MONOPOLY CHARGED
IN COAL CARRIERS

Divergent Opinions Given on Present Fuel Situation.

AMENDED ORDER SOUGHT

Preferential Treatment Asked by Public Utilities in Various Sections of Country.

WASHINGTON, July 10.—Widely divergent opinions as to the nation's coal supply were heard by the interstate commerce commission today at its hearing on the advisability of modifying its order requiring preference be given coal mines east of the Mississippi in the assignment of open-top cars. Some witnesses said the country was experiencing the worst coal shortage in its history, while others declared with equal finality that there was no shortage. The commission was asked both to modify its order, originally issued for a 30-day period ending July 21, so as not to give so much of a monopoly on cars to the coal mines, and also to make the order more drastic and continue it for longer than 30 days. There was no indication by the commission of its probable action.

Wisconsin Asks Consideration.

Carl Jackson, member of the Wisconsin railway commission, urged that the commission amend its order so as to give preference to coal mines having contracts to supply Wisconsin, Minnesota, North and South Dakota and northern Michigan. The movement of 4000 cars daily to this territory must be had until November, he asserted, in order to save the territory from freezing.

Agents of public utilities, scattered throughout the eastern part of the country, also asked that preferential treatment be given their companies so that a winter reserve stock might be accumulated in the next few months.

Their contention that a coal shortage exists was the opposite of the testimony given by George H. Cushing, of the American Wholesale Coal association, who said present production was equalling consumption. Mr. Cushing expressed the opinion that a fair price for coal at the mine should be \$5.50 a ton, and John Moore, representing the Ohio miners, added that with an adequate car supply the cost would fall to \$4.

Coal Offered at \$13 a Ton.

Chairman Cushing read into the record a letter written on the stationery of the Reeves Coal & Dock company of Minneapolis, offering to sell coal already on the cars in transit, for \$13 a ton. Mr. Cushing asked his opinion regarding such prices, replied: "That is a matter for the department of justice."

Alarm over the situation because of its effect on Canada was expressed in a letter sent to the commission by M. M. Mahoney, secretary of the Canadian war mission. Declaring that central Canada was short of coal, he said: "Our government is beginning to fear that we may not get sufficient coal to tide over the winter."

"Reduced shipments to Canada this year," the letter adds, "seem to indicate that American producers have neglected the long-established Canadian market to take advantage of the European demand."

COX INTEREST PERSONAL

COUSIN OF NOMINEE'S WIFE LIVES IN TACOMA.

Mrs. Foster Describes Possible First Lady of the Land as a Beautiful Woman.

TACOMA, Wash., July 10.—(Special.)—The nomination of James M. Cox as the democratic candidate for president has attracted attention to a resident in Tacoma, since his wife, who is the daughter of Thomas P. Blair of Chicago, is a cousin of Mrs. Charles A. Foster of Tacoma.

Mrs. Cox is the second wife of the nominee, to whom she was married about three years ago. She was Miss Margaret Blair, and at the time of her social debut was considered one of the most beautiful girls in Chicago. Several noted artists painted some remarkable portraits of her before her marriage to Mr. Cox.

Mrs. Cox was educated at Miss Porter's school at Farmington, Conn., which Mrs. Foster also attended. She was one of the very popular and attractive girls of the school, with a taste for outdoor sports and riding. She was a schoolmate at Farmington of Mrs. Richard T. Sullivan of Tacoma.

Mrs. Foster says that her cousin is essentially a home woman, devoted to her husband and children. She has one child, born during the last year, and the three children of Mr. Cox by his former marriage.

MUSICIANS TO BANQUET

Louis Victor Saar, Composer, to Be Guest of Honor.

Portland musicians and their friends will give a banquet for Louis Victor Saar, a Chicago composer, at 8:30 o'clock tonight in the crystal dining room of the Benson hotel. The toastmaster will be George Wilber Reed, and Mark Vincent Daniels will sing songs composed by Mr. Saar. Reservations for the banquet can be had by telephoning at Edith S. Miller, East 1967, and Miss Eda Trotter, Broadway 1957.

Mountain Air Trips Draw.

BANFF, Alta.—Seaplaning is to be one of the chief sports in the Canadian Pacific Rockies this summer, and guests at the hotel can book their flights to view and snapshot the Rocky mountains from the air. Heavy bookings from tourists on both sides of the line have already been made and many are including a seaplane flight in their reservations.
