

PICTURES CONTINUE DESPITE WALKOUT

Substitutes Fill Places in Movie Theaters.

BOTH SIDES ARE ADAMANT

Operators Determined to Force Issue, Although Told Demands Cannot Be Filled.

Although the 50 union musicians, operators, stage hands and electricians of the Liberty, Peoples, Columbia, Majestic and Star theaters were called off duty yesterday morning at 10 o'clock, the Portland public saw the new cinema programmes as scheduled for that day.

The union walk-out was ordered by the Theatrical federation of Portland and vicinity for these five houses under the operation of Jensen & Von Herberg as a measure in forcing this firm to comply with the demands of the Tacoma motion-picture operators. Who have asked a rise from six cents to \$1.25 an hour and have been refused by the four houses operated by the same company in Tacoma. The Tacoma operators have been out for two weeks.

Notice that union employees would be called out was served upon C. S. Jensen, Portland resident and senior member of the firm, at 3 o'clock Friday afternoon. During the hours between then and the appointed time enough substitutes were found so that the houses could open and proceed as usual. No change has taken place since the issue of the ultimatum, as the Tacoma operators still demand the operators' request to be one that cannot be fulfilled, and the union men are equally determined to force the issue.

Union Men Return.

Many of the Portland employees affected by the walk-out are still in sympathy with the union action. In several instances union members came to the theaters and asked to be put back at work. It is reported that by opening time this morning the majority of the regular musicians will be in their usual places.

Similar conditions exist in Seattle, Yakima, Everett, Bremerton and Butte, where theaters are conducted under the name of Jensen & Von Herberg. In some of these theaters, as in Portland, controlling interest is not actually in the name of Jensen & Von Herberg, it is said.

Exception is taken by Mr. Jensen to the statement issued to the public yesterday by the Theatrical federation of Portland and vicinity which infers that the Tacoma operators are fired. The sentences carrying this idea are as follows: "The scale was arbitrated and accepted by all the managers in Tacoma except the Jensen & Von Herberg managers, who called their operators and told them their services were no longer wanted and immediately put non-union men to work."

"Firing" is Denied.

In no instance have competent union men been fired, declared Mr. Jensen. Although he has had nothing to do with the actual management of the Tacoma houses, he asserts, he is positive that substitutes were employed only after the managers had found themselves unable to meet the union requests and the union had decided to fight the case.

The statement of the Portland federation is as follows:

On July 1 the Tacoma motion picture operators, who were demanding a smaller scale and worse conditions than the operators in other cities in the northwest, presented to the managers in Tacoma a new wage scale and working conditions that would bring Tacoma up to the standard of the rest of the northwest. This scale was arbitrated and accepted by all the managers in Tacoma except the Jensen & Von Herberg managers, who called their operators and told them their services were no longer wanted and immediately put non-union men to work, thus causing an unfair condition to exist in labor. The musicians therefore could not work under these conditions and were forced out.

The operators in all the northwest cities are members of the International Association of Theatrical Stage Employees' union and the musicians are all members of the American Federation of Musicians. Representatives of these international unions met to settle the differences at the Jensen & Von Herberg in Tacoma, but were unsuccessful, whereupon they issued a call for all operators and musicians working for the Jensen & Von Herberg management in Tacoma, Seattle and Portland to cease work until the differences were settled. This calls out operators, musicians, stage employees, bill posters and engineers working in the above mentioned cities for Jensen & Von Herberg. The arbitration board is now in session in Seattle. In Portland, Jensen & Von Herberg control the Liberty, Columbia, Majestic, Peoples and Star theaters; all other theaters in Portland are fair.

THEATRICAL FEDERATION OF PORTLAND AND VICINITY.

No theaters in Portland save those operated by Jensen and Von Herberg are affected by the strike.

ACT WORRIES GROWERS

Culls May Become Worthless If Volstead Law is Enforced.

HOOD RIVER, Or., July 10.—(Special.)—Applegrowers are watching eagerly the effects that the Volstead Act may have on sales of cull apples. Manufacturers of sweet cider fear that the bill may curtail the sales of the beverage to such extent that cull apples may be a drag on the market. The law is so drastic that manufacturers declare it will be practically impossible to comply with it.

ROYAL ANNES SHIPPED

Hood River Cherry Harvest is Now Well Under Way.

HOOD RIVER, Or., July 11.—(Special.)—With the harvest of Royal Annes, which is being shipped to canners, at the peak, and pickers beginning on black varieties of fruit, indications are that the Hood River cherry crop will be about 85 or 90 per cent of last year, when 10 cars of Bings, Lamberts and Back Republicans were shipped east under refrigeration. The back cherries will be marketed similarly this season.

ROYAL ANNES SHIPPED

Hood River Cherry Harvest is Now Well Under Way.

