Shaft at Black Diamond, Wash., Is Entered for Practice.

SEATTLE, Wash., July 10.—Three members of the Pacific Coast Coal company's mine rescue team at Black Diamond, Wash., are dead and two others are expected to die as the result of breathing poison gas fumes during a practice drill in an abandoned shaft at Black Diamond shortly before noon today.

The men entered an abandoned mine for practice this morning and when they did not return rescue parties were formed.

The dead are Hugh Hughes, Harry De Winter and James Hudson. Louis McDonald and a man named Parker are in the hospital at Black Diamond, and are not expected to live. James Murphy and Fred Fontin were also overcome by the fumes but are not believed to be in any danger.

Members of the team said that while they knew of the presence of the "black damp" gas in the shaft, they did not believe there was any danger until Hughes and De Winter toppled over. The other men made an effort to drag their comrades to the surface, but they were overcome. The bodies of Hughes and Hudson were recovered but De Winter's was still in the mine at 7 o'clock tonight.

Some years ago a boy wandered into the abandoned shaft while playing, and was killed by the poisonous fumes. Since then it has been kept locked except when rescue teams were practicing there.

## 5000 EVADERS CONVICTED

### 20,000 Alleged Draft Dodgers Yet to Be Considered.

WASHINGTON, July 10.—Five thousand draft evaders have been convicted in federal courts and given sentences of from 30 days to one year in prison, according to reports compiled today at the department of justice. Thirty thousand cases remain to be investigated.

The result of the investigation shows about 10,000 cases of failure to register and an equal number of false questionnaires.

About 25 per cent of the men listed as delinquents were found to have enlisted in the American or allied armies without the knowledge of their local boards. About 40 per cent are accounted for on the score of the floating population. Some 10 per cent are listed in the American or allied armies without the knowledge of their local boards. ## RAILWAY BOUGHT BY FORD

### Purchase Price Said to Involve Deal of \$4,000,000.

DETROIT, Mich., July 10.—Purchase of the Detroit, Toledo & Ironton railway by Henry Ford and his son, Edsel B. Ford, was announced today by E. G. Liebold, secretary to Henry Ford. The purchase price was not disclosed.

Mr. Ford took up negotiations primarily to assure his Detroit factories an adequate fuel supply, but through contemplated extension of terminals, industries generally in Michigan cities are expected to benefit by the deal.

It was said the deal would involve approximately \$4,000,000.

Some 2000 employees of the railroad, Mr. Liebold added, will immediately receive the benefits of the Ford wage bonus plan.

## GERMAN SPEAKER AT SPA REBUKED

### Allies Consider Remarks on Coal Offensive.

## VIOLENT LANGUAGE IS USED

### Military Protocol Declared Hindrance to Output.

## MEN NEED FOOD, IS VIEW

### Operator, Standing in Violation of Conference Custom, Holds Demands Impossible.

SPA, July 10.—(By The Associated Press.)—The allied conference, taking up again today the question of coal deliveries from Germany, at the request of Konstantin Fehrenbach, German chancellor, agreed to hear Hugo Stinnes, the great coal operator, and Otto Hues, president of the German Miners' National association.

Dr. Waller Simons, German foreign minister, said that the men did not represent the German government but he thought it advisable to hear two men so intimately connected with coal production in Germany.

It is the custom of the conference for speakers to remain seated, but Herr Stinnes stood up. He said:

"I stand because I want to look my adversaries in the eye."

### Speech Held Offensive.

This was the opening sentence of what the allied delegates considered a rather offensive speech. Premier Delacroix of Belgium, who presided, on one occasion reminding Stinnes his language was too forceful.

Dr. Simons said afterward to the correspondent he regretted Stinnes had used such violent and aggressive language. Stinnes said in substance:

"The military protocol which the Germans were requested to sign July 7 will increase discontent and disorder in Germany. It will make it more difficult to maintain our coal production and will not help us to increase it."

"It is all very well for you to tell us that we must increase our coal production and deliveries to you increase your own production of the Ruhr. I may tell you that if you should expect by occupation of the Ruhr to obtain more coal than you now do, you would find yourselves mistaken."

## Production Cut Predicted.

"Not only would you not get more coal, but less, because the miners would refuse to work. They are doing now all they can with the meager food with which they are supplied."

"Notwithstanding exhaustion from lack of substantial food, they work three hours extra twice weekly so as to increase production. You gentlemen cannot by an expression of your will merely give an order and increase our coal deliveries. That is why, if practical results are to be obtained, there must be an agreement common to all."

"M. Millerand said yesterday that the Germans were accorded the right to speak as a matter of courtesy. I claim to speak as a matter of right and whoever is not afflicted with the disease of victory—"

### M. Delacroix Interrupts.

Here M. Delacroix interrupted and said:

"The object of this conference is to arrive at a peaceful solution and I must therefore ask Herr Stinnes not to be provocative."

Stinnes, resuming, said:

"This conference is the ear through which Europe should hear the facts. That is why I wish to speak. Without co-operation nothing can be done."

## GENERAL WOOD CALLS ON SENATOR HARDING

### NOMINEE PLANS TO ELEVATE VICE-PRESIDENCY.

### "Chief Partner" to Sit in Cabinet Meetings if Republicans Win Election.

MARION, O., July 10.—Interest in the activities of Senator General Wood, re-elected presidential nominee, was centered in his conference tonight with Major-General Leonard Wood, contestant for the nomination, who called to assure the senator personalty of his support so far as an officer with his duties as an army commander.

