Governor Says He Will Make Only One Western Trip: September Likely to Be Date.

DAYTON, O., July 24 .- A change in the place for notification of Governor Cox of his nomination for the presidency by the democrats was taken up today by the governor with local interests. The event may be transferred from the candidate's home, Trail's End, five miles outside of Dayton, to the Montgomery County Fair grounds on the edge of the city. Facilities for the crowds expected August 7 for the notification ceremonies were the moving factors in the

the San Francisco convention. Favorable reports on conditions in Kentucky also were received by the govtoday from Senator Beckham.

"I told the governor that a sweep-ing victory in Kentucky was assured. He promised to make several speeches He promised to make several speeches in the state during the campaign." Governor Cox went "back to the soil" for a few hours today, looking over livestock and other interests on his farm, which he has been com-

pelled to neglect.
Governor Cox said he was considering his itinerary and that it appeared probable that he would make only one western trip, spending most of September in that territory after touring the central and eastern states during August, while Franklin D. Roosevelt, vice-presidential candidate, is in the west. The governor said that in October he probably would deliver some addresses in southern states and the remainder in the central and eastern territory. He said he plans little personal work in Ohio. He said

yesterday by Frieda M. Publos, a SHERIFF AGAIN IN RACE Hearing in the action will be before

Circuit Judge Stapleton at 2 o'clock Clarke County Official on Repub-Monday afternoon.

Mr. Idleman said yesterday that his lican Ticket for Re-election.

Mr. Idleman said yesterday that he wife had been placed in the sanitarium but that it was done to avoid the necessity of a public hearing and commitment to a public institution. She suffers from hallucinations, he asserted, and he exhibited four letters to King George of England which ale had written when he went to see her yesterday. He will present these letters to the court tomorrow.

In the petition it is maintained that Mrs. Idleman is confined in a barred room and not permitted to go out in the air or to walk about the grounds.

Mrs. Idleman was the wife of John Jones of the postal service before her divorce and marriage to Mr. Idleman about 13 years ago.

small matter, but consider it with other features in our "D" Type

SPECIAL BREAKER

Even as the tires on your car, O Motorists, are but a small part of the whole machine, so is the breaker strip to a tire. But its function is as important to the tire as the tires to the machine, for the whole tire is affected by the way in which it does its work.

If you know not the use of the breaker strip, open your ears to my words: Even as the name implies, it is a strip of loosely woven fabric so placed in the tire that it will "break" the mighty blows of the road.

Even as the stone cast into a stream causes a wave to flow in every direction, so does the breaker strip spread the shocks of the road over the tire. A good breaker strip gives mighty battle to those great enemies of your purse: stone bruises and wear and tear; and adds many moons to the life of the tire. The Great Chiefs of my people know how important is the

breaker strip, so they have it woven especially for our mighty "Savage" "D" Type tire, as different from that used in ordinary tires as the sun is different from the moon. Great is the cost of this bit of fabric but it does the work we call upon it to do better than any other that we know of. In your eyes, O Travelers of the Highways, this is but a

and you know another reason why this big, sturdy casing, the pride and joy of our hearts, has been proclaimed in all the land by many of you--- "The best fabric tire on the American market". I SALUTE YOU, O MOTORISTS! LITTLE HEAP HAS SPOKEN.

"Little Heap" as a character is symbolic of The Spreckels "Savage" Tire Company. By birth he is a "Savage"; by adoption, a member of The House of Spreckels. 9 Wise for his years, educated in modern ways and imbued with the spirit of the organization he represents, the little "chief" is an authority on the construction of "Savage" tires and tubes. 9 It is fitting that the sterling qualities and the sturdiness of his race are characteristic, too, of the products with which he is associated.