The yield and quality of the fruit is better than was expected 10 days ago. The cherry crop here, however, is later than everywhere else, the fruit having ripened very slowly. In normal seasons cherries are usually all picked by this time.

THOMAS H. TONGUE JR.

TROOPS MOVE ON PEKIN

WARNING AGAINST FIGHTING REBELS IN CITY IGNORED.

Martial Law is Put Into Effect and Western Gates Are Being Guarded Against Entry.

PEKIN, July 10.—(By the Associated Press.)—Generals Wu Pei Fu and Tsou-Kun today were reported to be moving their forces toward Pekin along the Pekin-Hankow railway in defiance of the warning given by the government by the diplomatic corps here yesterday that in case of an uprising no fighting must take place in Pekin and that the city must not be subjected to bombardment.

General Tuan Chi-Jui, ex-premier, who has been exercising dictatorial powers, has appointed Tuan Chi-Kue, ex-war minister, to be chief of the forces moving to check the advance. Martial law has been put into effect and the western gates of the city were being guarded against the unauthorized entry of troops.

General Tuan Jui's threatening attitude is a result of the government's dismissal of General Hsu Shu Cheng, its resident commissioner for inner Mongolia. He is a leader of the Anfu element, which received a defeat when the appointment of Chow Shumu to the premiership was announced.

275 MARINES ARE AT PEKIN

American Legation Largest of Foreign Forces in China.

WASHINGTON, July 10.—American forces now in Pekin consist of a legion guard of 275 marines, commanded by Colonel Mason Gulick. The 18th infantry, the only American army detachment in China, is at Tien Tsin, about 80 miles from Pekin, and should be brought up to the capital on short notice, officials said today.

No report of a threatened attack on Pekin has reached either the war department or marine corps headquarters.

The American marine guard is the largest at Pekin. The total strength of the entire international force there is estimated at 1400 men. In the event of an attack, this force probably would be commanded by Colonel Gulick.

Japan's guard at Pekin is only slightly smaller than that of the United States, while England's force is the largest. Other countries which have armed guards there are France, Italy, Holland and Belgium.

Besides the American infantry regiment of about 1000 men at Tien Tsin, there are approximately 3300 other foreign troops there, according to information here. They include 1500 Italian, 500 British, 750 Japanese and 700 French.

SCHOOL MERGER DECREED

Two Districts in Clarke County to Be Consolidated.

VANCOUVER, Wash., July 10.—(Special.)—Special elections were held by school districts 9 and 32 yesterday to vote on the question of consolidation.

In Diamond Hill, district No. 32, the vote was 13 for and 19 against, while in La Center, district No. 9, the vote was 16 for and none against, so the two districts will be consolidated. The board of directors of La Center will act as directors until the election of the new board at the end of the school term, March, 1921.

Added Compensation Denied.

SALEM, Or., July 10.—(Special.)—A county treasurer, who by virtue of his office is treasurer of irrigation districts included within his county, is

MR. TONGUE AGAIN HEAD

REPUBLICAN STATE CENTRAL COMMITTEE ORGANIZES.

Stanfield-Chamberlain Fight for Senate Expected to Be Big Campaign Issue in State.

(Continued From First Page.)

The fact that the plan of action outlined in the public press for my opponent's campaign indicates that his campaign has already commenced and that it will be carried on unremittingly until election day. In the face of that situation there remains nothing else for us to do but to follow and start our senatorial campaign without delay.

"I trust your honorable committee will pardon me for speaking thus directly, but I believe you will appreciate the necessity of a frank statement under the circumstances. It is perfectly apparent that if our senatorial campaign is to be launched immediately, then the funds for carrying it on must also be provided without delay. The question naturally intrudes itself: How shall the funds for this purpose be obtained?"

Donations Are Discussed.

"In this connection it may not be generally known that the Oregon state central committee has already received contributions, even to his own party's campaign committee, a greater amount than \$150, or 10 per cent of one year's salary of the office."

"The thought naturally suggests itself that a candidate's friends will contribute to the campaign. In some such cases there is a reluctance to contribute unless, and until, every other method of raising campaign funds has been tried and exhausted. The republican national committee has very properly taken the stand that it will not accept individual contributions in excess of \$1000. On this basis the national committee has already received subscriptions amounting to \$21,500 from republicans of Oregon and \$3500 additional is now being collected, making a total of \$25,000 from the state of Oregon. The total sum now being collected in 48 states is reported on reliable authority to be \$600,000. It is reported that the democrats are engaged in raising a similar fund."

"On June 7, 1920, in Chicago, Colonel William Boyce Thompson of New York, chairman of the republican ways and means committee, which has collected this fund for the national committee, stated in a public interview: 'We want to avoid the necessity for large single contributions, which have a tendency to carry with them in the public mind a suggestion of improper obligations to the giver, and on the suggestion of Will H. Hays and on the authorization of the national committee, a system of decentralized collecting has been devised which we hope, make the financial support of the tremendous task set before Portland in entertaining the thousands of people from all parts of the country who will be here for that big event.'"