General Wood did not reach Marion until nearly 8 P. M. and went directly to the Harding home, where he had dinner with the senator and Mrs. Harding.

This was the first time Senator Harding and General Wood had met since the former's nomination, but the general in a telegram congratulating the senator on his nomination and in a recent conference with National Chairman Will H. Hays had privately pledged his support.

"I had a very pleasant talk with Senator Harding," said a Republican correspondent. "I have no special statement to make tonight, but will give out one in Chicago Monday after I have had time to frame it. I found the senator very generally sympathetic with the policies in which I am interested. I have already come out with my adherence to the party and the nominee. As a republican, I naturally will support the party and nominee."

## MURDERER IS SORRY AND READY TO HANG

### WANDERER SAYS HE LOVED WIFE HE SLEW.

### Killing Made Easy by Experience in Father's Butcher Shop, Declares ex-Soldier.

CHICAGO, July 10.—Carl Wanderer, former army lieutenant, self-confessed slayer of two persons, one of whom was his wife, a pretty choir singer, and the other a man with whom he had plotted to take her life, today was ordered held without bail on a charge of murder by a coroner's jury.

After his confession was read, Wanderer was asked if he had anything to say.

"I have told everything," he said. "I'm ready to hang now."

The ragged stranger whose body has lain unclaimed at the county morgue since the night of the crime, nearly three weeks ago, was declared to be that of Al Watson, former Canadian soldier, who was said to have told acquaintances he was the only son of a New York millionaire turfman.

The identification was made by Mrs. Catherine Vason of Chicago, who said she met Watson in Folkestone, England, while he was a patient at the Manor house hospital. Dispatches from New York said the police recalled that last May an Alexander E. Watson had been reported missing by his wife.

Wanderer today placed blame for the tragedy on his familiarity with firearms in the army, his roving temperament and his association with his father's butcher shop.

"I planned the whole thing in cold blood."

## NEW PARTY FORMS AMID HOT DEBATE

### Liberals and Radicals Argue Voting Basis.

## SINGLE TAXERS TAKE PART

### Campaign Support by 10 or 12 Organizations Expected.

## NAME PROMISES FIGHT

### Prospective Presidential Nominee Also Causes Differences at First Convention.

CHICAGO, July 10.—Foundation stones were laid today for a new party on which to unite all third party movements, when the committee of 48 and the single tax party joined in their first national convention to draft a platform and pick nominees. They hope will win the support of 10 or 12 liberal organizations.

The first day's session, devoted to keynote speeches and organization work, developed as many different nominees as there were factions represented. Rules, resolutions and nominations for permanent officials were debated step by step and at times acrimoniously. Allen McCurdy, the temporary chairman from New York, and J. A. H. Hopkins, head of the committee of 48, who opened the convention, maintained order with difficulty.

## Change in Rules Is Demanded.

Division between the liberal and radical groups was brought out in the rules debate when Sewburne Hale of New York said the state delegations were divided "61 per cent liberal and 49 per cent radical." He pleaded for a change in the rules that would prevent the radicals from being out-voted by the majority liberals, but the majority ruled and his plea was lost.

Participation of the single-taxers in today's convention followed an earlier session, at which they decided to present their platform demands and views on candidates. They were understood to be willing to accept either Charles H. Ingersoll, watch manufacturer, or Amos Pinchot, one of the leaders of the committee of 48, for presidential nominee.

They were opposed, their leaders said, to Senator Robert M. La Follette, the favorite presidential candidate of the 48ers, and may bolt the convention and select their own ticket if La Follette is nominated.

## Single Tax Plank Demanded.

Determination of the single taxers course was declared to be contingent on three things:

First, the platform which they said must include a single tax plank; second, the candidate and third, the name of the party.

The party name promises to develop a fight. Members of the single tax group want more reference to their name incorporated in the party name. The labor party of the United States, whose convention gets under way tomorrow, is willing to join the third party movement and probably will accept La Follette as a candidate, but demands that the word "labor" be included in the party designation.

## 539 Delegates Attend.

As organized today, the committee of 48 convention numbered 539 accredited delegates, with a majority of 270 required to nominate. The 539 included, in addition to the 48ers and single taxers, fraternal delegates from the non-partisan league, triple alliance of the northwest farmers' national council, people's money league,

## FREEDOM TO BE GIVEN FOE ALIENS JULY 15

### ORDER PROVIDES RELEASE OF BONDS AND PAROLES.

### Only Exception Will Be Those Still Considered Menace to Pub- lic Safety.

WASHINGTON, D. C., July 10.—Enemy aliens interned during the war and since released on parole will be given their unrestricted liberty July 15 except in cases of those under suspicion. An order for their release was signed two or three days ago, by Acting Attorney-General Frerizon.

Most of the aliens interned during the war, on their release, were compelled to give bond and subject themselves to the restriction of a parole. Mr. Frerizon said tonight, and inasmuch as a sufficient length of time has now elapsed, all except those still considered a menace to public safety are to be given their full release. Determination as to those to be held under parole will be left to the United States attorneys, in the districts in which the aliens live, Mr. Frerizon said.