A total of 7235 different automobiles were used during the week, according to the report and 36,125 visitors were carried in them over Portland boulevards and highways. The gasoline consumption of the cars so used is estimated as \$9,000 gallons, or more than \$15,000 worth."

36,125 VISITORS CARRIED

\$15,000 Worth of Gasoline Used by Shrine Committee.

Over \$15,000 worth of gasoline was used during Shrine week in taking visitors by automobile over the city boulevards and out the Columbia highway, according to the report of the Shrine committee in charge of this feature of the entertainment. The committee report gives some idea of the tremendous task set before Portland in entertaining the thousands of people from all parts of the country who will be here for that big event. A total of 7235 different automobiles were used during the week, according to the report and 36,125 visitors were carried in them over Portland boulevards and highways. The gasoline consumption of the cars so used is estimated as \$9,000 gallons, or more than \$15,000 worth."

YOUNG RUNAWAYS SOUGHT

Toppish Boy and Girl Missing From Home Since Thursday.

SEATTLE, Wash., July 10.—Mr. and Mrs. W. P. Coleman, fruit growers of Toppish, Wash., today asked the King county sheriff's office for aid in finding their son, William L. Coleman, 17, who, they reported, ran away from home last Thursday. Mary Howe, 17, whose mother lives in Toppish, and who is said to be unknown to the sheriff's office, also is sought. Young Coleman, his parents say, according to the sheriff, drew \$1000 from his savings account before he left home and was traced to Tacoma, where he was refused a marriage license.

Red Cross Wants Magazines.

An offer to purchase a carload of magazines and newspapers has been received by officers of the Portland Red Cross from a paper company. As this quantity is not in the possession of the local Red Cross, anyone having old papers or magazines is urged by Red Cross officials, to notify the offices of the organization. The telephone number is Main 6682.

can president by the election... republican senators and representatives. Resolutions were also adopted congratulating Harding and Coolidge upon their nomination and promising to use every effort in the committee's power to give them the greatest republican majority Oregon has ever given.

Veterans' Relief Advocated.

Resolutions demanding immediate legislation for the relief of returned service men and women were carried unanimously and, after considering the present administration for its policy in dealing with wounded soldiers and inefficiency in handling war risk insurance, the committee pledged the republican candidates for senator and representatives in congress to accomplish the results desired.

Among the speakers were W. Lair Thompson, Charles B. Moore, Dr. T. W. Harris, W. L. Tooze Sr., W. L. Tooze Jr., Mrs. F. O. Northrup, Mrs. Clara French and J. L. Day.

Auto Service Man Released.

Chester E. Gunderson, proprietor of an automobile service establishment at 425 Stark street, was released by Municipal Judge Rosenman yesterday when he appeared to answer to a charge of larceny preferred by Miss Julia McCarthy, who formerly conducted an automobile sales agency at the same address. On a charge of assault, preferred by Miss McCarthy, Gunderson was fined \$10 and payment of the fine was remitted. The trouble arose when Miss McCarthy called at the establishment to obtain some belongings she declared to be hers. She said that Gunderson put her out of the place.

On June 7, 1920, in Chicago, Colonel William Boyce Thompson of New York, chairman of the republican ways and means committee, which has collected this fund for the national committee, stated in a public interview: 'We want to avoid the necessity for large single contributions, which have a tendency to carry with them in the public mind a suggestion of improper obligations to the giver, and on the suggestion of Will H. Hays and on the authorization of the national committee, a system of decentralized collecting has been devised which we hope, make the financial support of the tremendous task set before Portland in entertaining the thousands of people from all parts of the country who will be here for that big event.'"

Third of Fund is Asked.

"According to the foregoing every state will have returned to it by the national committee the whole, or a portion, of the amount contributed by it. Doubtful states will unquestionably receive a larger share of this campaign fund than states that are considered safely republican."

As an active, intensive campaign will have to be made, insofar as the senatorial campaign is concerned, it might be advisable when the state central committee receives its share of this fund, to apportion, say, one-third of that quota to the senatorial campaign. This would make it possible to initiate and conduct our campaign for the senatorship without the delay that might otherwise ensue."

First—An active campaign for the senatorship should be organized and put into action without delay.

Second—The national committee should be called upon to place at the disposal of the state central committee all the money collected by Oregon by the republican ways and means committee, or such portion thereof as may be assigned to Oregon.

Third—Of the amount delegated to Oregon by the national committee, one-third should be made available for use in the senatorial campaign.

Resolutions Are Adopted.

The committee adopted resolutions pledging it to the active support of the republican national state and county ticket and calling the attention of voters to the imperative need of supporting the incoming republicans.
